

Assembly

1

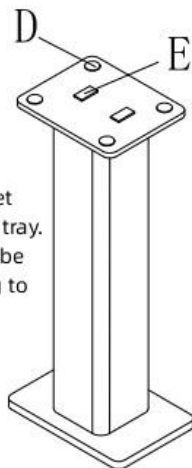

The thick one is the base.
The marked side is
the screw entrance.
It is recommended
that you assemble
it by putting the screws
through the base and then
tightening the screws
against the small holes
in the post body.

2

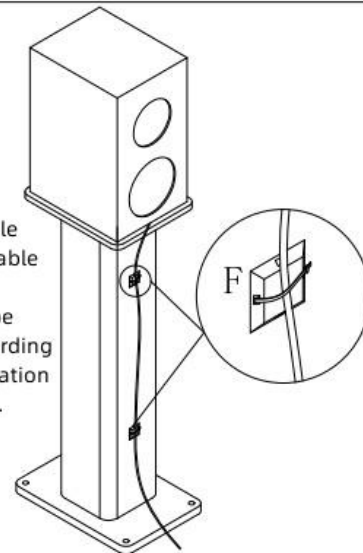

The thin one is the tray.
The marked side is
the screw entrance.
It is recommended
that you assemble it
by putting the screws
through the tray and
then tightening the screws
against the small holes
in the post body.

3

Attach the non-slip feet
and fixing pads to the tray.
(Small giveaways can be
used or not, according to
the customer's actual
situation) .

4

Tie the audio cable
tightly with the cable
clamp.
(Small gifts can be
used or not, according
to the actual situation
of the customer) .
