ASSEMBLY INSTRUCTIONS

Before assembling, prepare the necessary tools.

Place all parts on a soft, clean and flat surface such as a carpet to prevent scratches.

The illustration on this guide shows how many people needed for assembly. However, we guarantee that it is more fun when you share this experience with a friend even if you are skilled in furniture assembly.

It is always a good idea to make sure your product is stable on a flat surface.

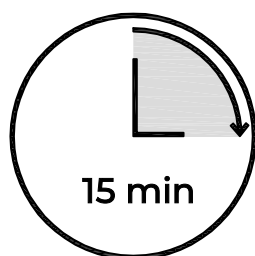

Care: Gently wipe down with a damp, non-abrasive cloth using mild soap and water.

HOW TO BUILD

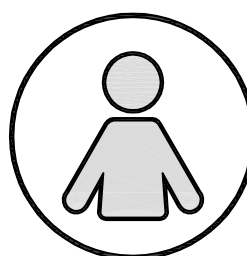

Please scan the QR Code for the assembly video.
Alternatively, you can visit
