	● Save all packaging until finished-

Assembly Steps

Overview

This Loveseat has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Loveseat parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise the parts and steps before assembly.

Step 1:

Unpack and place all parts on a clean, non-marring surface.

Step 2:

Place the bottom right frame (D) vertically on the ground, place the backrest (E) against its front groove, and then fix them together with long screws (①), spring washers (②), and washers (③) as shown in the figure. Repeat the process in the same way for the left side (C, E).

Step 3:

Then place the right armrest (B) flat on the ground, flip the right frame (D) to the right, so that the right frame is on top of the right armrest (B). Use long screws (①), spring washers (②), and gasket (③) to fix them together. Repeat the process for the left side (A, C) in the same way.

Step 4:

Install the sofa leg(G) in the hole of the armrest(A,B) and bottom frame(C,D).

Step 5:

Turn to the back of the semi-finished product, and use the end velcro to stick the back cloth(E) to the bottom of the bottom frame(C/D)

Step 5:

Use the hardware connector on the side of the bottom frame (C,D) to connect the right part and the left part together, as shown in the figure.

Step 6:

Place the pillow(F) in front of the backrest.
