

# NESTING TABLE

Set of 3

## ASSEMBLY MANUAL

We support the proper recycling of waste materials, and encourage you to properly recycle any leftover or waste materials. Help us preserve the environment for a better WORLD. Thank you for choosing our products.

**Dear Customer,**

**This product has been extensively tested prior to shipment. However, some components may be missing or damaged during transportation. If this happens, please send a request for the missing or damaged parts. Use the included service card to describe the part completely and we will replace the part as quickly as possible. Before assembling, check the included parts list to verify all parts are available. Prior to assembly, clean all components with a damp cloth. Lift the product with a minimum of two people. For longer distances, carry the product while inside the package, if possible. Product surfaces can be easily cleaned with a damp and soapy cloth, or household cleaners. Do not expose the product to direct and extreme heat, cold, or humidity, as this may damage the product.**

# ATTENTION !!!

Before starting assembly, please check the drawings below...

# **WARNING**

## **CHOKING HAZARD**

- This unit contains small parts which could be a choking hazard for small children. Children should be under adult supervision at all times.
- Do not overload the unit. Each shelf has a recommended capacity of 13 pounds, and the total weight on the unit should not exceed 39 pounds for wall shelves.
- Do not climb, step, or stand on the unit.
- Do not mount or attach items to the front, rear, or sides of the unit. This can cause the unit to become unbalanced and fall.
- Do not stack units.
- All units must be secured individually to wall studs using hardware provided. If wall studs are not accessible, consult your local hardware store for appropriate mounting hardware.
- We recommend you hand-tighten screws. Use care not to overtighten if using power tools. Follow proper safety procedures if using power tools and/or ladders.
- We recommend you protect your work surface during assembly to prevent scratching or damage to tabletops, wood floors, etc.
- Failure to follow the instructions listed here could result in bodily injury or damage to personal belongings. Use caution and follow safety procedures.
