Introduction

●Guide to the Manual

Please read the following instruction carefully and use the product properly.

Please keep this manual and hand it over when you transfer the product.

This summary may not include every detail of all variations and all steps.

Please contact us when further information or help is needed.

●Before Starting

Recommend number of people needed for assembly:4-5

Read each section carefully before starting. It is very important that each step is performed in the correct order. If these steps are not followed in sequence, assembly difficulties will occur.

Make sure all parts are included. Most board parts are labeled or stamped on the surface.

Please assemble the product according to the steps on the diagram strictly. Do not fully tighten the screws until all pieces are situated in place.

For continued use, it's suggested you regularly check the tightness of bolts and connections to ensure safety.

Work in a spacious area, preferably on a carpet, near where the unit will be placed .

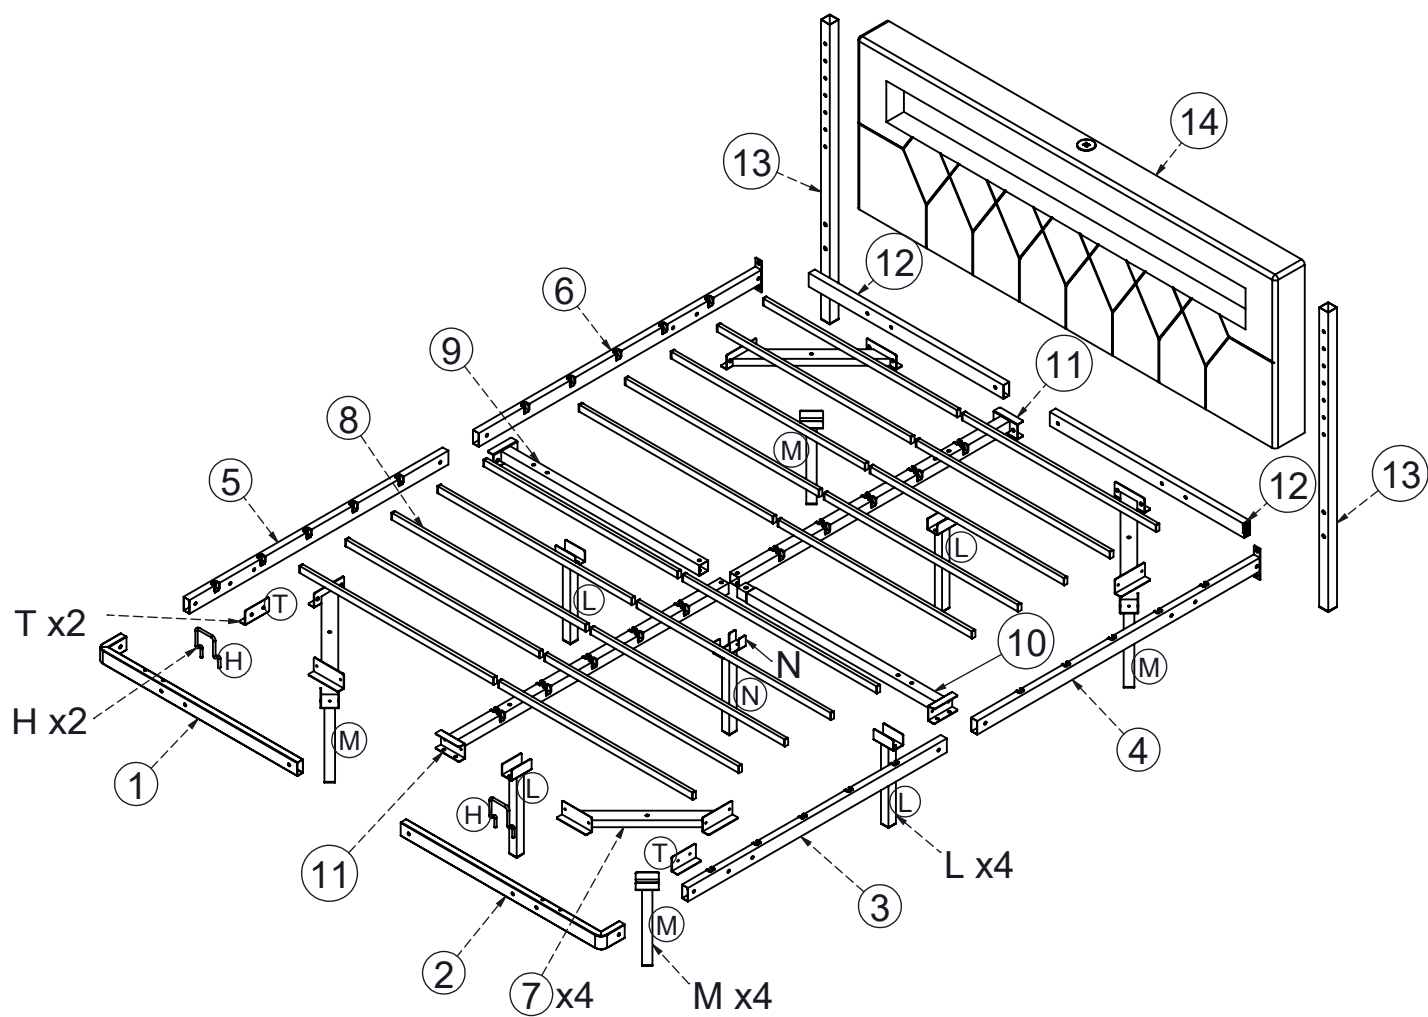

●Warning

Keep all accessories and packaging away from babies, children, and pets as they can pose potential hazards.

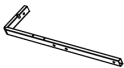

The unit contains small parts which could be a choking hazard for small children. Children should be under adult supervision at all times or serious injury could occur.

Do not put the product in a humid environment for a long time to prevent mildew. Keep the product away from sharp objects and corrosive chemicals to avoid damage.

Part List 1

COMPONENTS

NO.	DESCRIPTION		DIMENSION	QTY
