Please handle wood and other accessories properly.

III . DISCLAIMER

We ask that you read this manual completely before assembling and operating your new item. We are not and cannot be held responsible for any damage or injury incurred due to improper or unsafe use of the item. We specifically disclaim responsibility for any bodily injury or property damage that may occur during any use that does not comply with applicable federal, state, or local laws or ordinances. Please keep this manual for future reference.

IV. INSTALLATION PREPARATION

1. Please prepare a carpet or mat to protect your floor. You need to spread out all the accessories.
2. Please prepare a pair of gloves to avoid being scratched by sharp wooden sawdust that may occur during installation.
3. Please open all the boxes to check that the accessories are complete and in good condition (The accessories list in page 3).
4. The box contains some **small components**, please place them properly before installation to keep them **away from kids** and ensure safety.
5. If you need to use power tools to install this product, please **set the speed to low speed in advance**. Due to the characteristics of wood products, the use of high speed during installation is probably to damage the wood.
6. When installing, please align all the holes and **do not tighten all the screws first**, otherwise it may make the installation difficult.
