Pre-Lit Wreaths

IMPORTANT SAFETY INSTRUCTIONS

- Do not use seasonal products outdoors unless specified for indoor/outdoor use.
- This seasonal-use product is not intended for permanent use or installation.
- Do not place or mount it near electric or gas fireplaces, heaters, candles or other sources of heat.
- Do not secure the wiring of the product with staples or nails or mount on hooks or nails.
- Unplug the product when leaving the house, retiring at night or if left unattended.
- CAUTION: This is an electrical product; it is not a toy. To avoid risk of fire, burns, injury and
- electric shock, it should NOT be placed near or played with by children.
- Do not hang ornaments or other objects from the light string or wire.
- Do not close windows or doors on the product or cord as this could damage the wire insulation.
- Do not operate the product if the power cord or plug is damaged.
- Use only specified replacement bulbs and fuses.

STORING INSTRUCTIONS

- When not in use, store product in a cool, dry place away from sunlight.

BEFORE

AFTER

Shaping

The product is shipped from the factory with the branch tips compressed into the center. Each branch tip should be shaped into the proper position for a natural look. This will also bring the product to its full advertised size. Attention given to the shaping of the product will result in a beautiful decoration.

Shaping is done by gently grasping the branch tips and spreading them out and away from the center. The BEFORE image shows the product as it looks out of the carton. The AFTER image shows how it should look after shaping.

Assembly Instruction

1. Take out the screws and nuts from the plastic bag, Fig 1.
2. Take out the wreath. Fig 2.
3. Locate the two round holes at the joint of the wreath. Fig 3.
4. Fix the screws. Fig 4.
