ENVO by ANZZI

ELECTRICAL REQUIREMENTS

ENVO Atami 18 kW Electric Tankless Water Heater

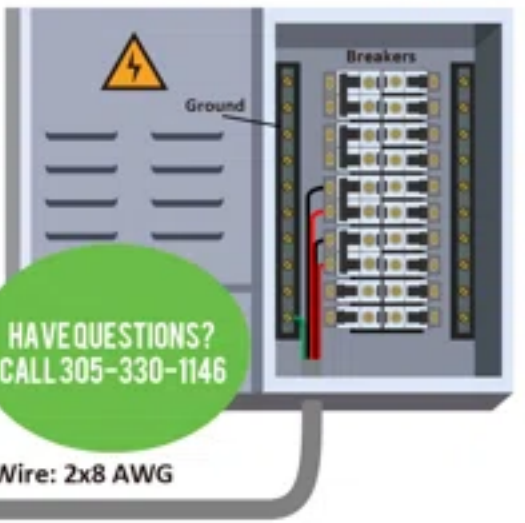

WH-AZ018-M3
18 kW | 240 V

Intertek

LEAD FREE

200 Amps or more required

- 75 AMP Max Draw
- 2 X 40 AMP Double Pole Breaker Required

In order to install a ENVO Atami 18 kW you must have enough room in your breaker panel to dedicate two 40 AMP double pole breakers solely to the unit.

Model	Kilowatts (KW)	Voltage (V)	Rated Current (A)	Recommended Breaker (A)	Required Wire (AWG)	Dimensions (D×H×W)	Weight (LB)
WH-AZ018-M3	18	240	75	2x40 DOUBLE - POLE	2x8	3.54" x 15.16" x 10.24"	12.28

Professional installation recommended. Please consult an electrician prior to purchase. WH-AZ018-M3 recommended use for hand sink, kitchen sink and shower.
