Trim Diagram

Form # TD-1604

Trimming Instructions:

Start with letter "A" and work through crystal in alphabetical order. Attach crystal to the corresponding points on frame.

Use finger cots provided to keep crystal clean.

To clean crystal simply wipe with a soft cloth.

Hint: Using white cotton gloves works very well.

Hang crystal with the flat side of metal clip facing out.

Please be sure to TEST ALL SOCKETS BEFORE you begin to hang the crystal.

Note:

Some holes may already contain pins, this is done as a courtesy as some pins may be difficult to insert. Should you find pins in the frame do not remove them, remove the pin from the crystal component and attach the component to the existing pin.
