		<p>F Level</p> <p>x 1</p>	<p>G Cap Sheet</p> <p>x 3</p>		

1

Step 1: For each step the arrow needs to be facing up. Place wall mount (A) against wall where you want the floating shelves to hang. Mark each hole with a pencil.

2

Step 2: Drill holes into all the marked areas with the twist drill bit. Then put all wall anchors (C) into the holes with a plus bit.

3

Make sure the arrow is facing up and the holes on rod are facing down.

Step 3: Insert wall screws (D) through wall mount (A) and into placed wall anchors (C) and secure with screwdriver (H).

4

Make sure the holes on the bottom of the shelf are facing down.

Step 4: Slide shelf (B) into wall mount (A) ends.

5

Step 5: Insert shelf screws (E) and caps (G) from underneath the shelf. Make sure shelf is secure before use. Repeat with all shelves. Add your favorite decorative item(s) and enjoy!
