

New Generation® Server

BPA-FREE PLASTIC CARAFE

The **New Generation® Server** has become the product of choice among restaurant chains and health care providers for good reason. The ABS faceted construction offers an unparalleled strength-to-weight ratio. And with over 20 color and size combinations, they match nearly every decor. Constructed in the USA from BPA free plastic with foam insulation for a temperature retention of 2-3 hours. Features a push button top and optional brew-thru and take-apart lids, sold separately.
