

Placemat Care Instructions Placemats Wash/Rinse/Sanitize Practices and Procedures

1. After each use remove mat from surface after clearing plates & silverware/chopsticks.
2. Shake off loose debris.
- 3 . Using a moistened cloth, wipe down both sides of the mat making certain all visible solids are removed.
4. Heavily soiled mats may need to be pre-rinsed in the sink before repeating step two & step three. **DO NOT RUN THROUGH A DISH WASHER.**
5. Stack cleaned and sanitized mats to air dry.
6. Dried mats are ready for re-use.
7. Do not dishwash the mats.

Please note: Do not cut or pull any loose strands. Strands must be resealed simply by using a match or lighter. Hold flame briefly to the strand and this will reseal it. Repeat as needed.
