How to instal Components

*Minifix is the main connection component used in products. Before starting, please check the below figures

MINIFIX
HEAD

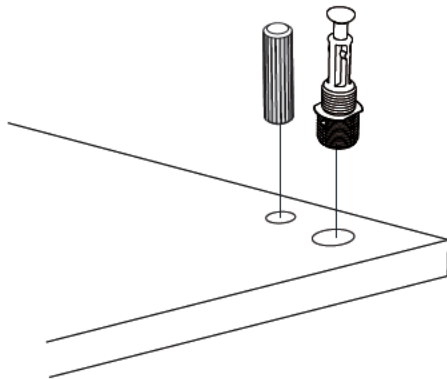

MINIFIX
SCREW

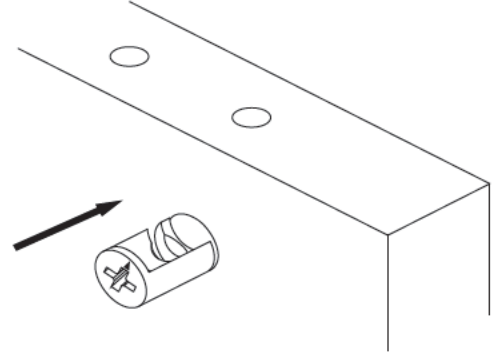

DOWEL

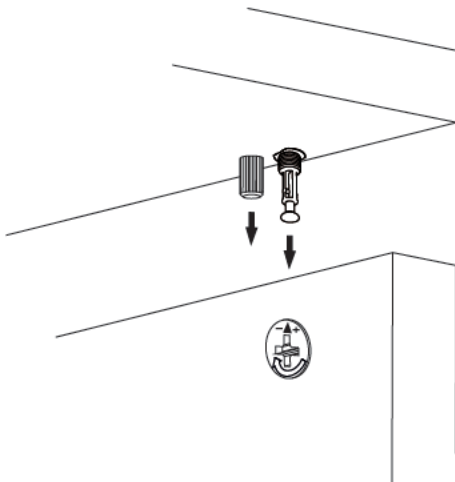

If the dowel is not required during the installation phase, it is not included in the package.

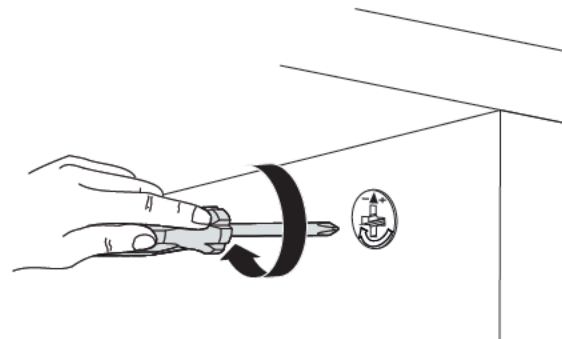

*Please notice that there is an small arrow on A03 (minifix head). This arrow should show the direction of upper hole.

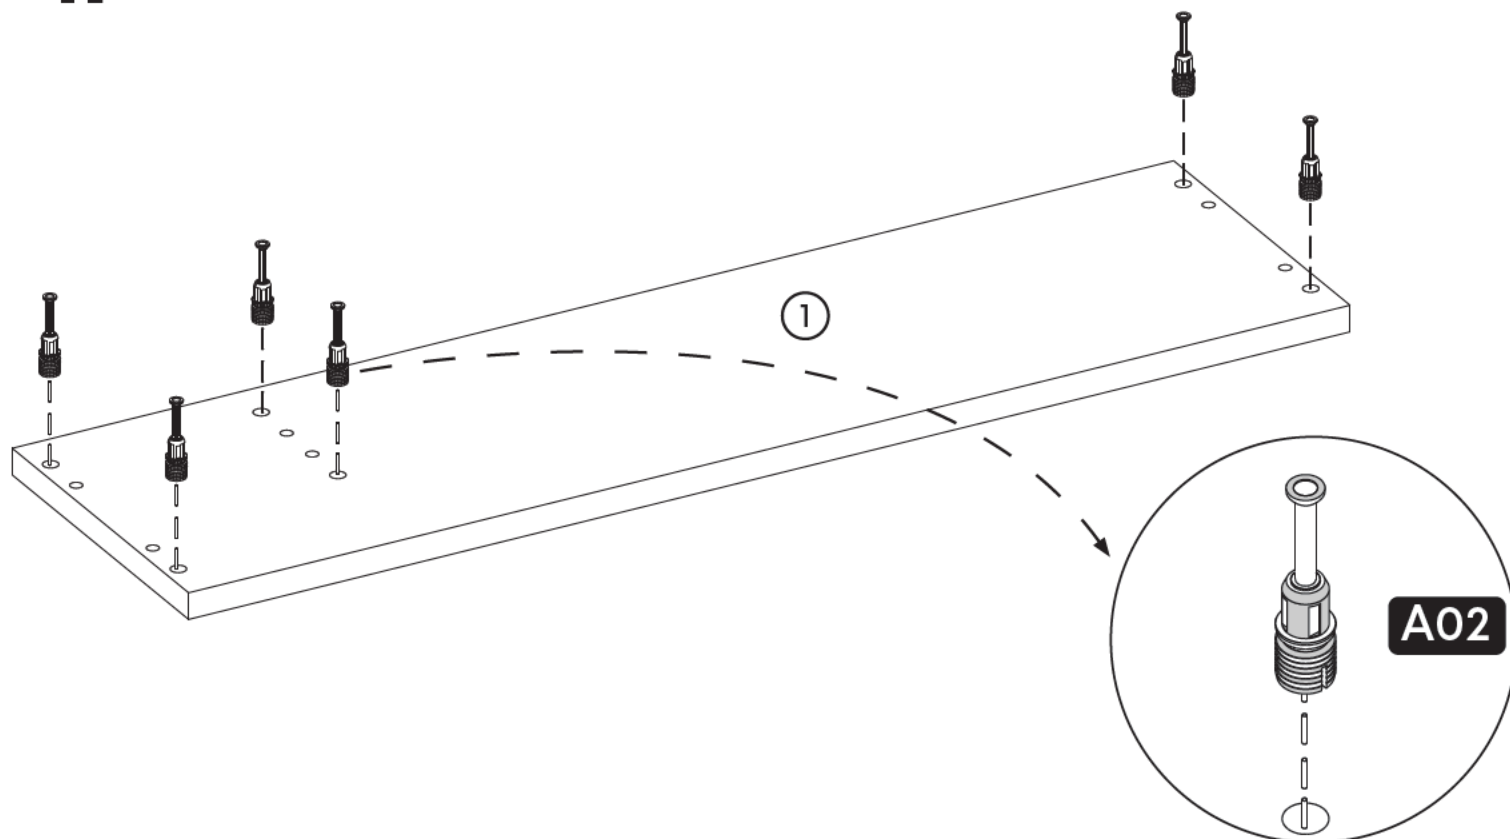

*After attaching two pieces please turn the A03 (minifix head) clockwise direction with the help of a screwdriver.

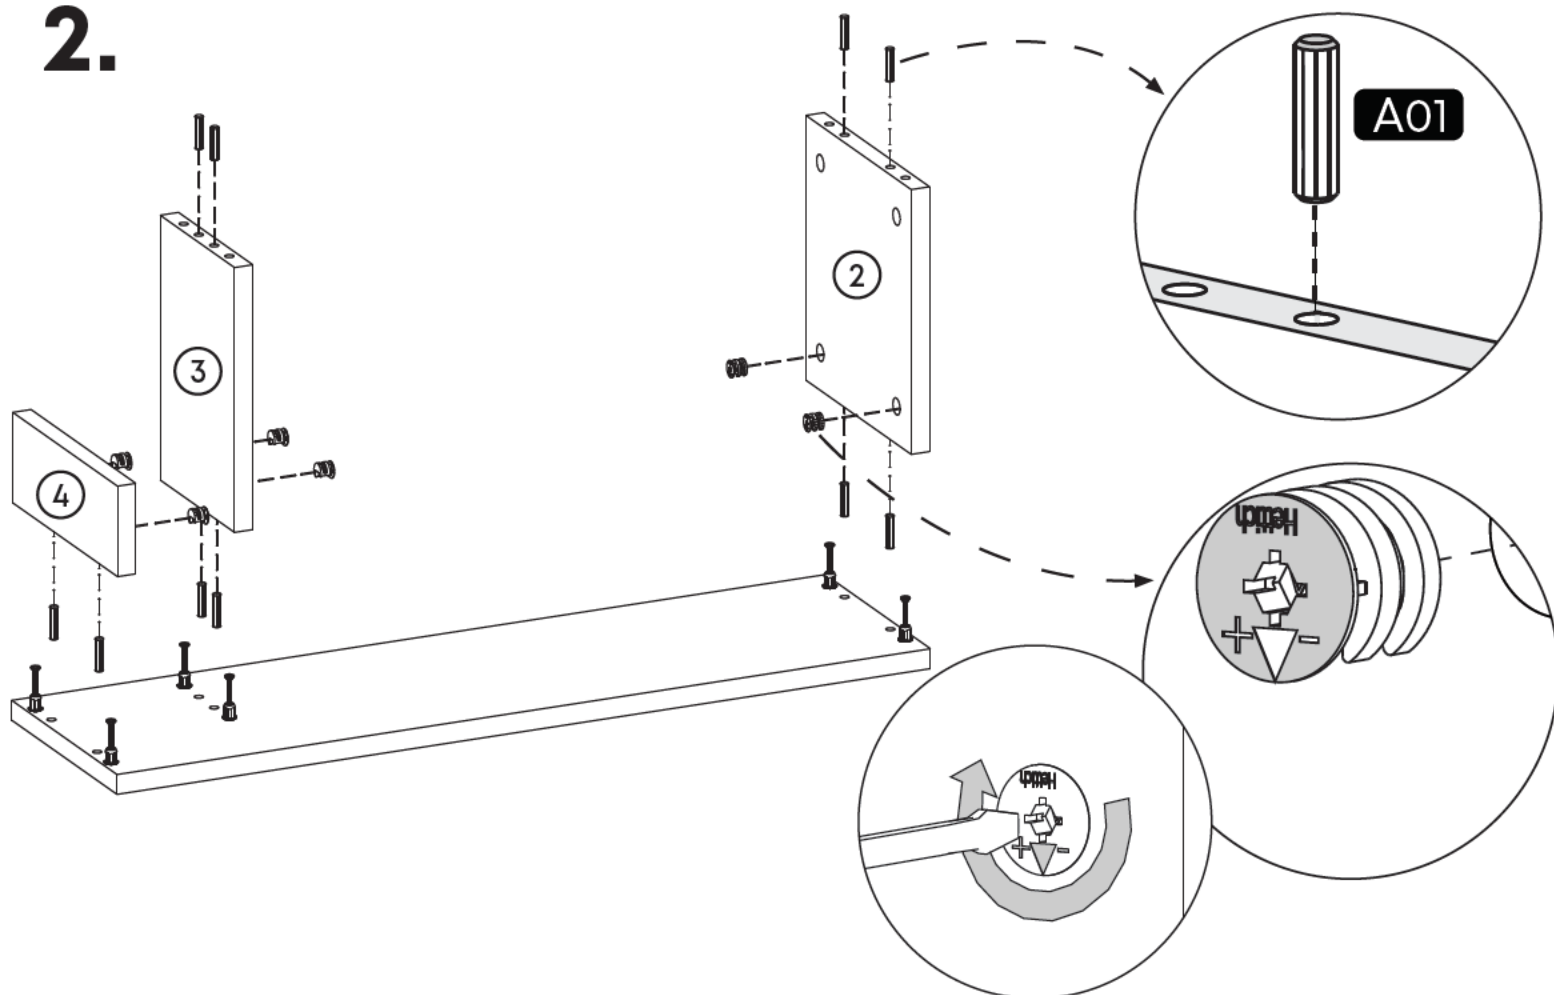

*Please do not over screw the minifix head since it may be broken if too much power is imposed. Just make sure that it is screwed to the direction "+" do not go any further.
