Assembly Preparation

**Before
Beginni
ng
Assemb
ly:**

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Steel wire chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Steel chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

Place the Chair Foot Frame (B) onto a clean, soft surface to avoid any scratches or damages to the product, and then put the Chair Seat And Back (A) upper on the Chair Foot Frame (B).

Step 3

Fix the Chair Foot Frame (B) with Chair Seat And Back (A) by using Bolt (①), Pad(③), Hex Nut (②) use Allen Key(④) and Hex Wrench(⑤). Repeat the previous step and according to four red circles Mounting Position, Repeat the same process by affixing Bolts (①), (②), (③) to designated points, Each of the four red circles above can be assembled first.

DO NOT FULLY TIGHTEN BOLTS.

Step 4

Turn the chair right side up.

Place the chair on a **LEVEL SURFACE**.

Inspect it and make sure all parts are adequately connected then put a fabric cushion on the chair seat.

Gently and gracefully, sit into to the chair.

This would help to align all the parts at all the joint areas.

Then get off the chair, and in a sequential manner, proceed to tighten all screws.

To tighten the Screws at the base of the Backrest, do secure assistance from your adult partner(s).

You may be required to turn the chair, to gain easy access to the secure points.

Turn the chair in a synchronised manner.

CAUTION 1: When tightening these screws, tighten sequentially.

DO NOT tighten any screw fully and then towards the next one.

This would cause the frame to warp.

If there is still wobbles, loosen the screws and execute this same process.

WARNING!! IF CHAIR IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.

Ensure all screws are fully locked into position.

The e chair is ready to be used.

Caution 2: This chair can only be used on a flat, level surface.

Care & Maintenance

-   ● Do not put hot items directly on furniture surface.
 -   ● Do not clean furniture with harsh cleansers or polish.
 -   ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
 -   ● Children should not climb or jump on the furniture.
 -   ● Do not write on furniture without a padded barrier to protect the surface.
 -   ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
 -   ● Not for commercial use. For residential use only.
 -   ● Stains may be removed with mild soap solution and damp cloth.
-
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
