

No patio lounge space is truly complete without a Loveseat. Our Verbena Loveseat is handcrafted from solid teak we grow in reforestation projects. It is one of our favourite designs and recently updated with even better curves, connections and hardware. The Verbena loveseat looks as good as it feels.

Teak is one of the most durable hardwoods and perfect for outdoor use. Each Verbena is carefully designed and handcrafted to weather the outdoors while maintaining the comfort that comes with our indoor designs.
