

INSTALLATION INSTRUCTIONS

READ AND SAVE THESE INSTRUCTIONS

WARNING

- Risk of shock, do not plug the unit before assembly.
Avertissement! Couper le courant au niveau des fusibles ou du disjoncteur.
- Do not exceed the maximum wattage rating.
Ne pas dépasser la puissance nominale maximale!
- Before turning on, please follow the instruction manual step by step.

INSTALLATION

1. Fasten the socket (F) onto the body (G) tightly, to be easy by pulling out the cord carefully.
2. Slide the two bushings in the harp (C) up to expose the flat ends at the bottom. Insert the flat ends of the harp (C) into the saddle (E). Slide the two bushings down to secure the harp (C) onto the saddle (E).
3. Install one Med. base (E26) bulb (D) up to 100W or CFL or LED equivalent (not included) in accordance with the fixture specification. **DO NOT EXCEED THE MAXIMUM WATTAGE RATING! (NE PAS DEPASSER LA PUISSANCE NOMINALE MAXIMALE!)**
4. Align the center ring of the shade (B) onto the threaded end of the harp (C). Use the finial (A) to secure the shade (B) onto the harp (C). Adjust the shade until it is leveled horizontally.
5. Plug the cord (H) into the outlet. Turn the switch on socket. Test the lamp.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Don't alter the plug.

Care & Cleaning Instructions

ALWAYS turn off and/or unplug fixtures prior to cleaning.

Finishes: To avoid damage to the finish do not use polish, abrasive cleaners, or harsh chemicals.

Shade: Shades can be gently dusted with a dry, clean, soft-bristle brush. Remember to clean the inside of shade as well.

Using any advised against cleaning methods will void the product's warranty.
