Pull your curtain to one side and gather the fabric at your chosen position. The gathered bundle must fit within the 4.4" × 6" heart opening.

Step 2: Test the Fit

Create a 4.4" × 6" frame with your hands or cardboard to test if your gathered curtain will fit through the heart opening.

Important: The heart opening is the limiting factor. Your gathered curtain must fit within 4.4" × 6" for the stick pin to work properly.
