

## AND 218x185x234

By Fabio Novembre

AND is a spatial concept, a volume that cuts through the air, creating emotional turbulence for those who get swept up in it. AND is the result of two people looking at each other out of the corner of their eye, a multiplication into the infinite that includes anyone who simply wants to be there. AND is the reflection of the DNA of a generation that has embraced co-existence while denying tyranny. AND: it's time for conjunction.
