

VITREOUS CHINA SINKS CARE AND CLEANING

To keep your new Vitreous China sink looking brand new, please follow below

For best results, please care for this product in accordance with the following instructions: -

Only use warm water and a mild detergent (i.e. dishwashing soap) for cleaning.

If another cleaner is used, check the label to make sure that it is safe for use on the material being cleaned and always test in a small obscured area first.

Make sure to wipe any excess cleaners off with a damp sponge or cloth and then rinse with water.

Dry the surface with a soft cloth until dry after each use.

Never use abrasive materials or cleaners that contain ammonia, bleach or acid, since they can cause damage to the finished surface.
