Please Read Before Assembly

Read Before Beginning Assembly:

1. Clearing a area: Please assemble in a spacious area near the product's final location, preferably on a carpet or protected surface to safeguard both your floor and the product.
2. Team assembly is recommended: It is recommended that 2 people assemble this product. Having an extra hand can make the process faster and easier.
3. Check for all parts: Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.
4. Read each step carefully: Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.

Caution：

1. Choking Hazard: This product contains small parts. Keep them away from children under 3 years old. Children under 4 years old must be supervised by adults when near the bed.

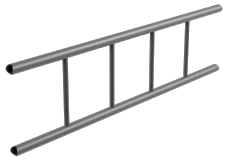

Warranty Information:

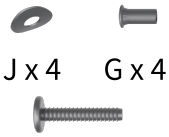

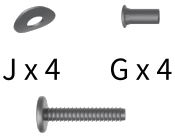

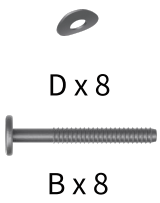

1. This product is warranted against defects in materials and manufacture for 5 years from the purchase date (proof of purchase required).
2. Warranty covers defective parts only. Assembly labor not included.
3. Not valid for misuse, improper assembly, alterations, or unauthorized repairs. No liability for consequential damages where permitted by law.

Notice：

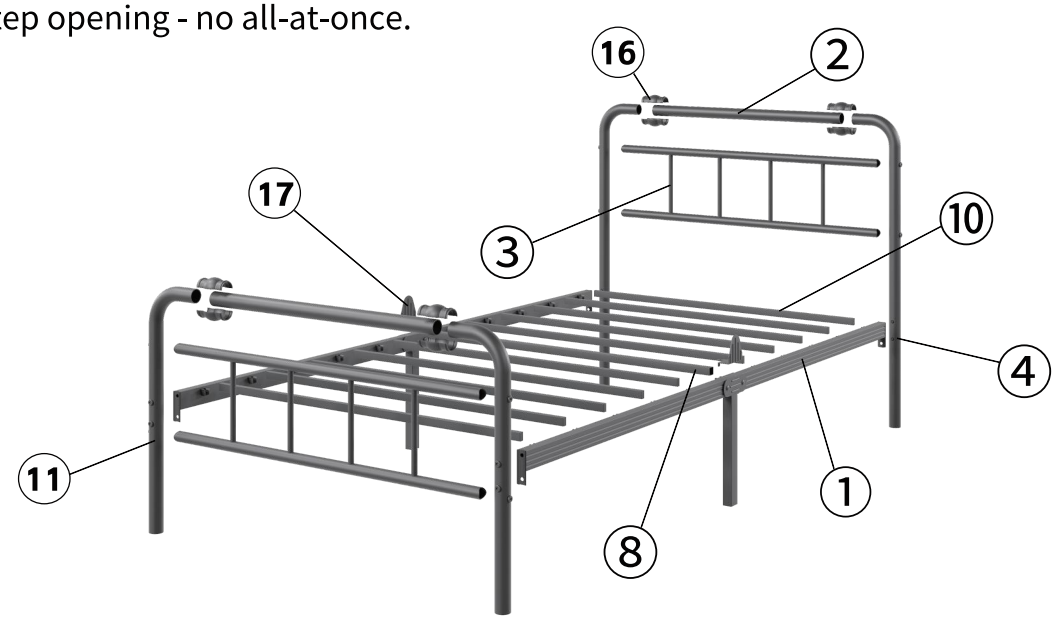

1. Do not jump, roughhouse, or engage in strenuous activities on the bed, as this may cause personal injury or damage to the bed frame.

- In case of missing or damaging parts,please provide your order number and the name of the required part to apply for a replacement.
- Power tools are prohibited forinstallation,as they may cause thread stripping.
- Do not full tighten any screws until the entire assembly is completed. This allows for proper alignment and adjustments during the assembly process.Tightening them allat the end will result in a more stable structure.
