Base Type: GU10

Light Source Included: No

Voltage: 120VAC

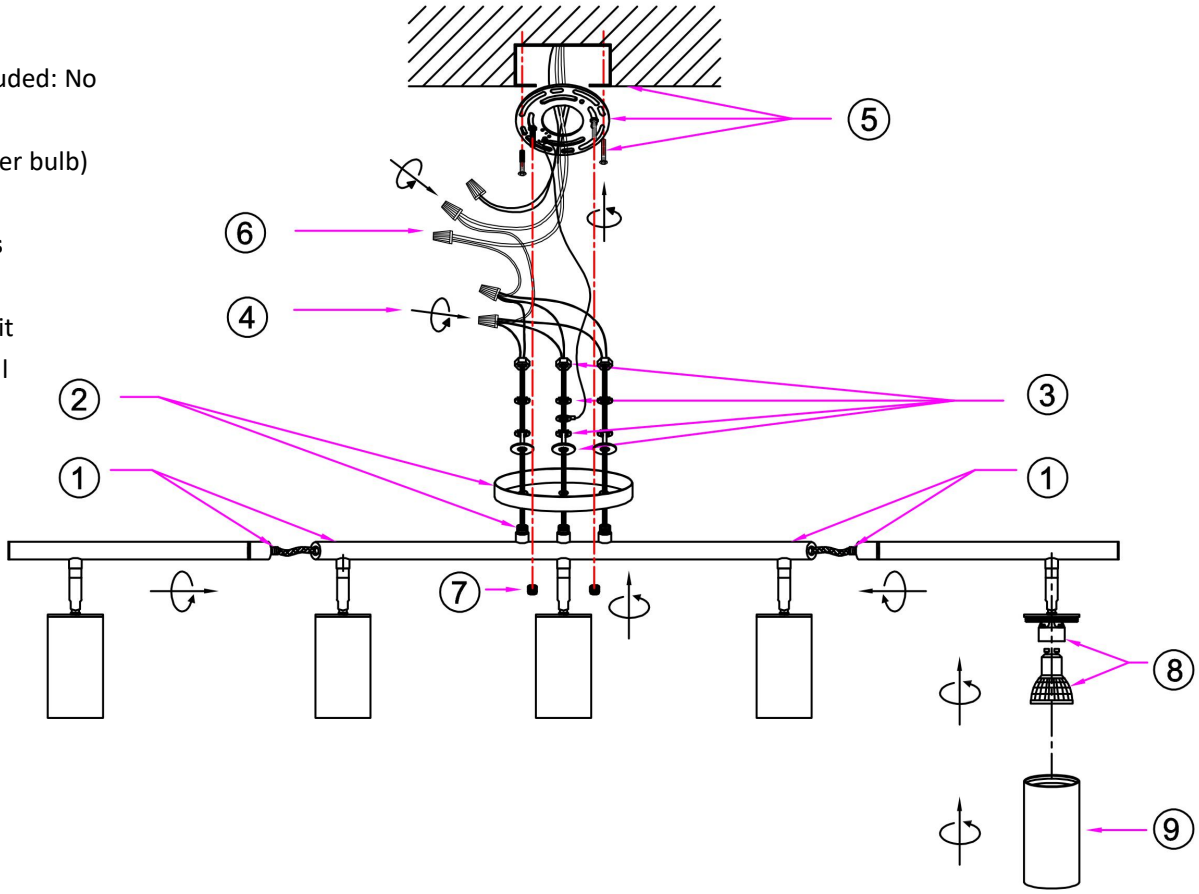

Wattage: 10W (per bulb)

Package includes

1 x Ceiling Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

1. Screw the two end lamp holder arms onto both ends of the lamp body, then tighten and adjust the direction of the lamp holders.
2. Pass the ceiling plate over the lamp body wires and fit it onto the threaded of the lamp body.
3. Place the washer, serrated washer and ground wire over the threaded , and secure them with a nut.
4. Connect the live wire and neutral wire of lamp arm to the wires of the lamp body by using the wiring caps.
5. Secure the mounting plate to the junction box by using the mounting plate screws.
6. Connect the main wire (live wire and neutral wire) and ground wire of the lamp body to the corresponding reserved wires in the junction box by using the wiring caps. Be careful not to expose the wire to prevent leakage.
7. Use cap nuts to secure the canopy to the mounting plate.
8. Install the light bulb (light source not included).
9. Screw the lamp shade onto the lamp holder.
