# Please Read Before Assembly

**Read Before Beginning Assembly:**

1. Clearing a area: Please assemble in a spacious area near the product's final location, preferably on a carpet or protected surface to safeguard both your floor and the product.
2. Team assembly is recommended: It is recommended that 2 people assemble this product. Having an extra hand can make the process faster and easier.
3. Check for all parts: Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.
4. Read each step carefully: Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.

**Caution:**

1. Choking Hazard: This product contains small parts. Keep them away from children under 3 years old. Children under 4 years old must be supervised by adults when near the bed.

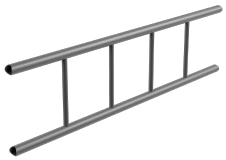

**Warranty Information:**

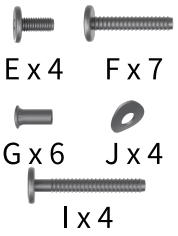

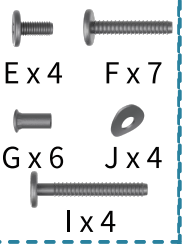

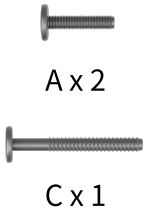

1. This product is warranted against defects in materials and manufacture for 5 years from the purchase date (proof of purchase required).
2. Warranty covers defective parts only. Assembly labor not included.
3. Not valid for misuse, improper assembly, alterations, or unauthorized repairs. No liability for consequential damages where permitted by law.

**Notice:**

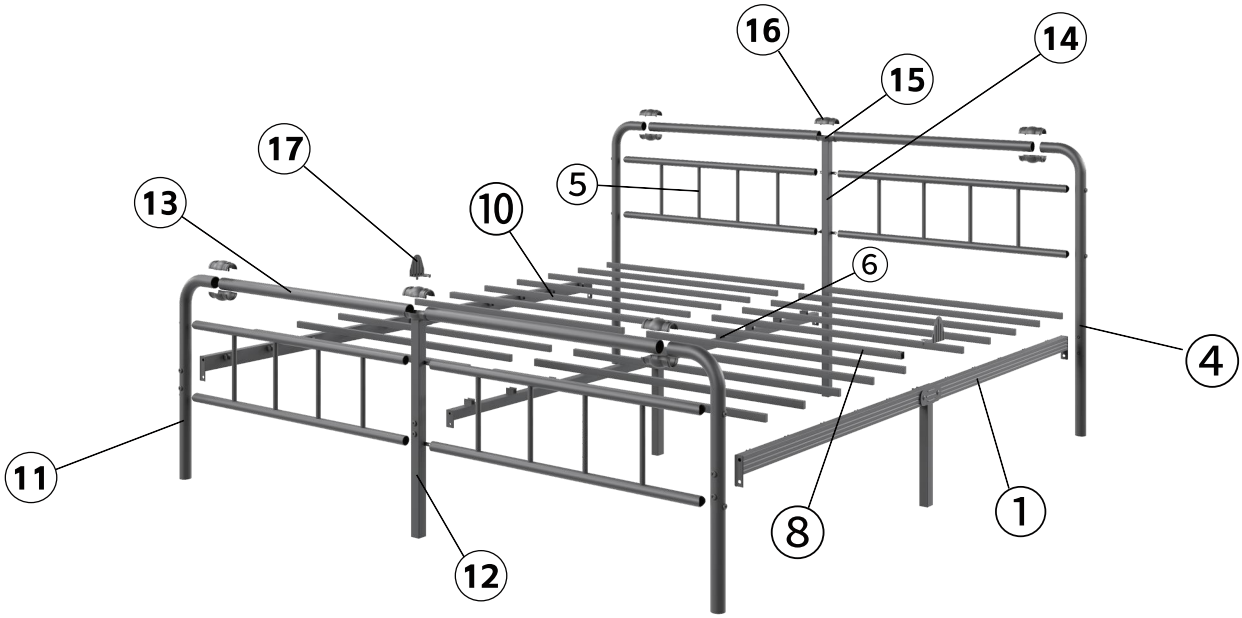

1. Do not jump, roughhouse, or engage in strenuous activities on the bed, as this may cause personal injury or damage to the bed frame.

- In case of missing or damaging parts,please provide your order number and the name of the required part to apply for a replacement.
- Power tools are prohibited forinstallation,as they may cause thread stripping.
- Do not full tighten any screws until the entire assembly is completed. This allows for proper alignment and adjustments during the assembly process.Tightening them allat the end will result in a more stable structure.

1. Unfold the center support rail ⑥ and assemble it with bolts (A) as shown in the figure.

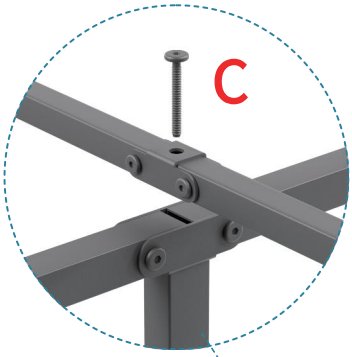

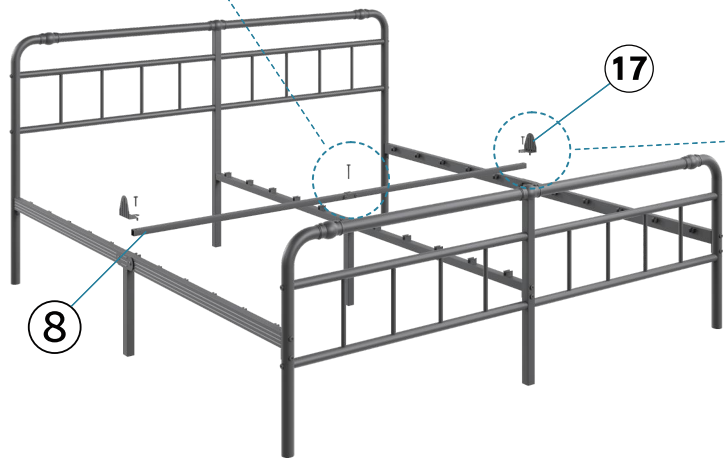

M8*35 A x 4 PCS

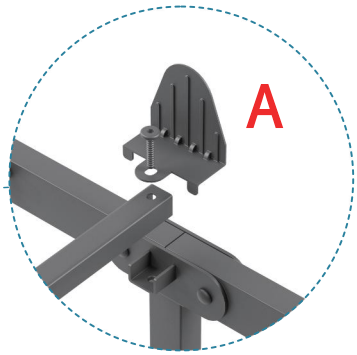

## Step 5

Assemble Center Support Bar :

1. Unfold the center support bar ⑧;
2.Assemble it and the mattress gasket ⑰ with bolts (A) as shown in the figure.
3.Finally, assemble the middle position of the center support bar with bolt (C).

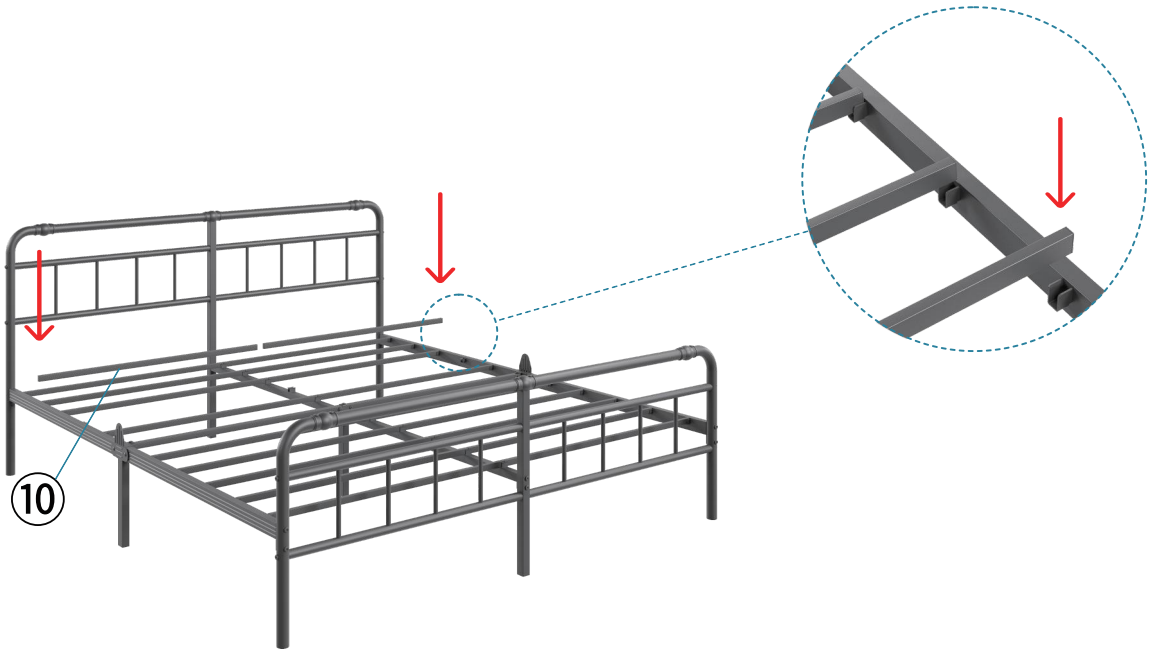

★ Part ⑰ (Optional) should be tightly close to the side rail, and then tighten the screws to prevent loosening.

## Step 6

Install the Slats ⑩ as shown.

Note:

Check the tightness of all screws, retighten them, and ensure the structure is stable.

Reminder：
Regularly inspect the tightness of screws every 6 months. Retighten any loose ones promptly to maintain stability.

Cleaning & Care:
Use a dry or slightly damp soft cloth for cleaning. Avoid abrasive cleaners and corrosive substances (e.g., alcohol, bleach) to protect the product's finish. Regularly wipe off dust to extend service life.”

Please keep these instructions for future reference!
