# BEFORE ASSEMBLING YOUR DECO WALL SKYLINE

**Please read all the instructions carefully before you begin, and follow the steps in the order they are presented.**

## **Make sure you have all the tools required for assembling your Deco Wall Skyline**

In order to assemble your Deco Wall Skyline safely and correctly, please ensure you have access to the following tools and accessories, all of which are not provided.

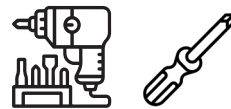

2 Hard hat

2 Protective gloves

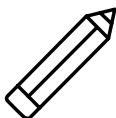

Safety knife

Screwdriver

Hammer drill

Pencil

2 Step ladders

Hammer

## **Check to ensure there are no missing parts:**

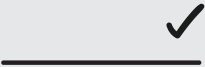

Before you begin assembly, please check that you have all the parts required to assemble your Deco Wall Skyline. Please also carefully check that the quantity of parts match with that of the model you have purchased.

If any parts are missing, please refer **Warranty & Complaints Procedure** to contact customer service before beginning the assembly.

## **Prepare the parts you will need for each step:**

In the **Assembly** section of the manual, each step indicates the necessary parts and quantities required to complete the step. We recommend that you prepare the parts you will need for each assembly step. Doing this will save you time and effort during assembly. If possible, place the parts on cardboard or other soft surface to protect from scratching the painted surfaces.

### Select a suitable location:

The ground should be solid and flat	The ground should be level	The must be positioned and fixed on a properly installed Mirador pergola, which is installed on a flat concrete ground, providing proper stability.
		
		

### Warning:

Most terraces or patios are designed with a slight slope to prevent (rain) water from forming pools or reaching the house or other structures. For the perfect Deco Wall Skyline assembly, a level concrete surface without such a slope is required. Small pebbles could also prevent the Deco Wall Skyline from being safely secured on the ground.

If the Deco Wall Skyline is installed on an uneven surface, it may prevent accessory components from working correctly and may void the product warranty.

### Prepare a foundation:

To prepare it, you need to:

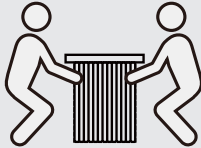

- check for underground pipes and cables (Call 811 before you dig if you live in the USA)
- check with your local authorities regarding any building permits that may be required
- contact a reliable contractor to install a concrete base if you don't have one

Do not assemble the Deco Wall Skyline on sandy, muddy or loose soil, as the stakes do not have the sufficient anchorage to be installed in these types of soil.

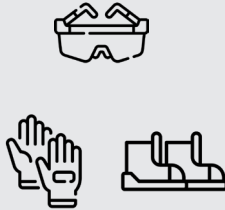

# IMPORTANT SAFETY ADVICE

For the safety of all persons assembling and using the Deco Wall Skyline, it is important to follow the safety guidelines below.

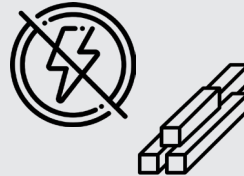

It is recommended that two people lift the deco wall once assembled. Ensure you lift with the correct posture & technique.

Always wear appropriate work shoes, gloves and eye protection when working.

Work well away from power lines, particularly when handling metal parts.

If using power tools or a ladder, always follow the manufacturer's safety instructions.

Make sure the deco wall complies with local building regulatory codes.

Working at heights can be dangerous. Always wear protective clothing to prevent injury in the event of a fall.

Only use ladders and scaffolding with a sufficiently high load bearing capacity.

Do not assemble the deco wall when you find damaged parts or any parts missing. Only use replacement parts that are approved by the manufacturer.

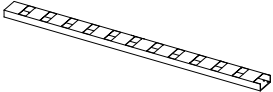

<p>Please recycle packaging where possible.</p>	<p>After prolonged use we recommend you check all the fittings are tightened securely.</p>	<p>Install on non-Mirador branded pergola will void the product warranty and can damage the operation mechanism.</p>	<p>Changes to the design or configuration of equipment may not be made without consulting the manufacturer or authorized representative.</p>
			

<p>Do not attempt to assemble the product if you are tired, or after consuming alcohol.</p>	<p>Hot items such as recently used grills, fire pits etc. must not be stored close to the deco wall.</p>	<p>Keep children and pets away from the assembly area until the work is completed.</p>	<p>Do not attempt to assemble the deco wall in windy or wet conditions.</p>
			

<p>Do not touch moving parts during operation.</p>	<p>Dispose of all plastic bags safely. Keep them out of the reach of children.</p>
