

ASSEMBLY INSTRUCTION

ITEM NO. THKFBV266

IMPORTANT NOTICE

Workspace Safety

Keep the workspace clear of clutter and ensure it's well-lit. A clean, flat surface is essential.

Read Instructions

Read the entire assembly guide before starting. Skipping steps can compromise safety.

Use Proper Tools

Use the tools provided or recommended. Avoid overtightening screws.

Secure Furniture

Anchor tall or heavy furniture to the wall to prevent tipping. This is crucial in homes with children or pets.

Handle Small Parts

Keep small parts away from children and pets to avoid choking hazards.

Get Help

Don't hesitate to ask for help with heavy or complex pieces.

Inspect Regularly

Periodically check for loose screws or wobbly parts and tighten as needed.

Follow these tips for a safe assembly process.

CARE AND CLEANING

Many cleaners contain abrasive and chemical substance which is not suitable for cleaning stainless steel, enamel, plating or plastic products. You may use mild cleansers or soaps to clean the surfaces. Wipe any splashes of cleaner solutions from the surface with a clean soft cloth.

Maintain ventilation in the bathroom and separate the dry area from the damp one if conditions permit. Try to open the door and windows of the bathroom to maintain adequate ventilation.

This cabinet is built to withstand normal bathroom humidity. For best results, keep this vanity dry and take necessary steps to minimize bathroom humidity by opening windows and doors and using the exhaust fan (if available).

To maintain the cabinet door, clean and wipe the door regularly with a soft cloth. Wipe condensation with a dry, soft cloth. Keep away from high temperatures.

Please do not sit, lean or step on the basin cabinet.

ASSEMBLY DIAGRAM

1. Refer to the exploded view below for the approximate location of each component.
2. Each part is labeled for easy identification.
3. Follow the assembly instructions carefully to ensure proper installation.

PRE-ASSEMBLY PREPARATION

Before assembly, place all furniture parts on a soft surface, such as a blanket or the original packaging cardboard, to prevent damage to the floor or components from accidental drops and to avoid scratching the surfaces.

PARTS LIST

No.	Description	QTY	No.	Description	QTY
1		1	11		1
2		1	12		2

Hinge Adjustment Guide

Three-way adjustable hinge for perfectly aligned doors

Sideways/Gap Adjustment

Turning the screw "2" on the hinges of each door allows you to adjust the door to the left or right by a few millimeters.

Forward/Backward Alignment

Loosen screw "1" to adjust the door forward or backward. After adjustment, Tighten screw "1".

Vertical Height Adjustment

Loosen screw "3" to adjust the door up or down. After adjustment, hold the door panel and tighten screw "3".
