Product Figure

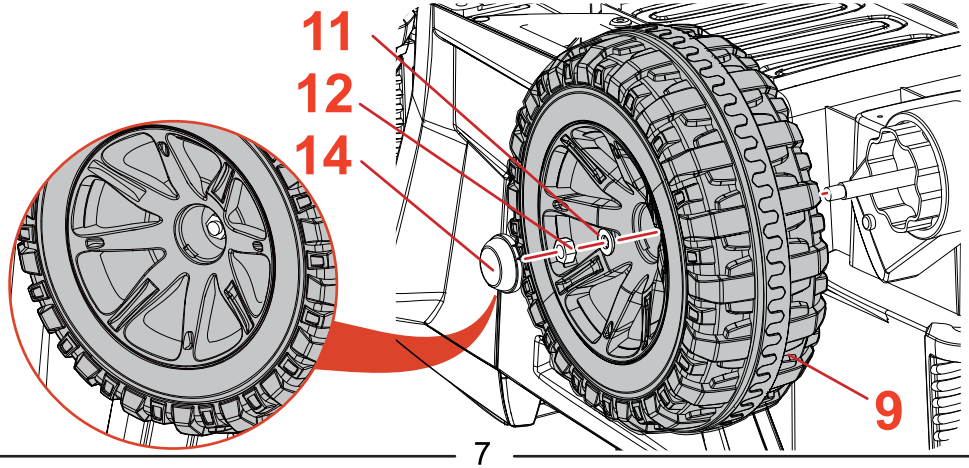

1 Install the Front Wheel

Install in this order: put the M8 gasket(11) into the axle, then install the front wheel (8) on the front axle, next put in another M8 gasket(11) and screw the M8 nut(12). Then cover the wheel cover(14) after tighting the nut. Repeat the above steps for the other front wheel.

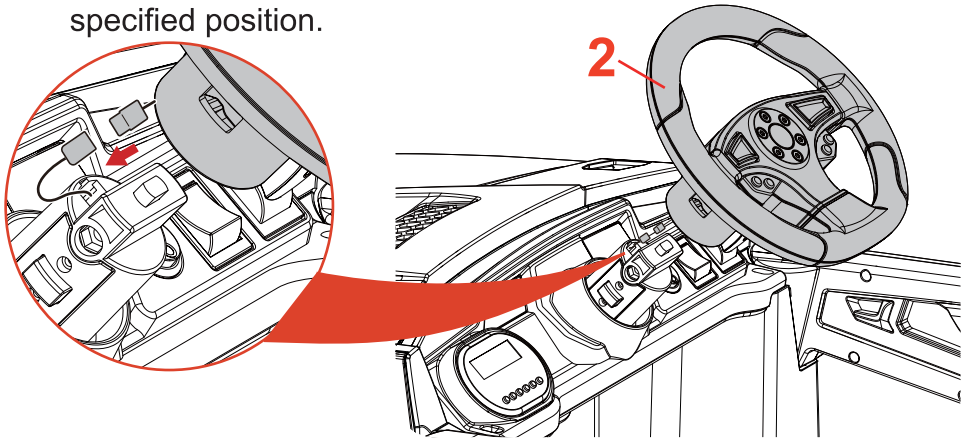

2 Instal the Rear Wheel

Insert the rear wheel (9) into the rear axle and align it with the motor,then put the M8 gasket(11) on it, then tighten the M8 nut(12) with a wrench and cover the wheel cover(14).Repeat the above steps for the other front wheel.

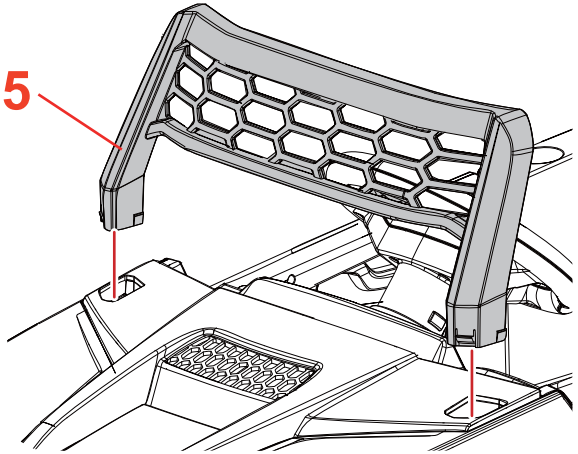

3 Install the Steering Wheel

First connect the wire on the steering wheel (2) with the wire on the body, and then clamp the steering wheel (2) at the specified position.

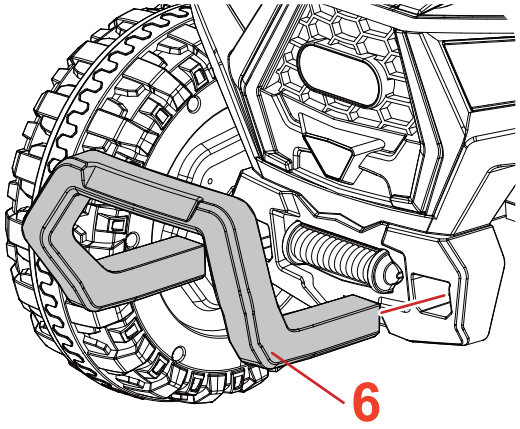

4 Install the Wind Deflector

Insert the wind deflector (5) into the specified position of the vehicle body.

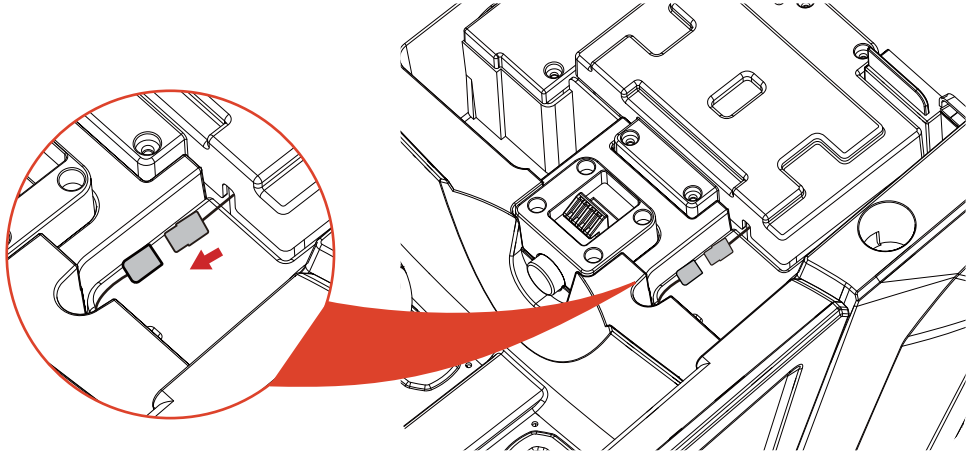

5 Install the Bumper

Insert the bumper (6) into the specified position of the body.

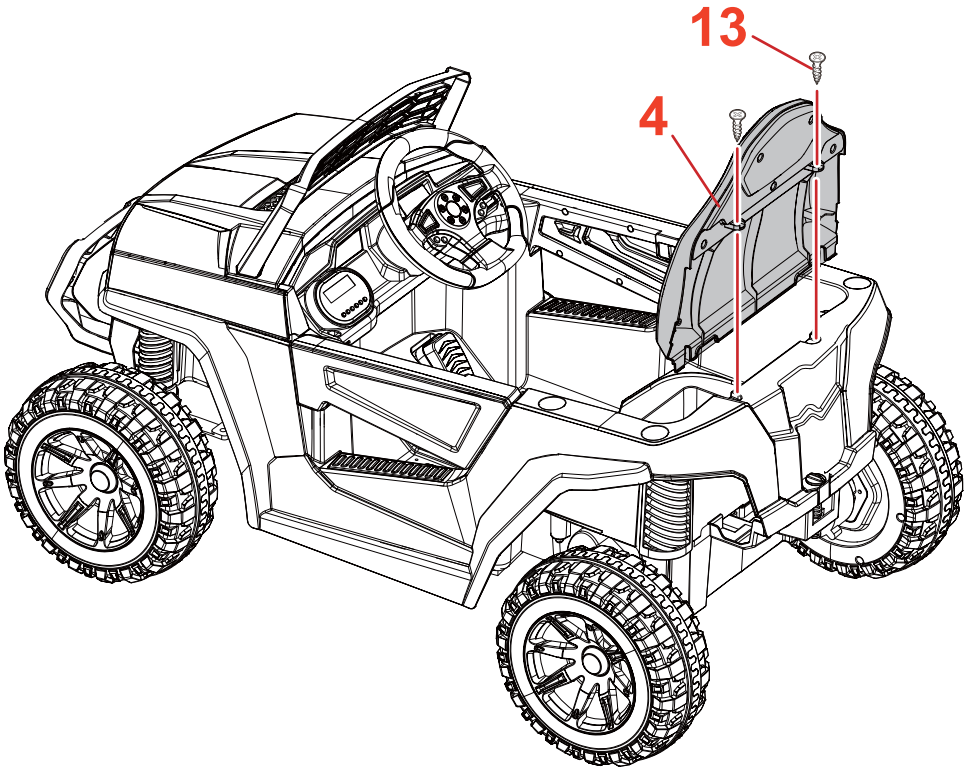

6 Connect the Power Supply

Open the seat and connect the two plugs.

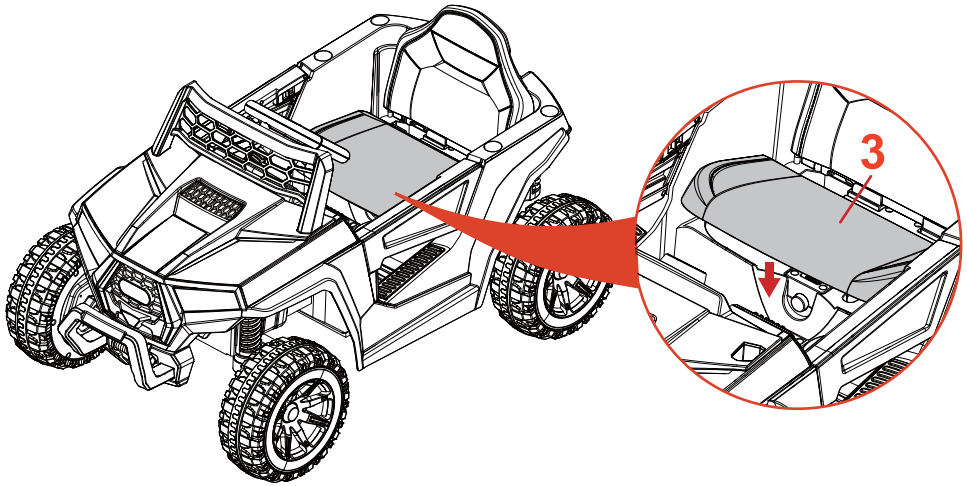

7 Install the Backrest

Insert the backrest (4) into the body and fix it with two 4*12mm screws(13).

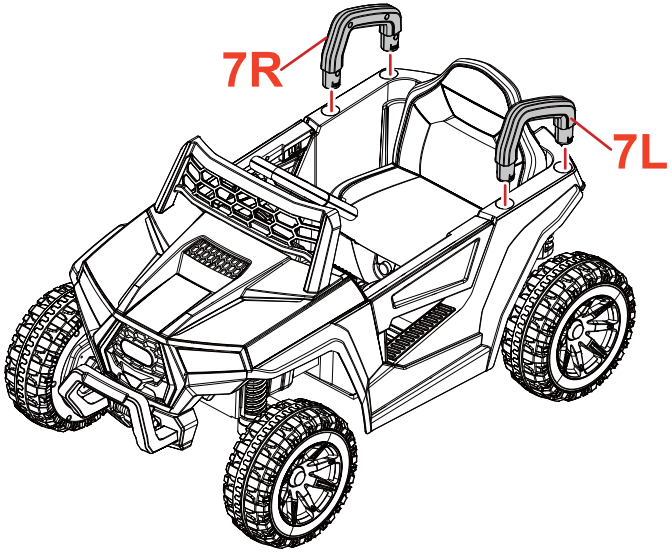

8 Install the Seat

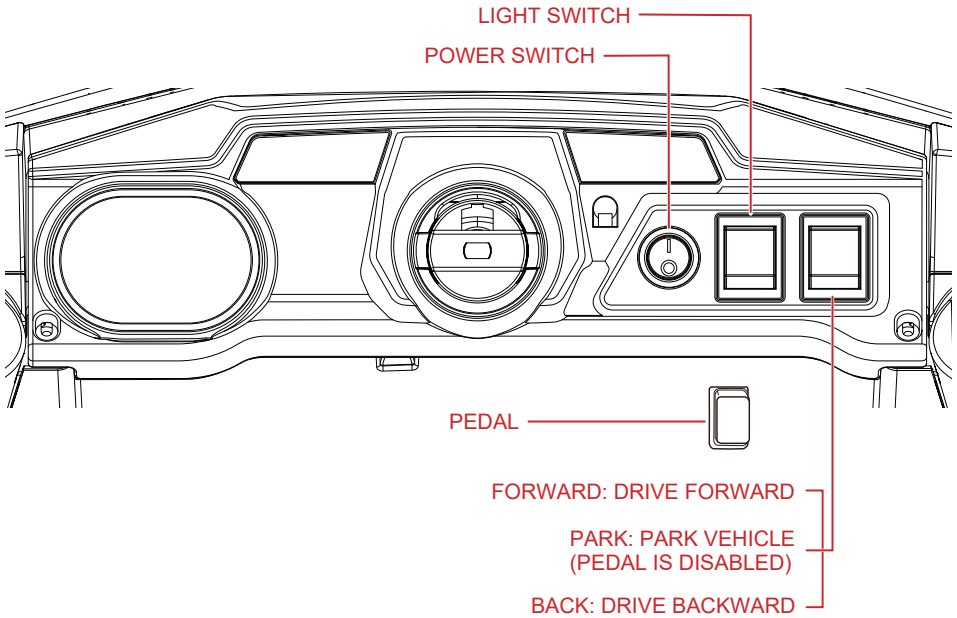

Put the seat (3) into the bottom of the backrest, then lay it flat and insert it into the body.

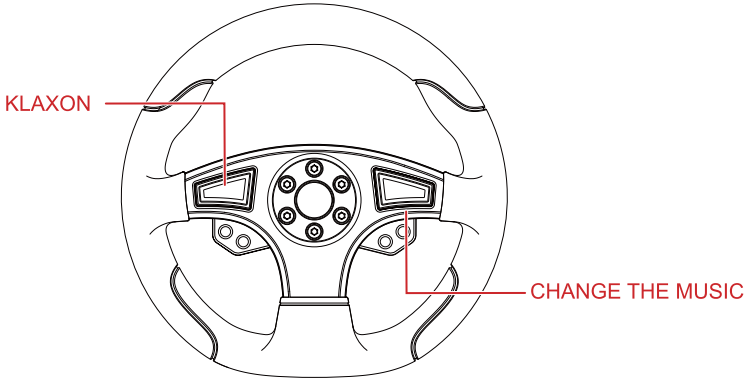

9 Mount the Handrails

Insert the handrails (7) into both sides as shown below.

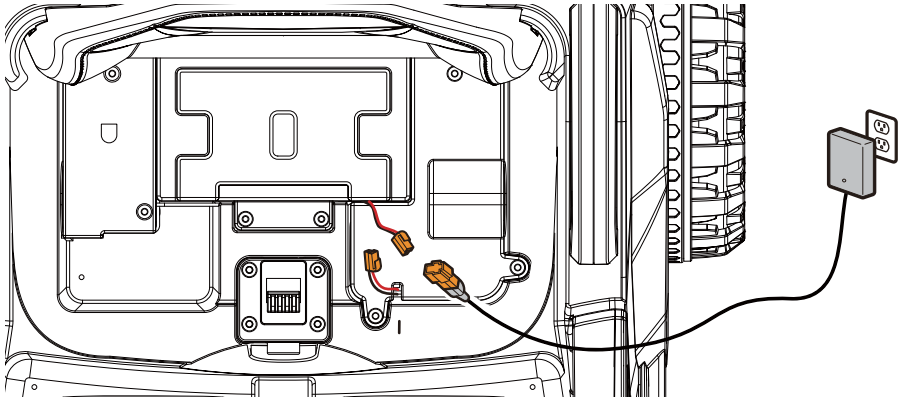

Push down on the pedal to drive forward/reverse. Release the pedal to slow down and stop.

Charge Mode

- **The charging outlet is located under the seat. Plug one end of the part 11 charger into a charging outlet and the other end into a wall outlet.**
- **Charge the battery for at least 12 hours before initial use.**
- **On average, you will need to charge the battery between 10 and 12 hours.**
- **Do not charge the battery for more than 20 hours. Failure to charge the battery as directed could cause permanent damage to the battery and void the warranty.**
- **Damage to the battery may occur if it is allowed to drain completely. Do not allow the battery to drain completely.**
- **Check the battery and charger (supply cord, connector) for wear and damage before charging.**
- **Do not charge the battery if damage has occurred .**
- **Only the adult who has read and understood the safety warnings should handle, charge and recharge the battery.**

Simple Trouble Shooting
