Parts

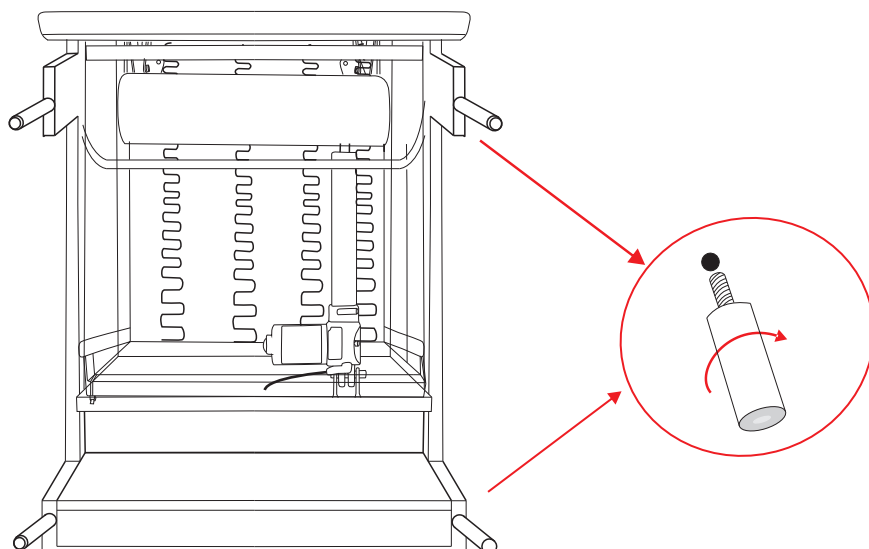

Before you begin

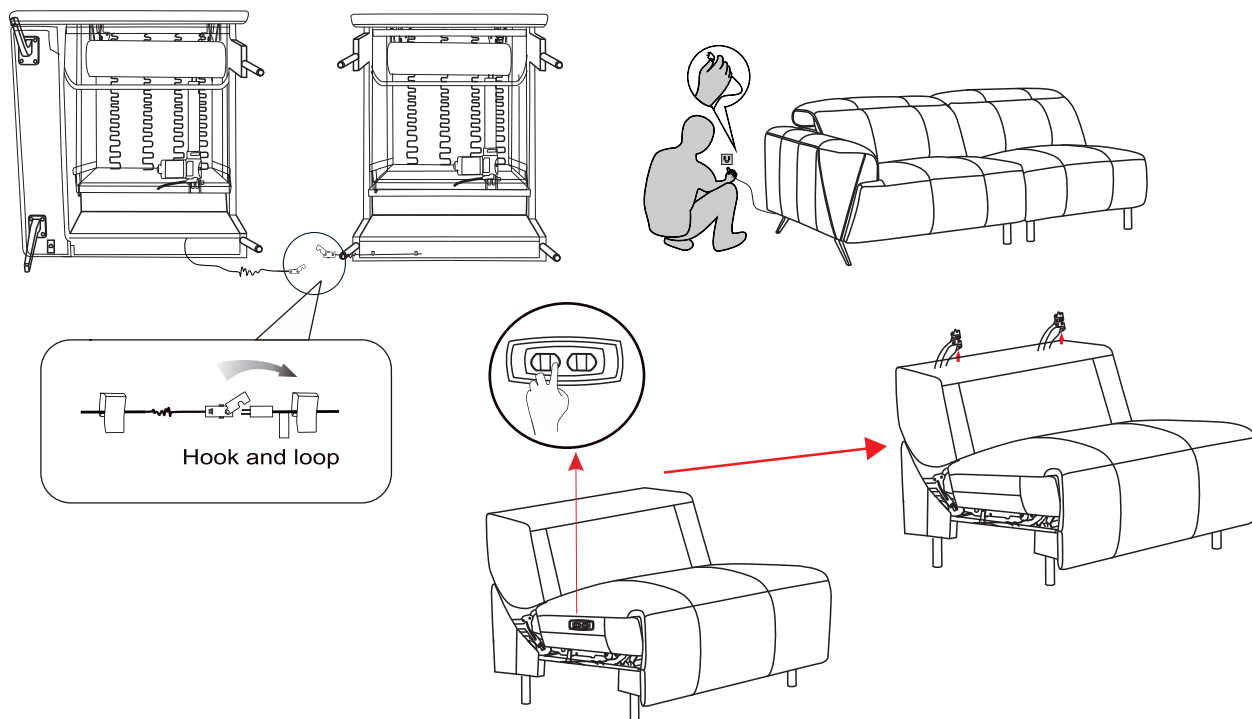

Locate the Plastic Legs (C) at the bottom of the Power Armless Chair Seat. Then remove the disposable shipping protective feet.

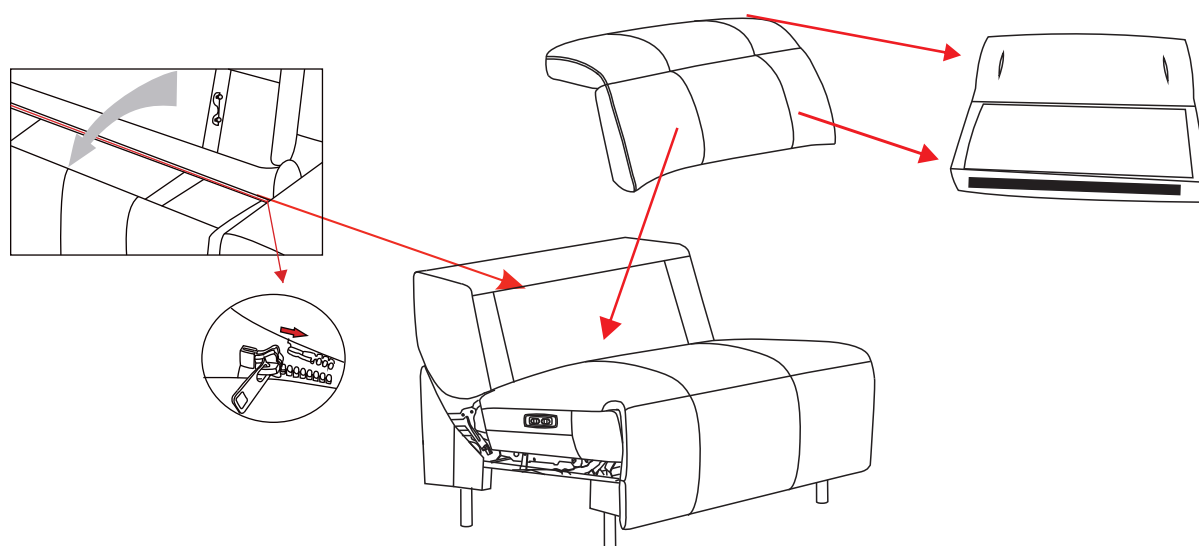

Step 1: Tip over the Power Armless Chair, As shown in the figure, align the plastic legs with the holes and tighten them.

Step 2: As shown in the figure, connect to the left or right side and then plug in the power supply (it is recommended to read the manual for the power left / right chair first). Then press the "Headrest open" button on the remote until the headrest hinge mechanism is fully upright.

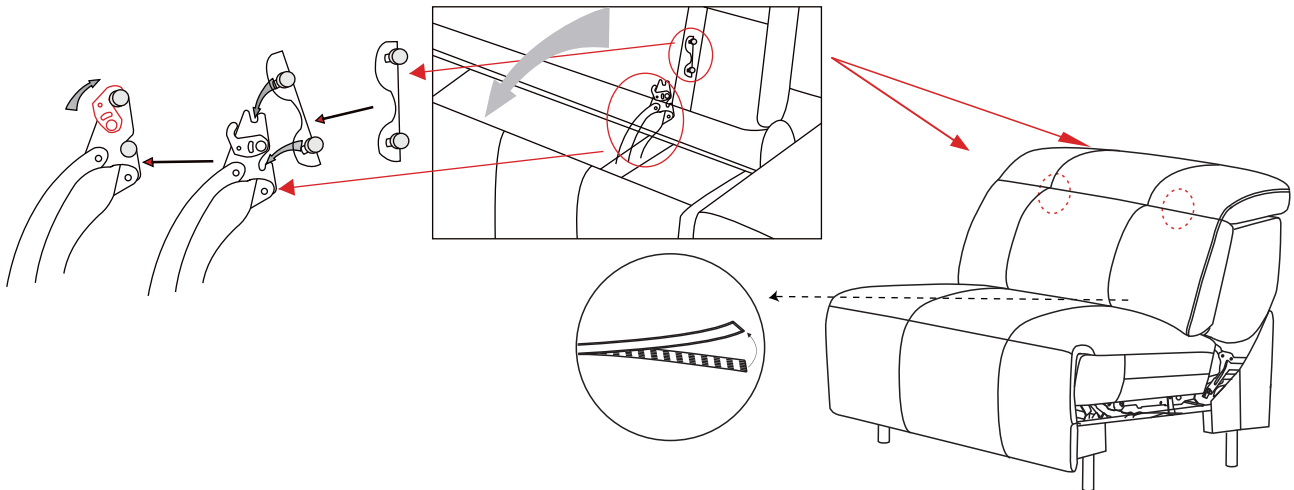

Step 3: As shown in the figure, place the back cushion on the seat, then zip up the zipper.

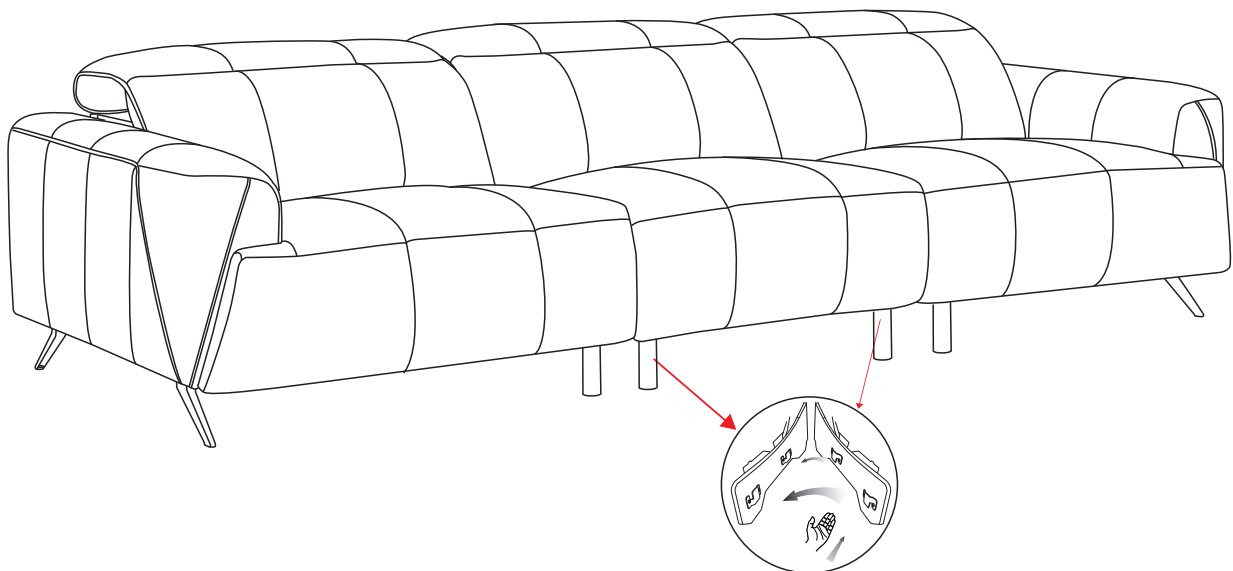

Step 4: Snap the metal part of the headrest into the raised hinge, ensuring it is firmly locked in place, as illustrated in the figure. Then attach the hook-and-loop strips (Velcro®-type) to the underside of the back frame.

Note: If the headrests are at different angles when opened and used after installation, it indicates that one of the headrests is not properly installed.

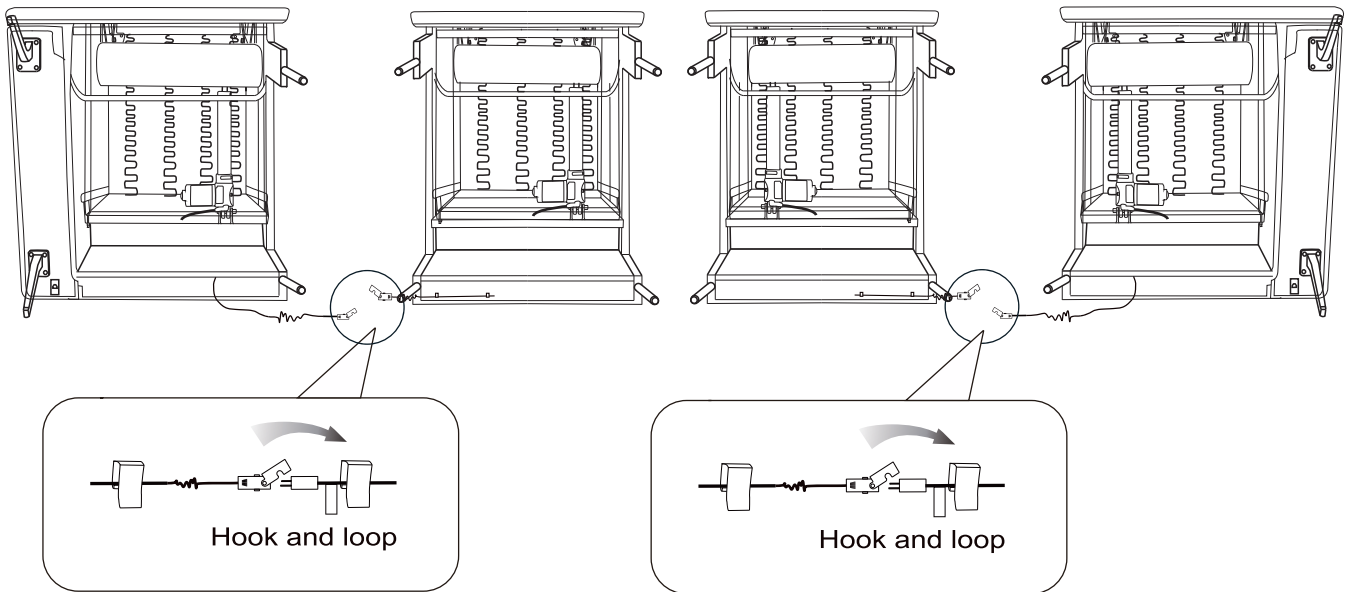

How to Connect

Step 1: Lift the side of the sofa with the protruding side brackets, insert it into the side slots on the opposite side, to lock them into place.

Step 2: For Power Armless Chair, connect the wires piece by piece.

Step 3: Plug the power cord of either the left or right power armchair into the power outlet.

Note: After all the connections are made, the green LED will be lit up.
