HARDWARE

①*12+2	②*4+1	③*4+1	④*1
			
M6*20mm Bolts	M6*45mm Bolts	M6*50mm Bolts	Allen key

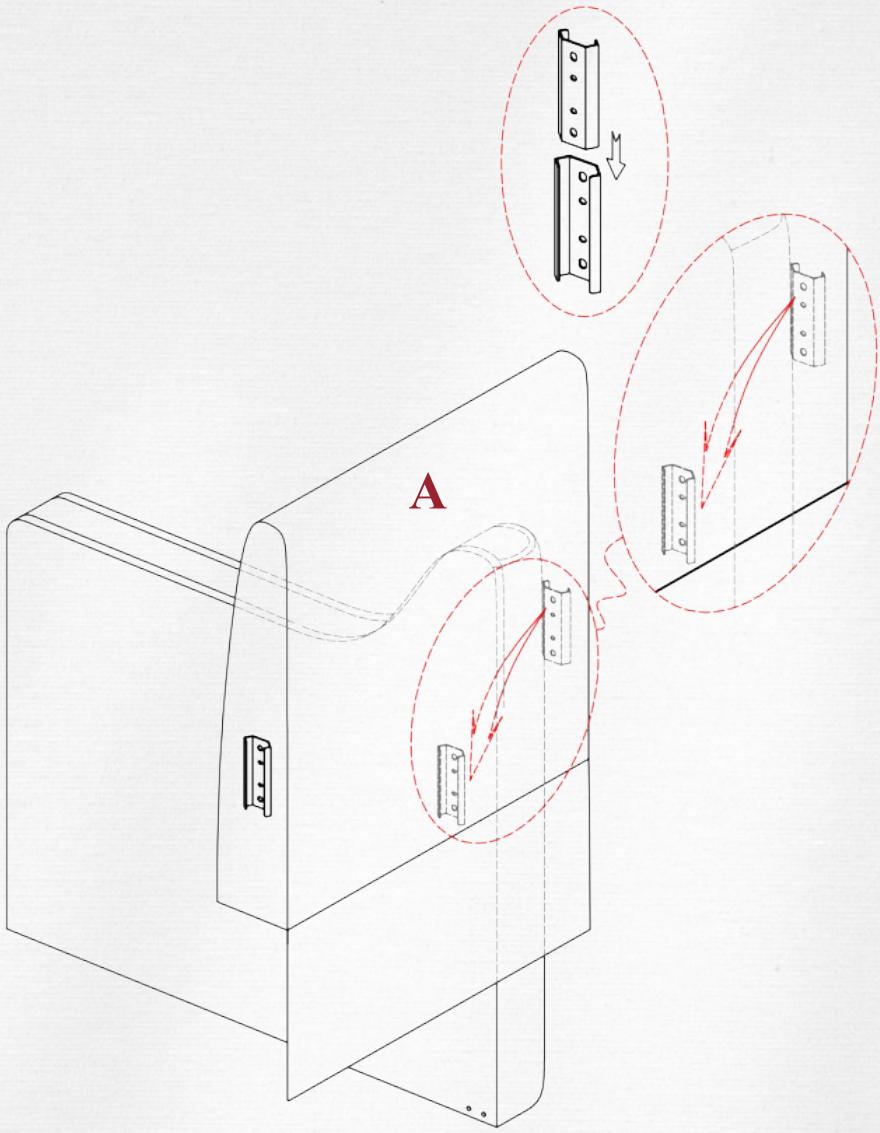

STEP1

Unzip the zipper at the bottom of the armrests as shown, take out the backrest (A), then zip the zipper back up.

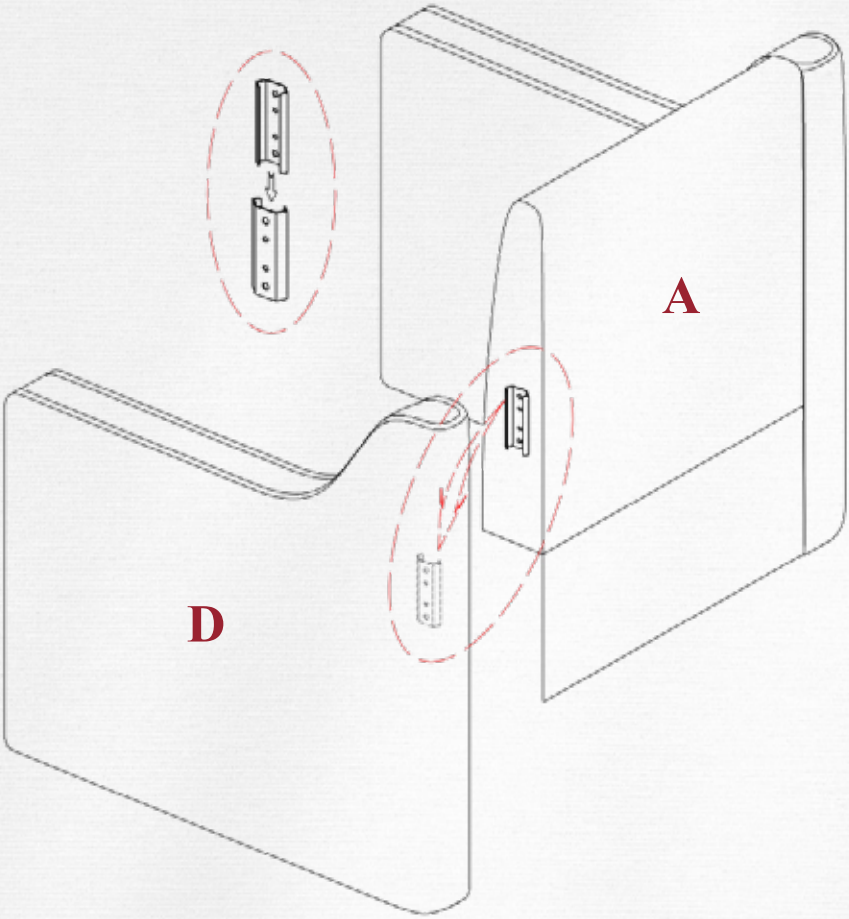

STEP2

Place the chair on its feet, align the connectors on the backrest (A) with the slots on the right arm (C) as shown, make sure both connectors are aligned, then push down.

STEP3

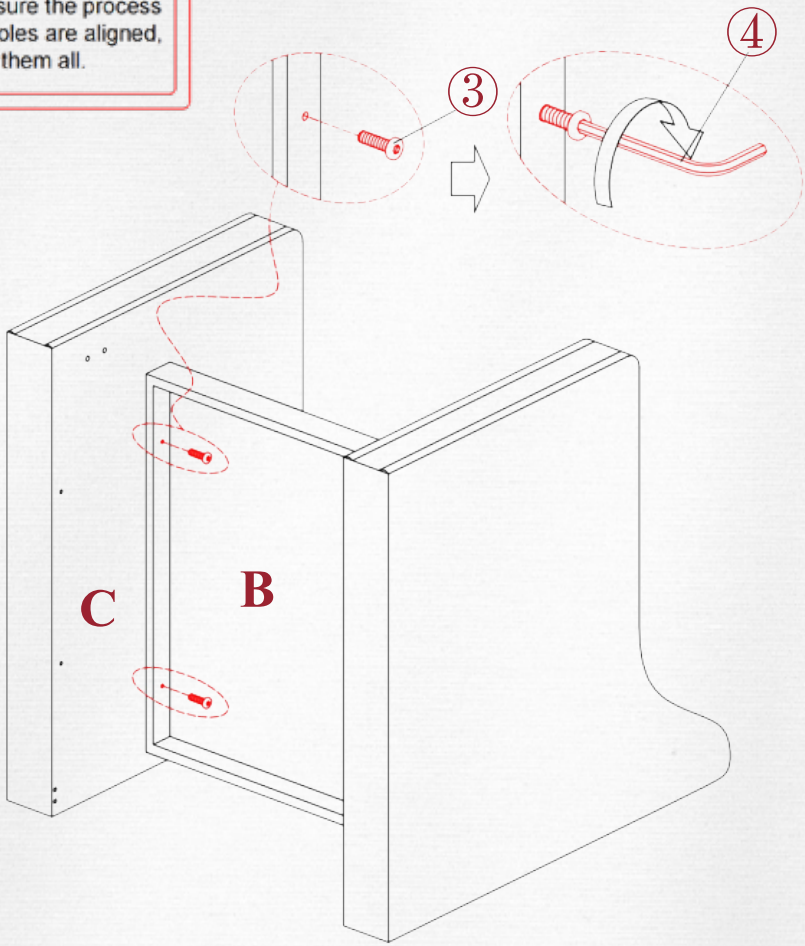

Align the connectors on the backrest (A) with the slots on the left arm (D) as shown, make sure both connectors are aligned, then push down.

STEP4

Place the assembled part on the floor with the backrest facing down. Lay the right arm (C) on its side, install the seat frame (B) as shown, then tighten the bolts (3) with the Allen key (4) to about one-third of their length.

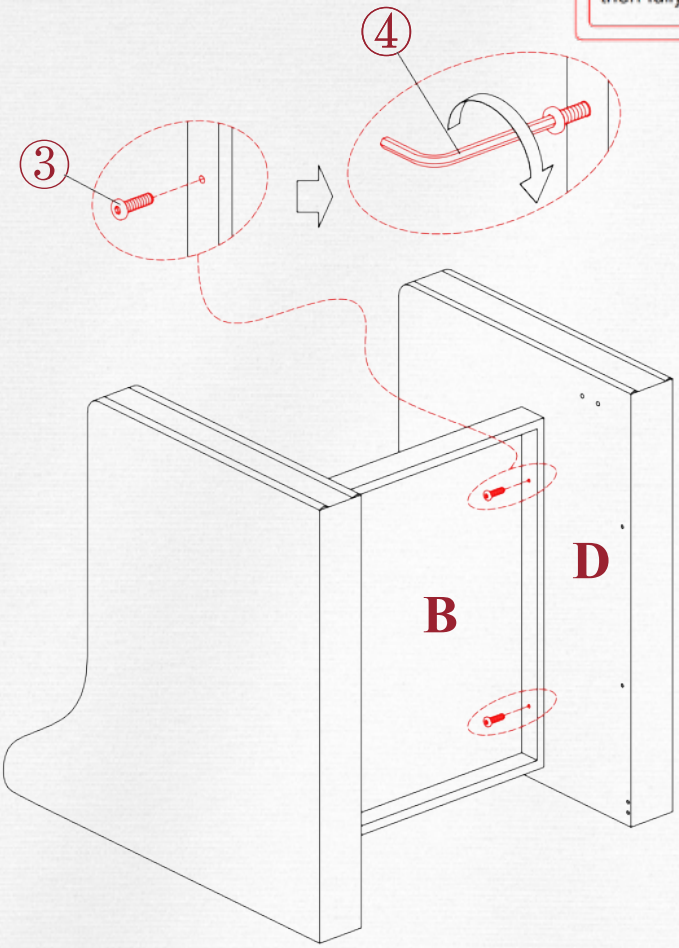

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

STEP5

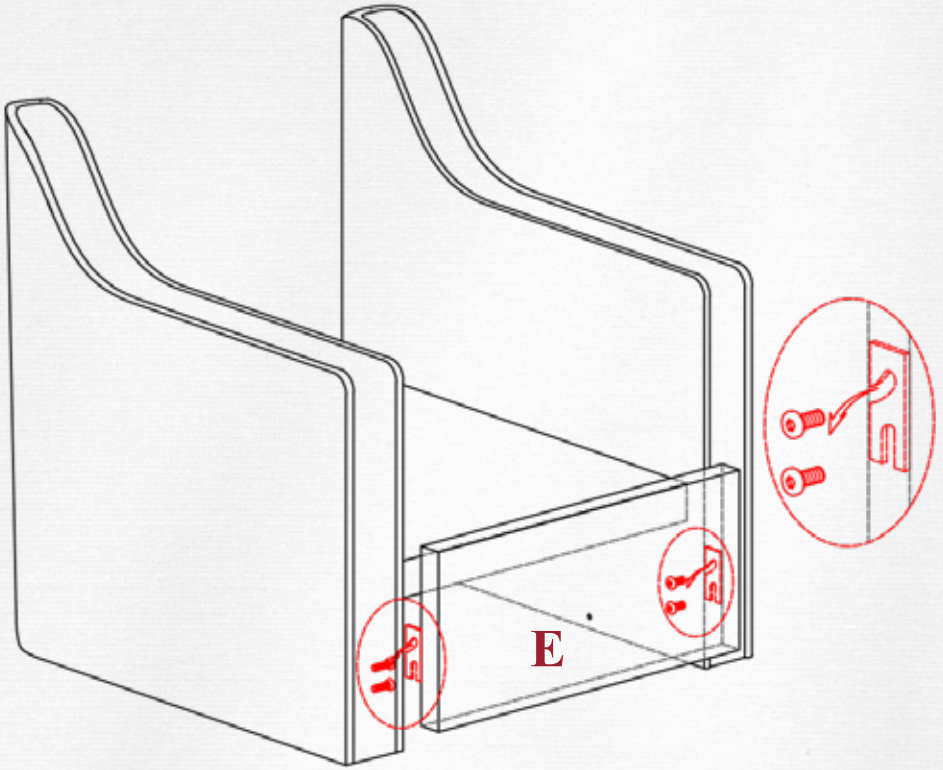

Lay the left arm (D) on its side, install the seat frame (B) in the same way, then tighten the bolts (3) with the Allen key (4) to about one-third of their length.

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

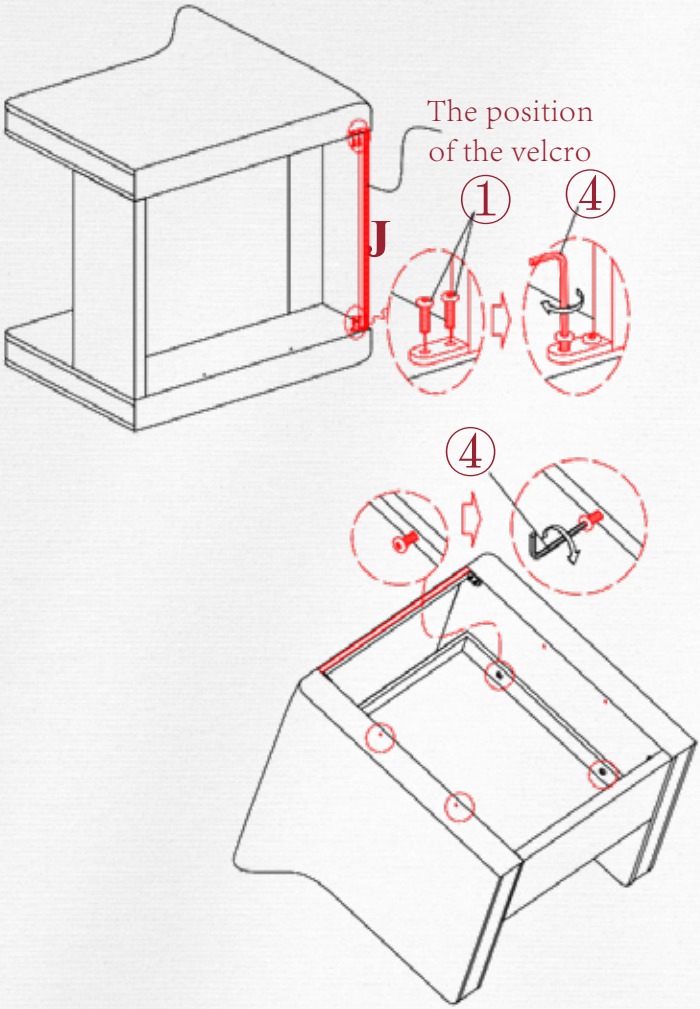

STEP6

Use the bolts from last two steps to hang the Front panel (E) into the hold with a notch on iron plate (located on the sides of the front panel) as shown. Then use the allen key provided to tighten both bolts, make sure both bolts are fully tightened before next step. Repeat the step for the other side.

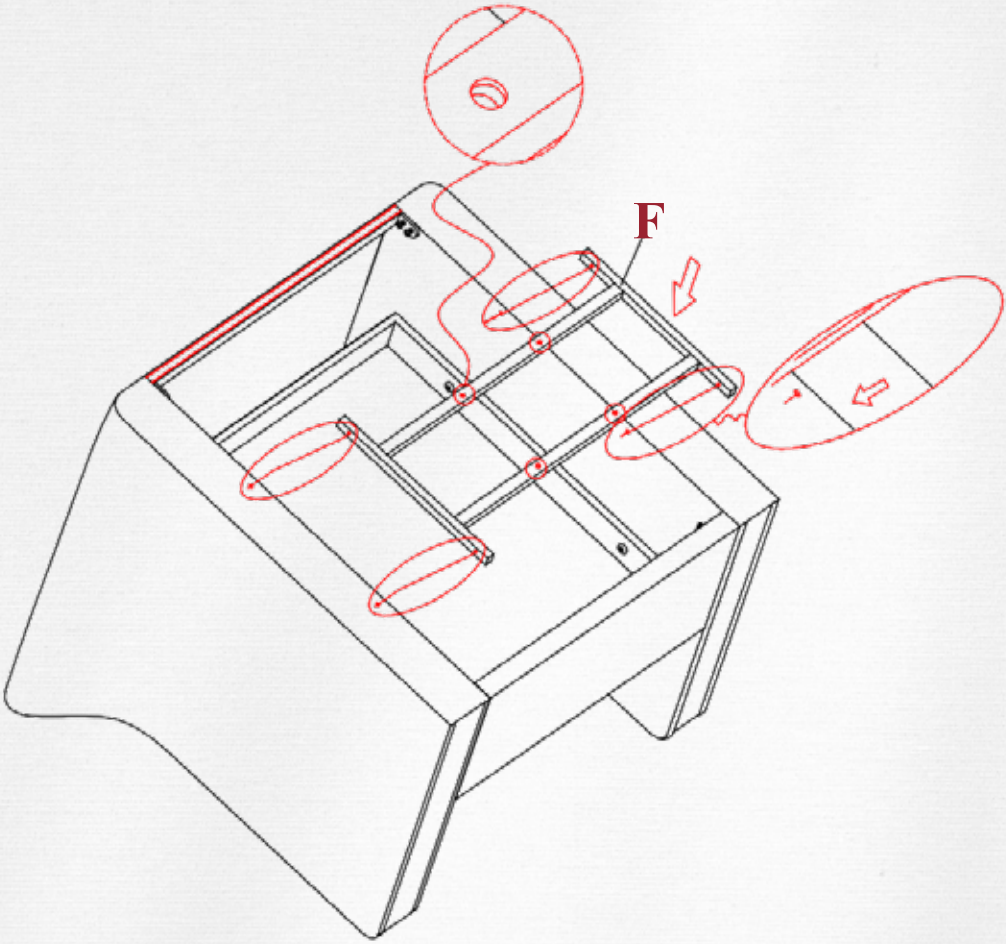

STEP7

Install the Rear cross bar (J) as shown, use the allen key (4) provided to tighten all four bolts(1), DO NOT tighten the bolts completely.Please make sure the direction of the Velcro tape on the rear cross bar is correct before install.
Fully tighten the bolts on the seat frame from the step 4 & step 5, make sure they are completely tightened.

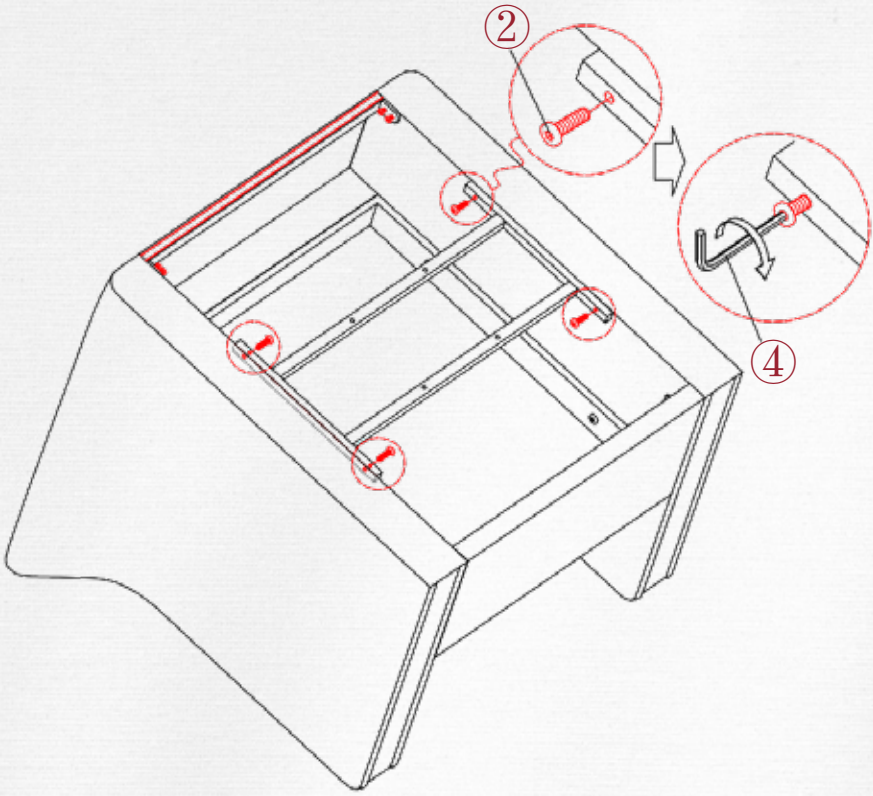

STEP8

Place the sofa upside down and install the Metal frame (F) on its bottom.
Attention: Please make sure the bolt holes with threads on the metal frame are facing outward.

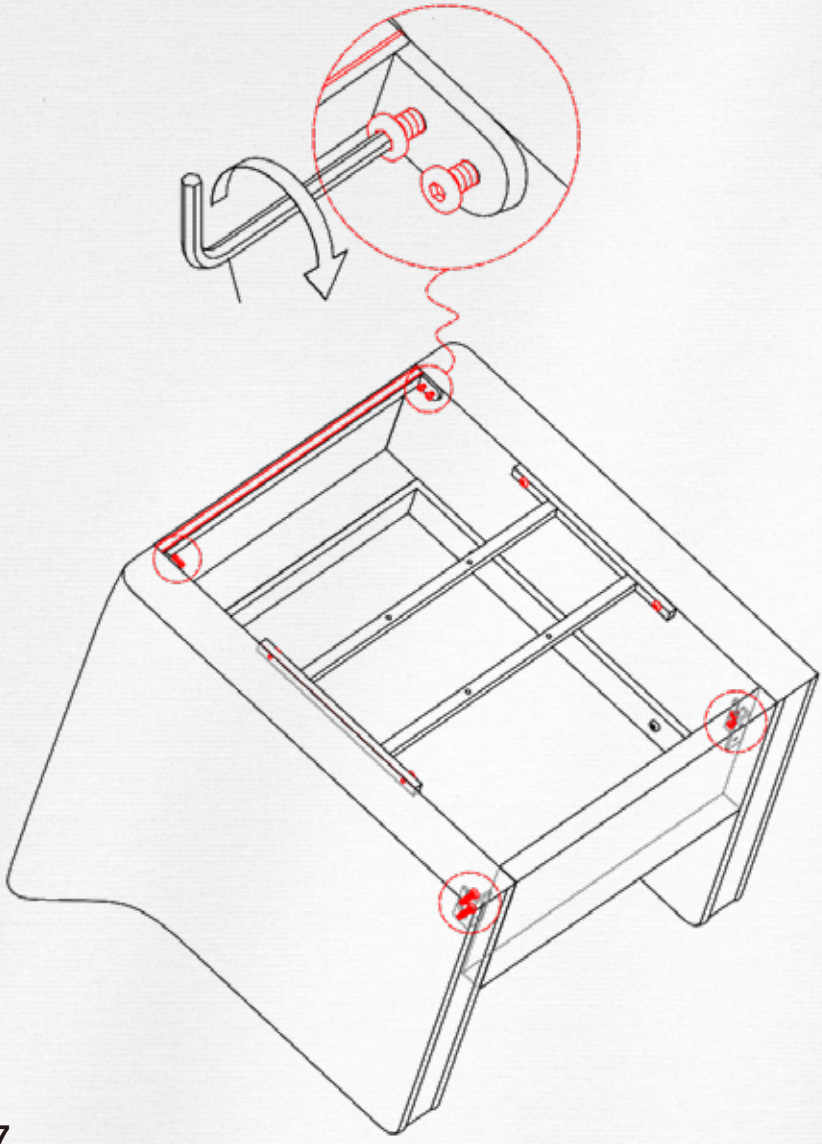

STEP9

Place the Bolts (2) through the bolt holes on both metal frame and Armrests as shown, then tighten the bolts, make sure all the bolts are fully tightened before next step.

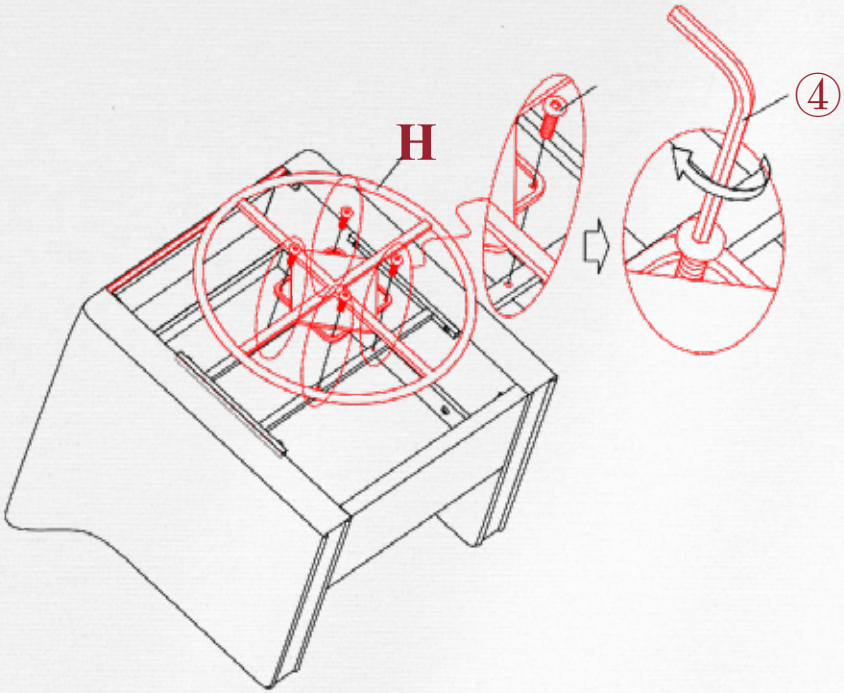

STEP10

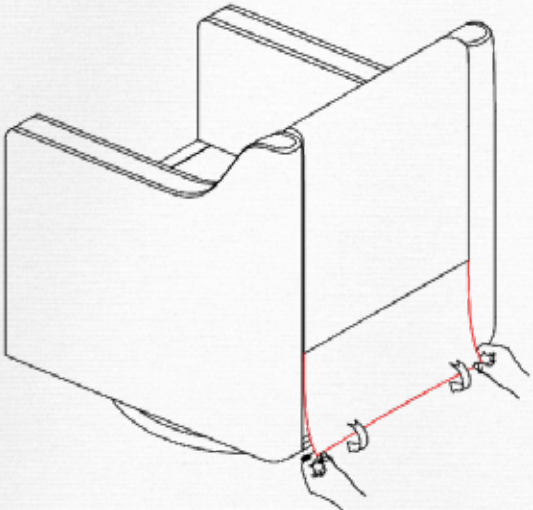

Fully tighten the bolts on the rear cross bar from the step 7 and front panel, make sure they are completely tightened.

STEP11

Then install the Swivel base (H) onto the metal frame as shown, make sure all the bolts are fully tightened, then uncover the Velcro strip cover on the bottom of the back cloth, and stick the Velcro to the bottom of the back panel.

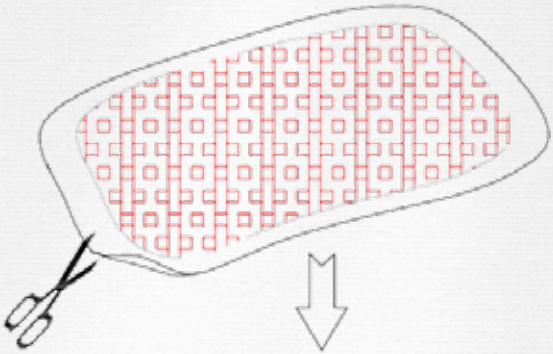

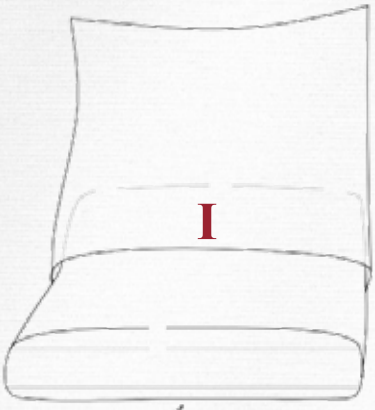

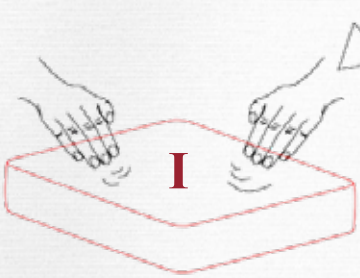

STEP12

Cut the plastic air compression bags, and take out cushions (I) Place them on the side for recover to their original shape, the whole process might take up to 48 hours, you may gently slap on them to speed up the process.

Please exercise caution when opening the packaging to avoid injury or damage to the product.

STEP13

If you purchased the leather or linen version of this product, please follow this step.

How to put on the Cushion cover

1

1.Take the cushion covers and inners out of the carton.

2

2.Fold the inner in half, pushing the sides together,then begin to slide the cover onto it.

3

3.Align both far corners, then gently compress insert while fitting cover around it.

4

4.To avoid a stuck zipper, please pull the fabric away from the zipper before moving forward.

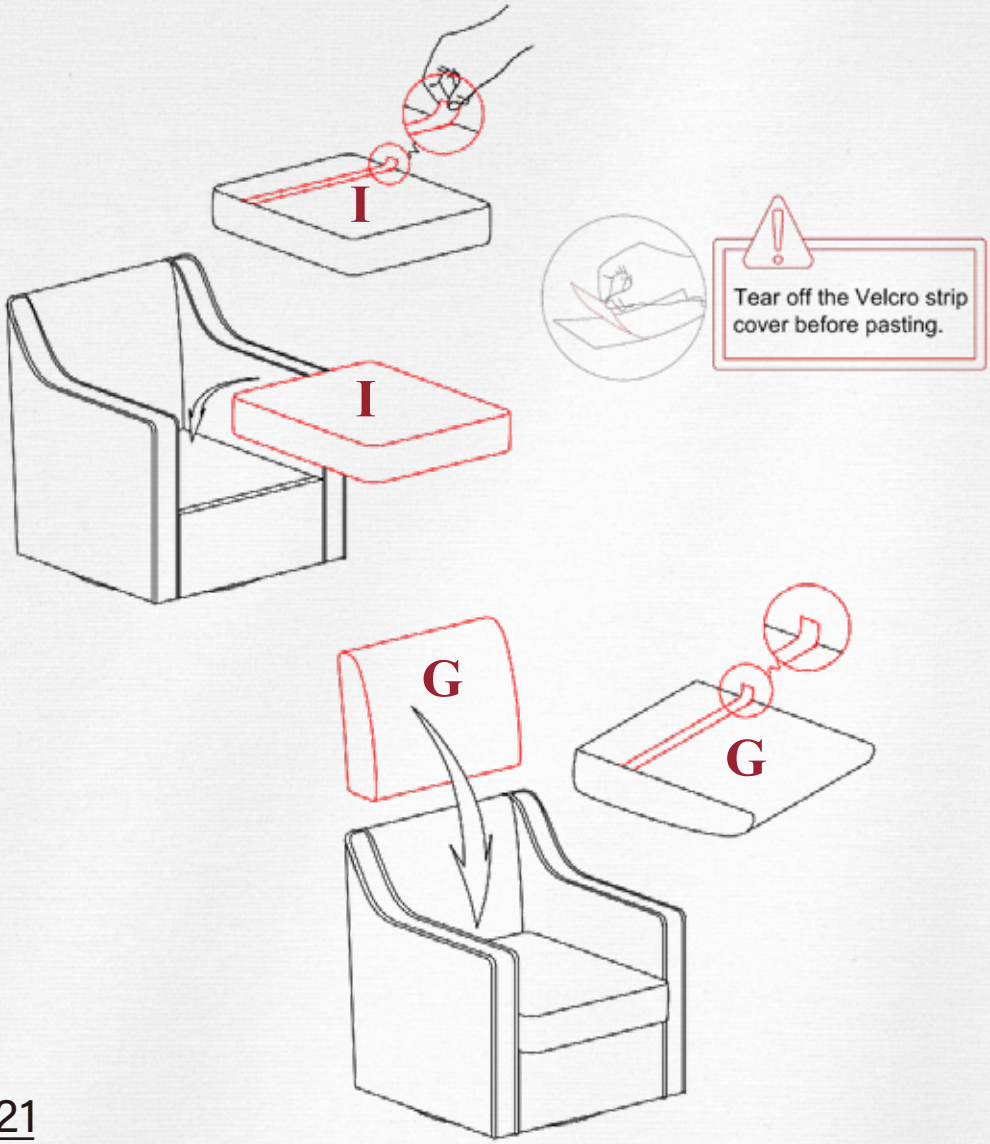

5

5.When all done, please pat the cushion or give it a little shake to make it more flat.

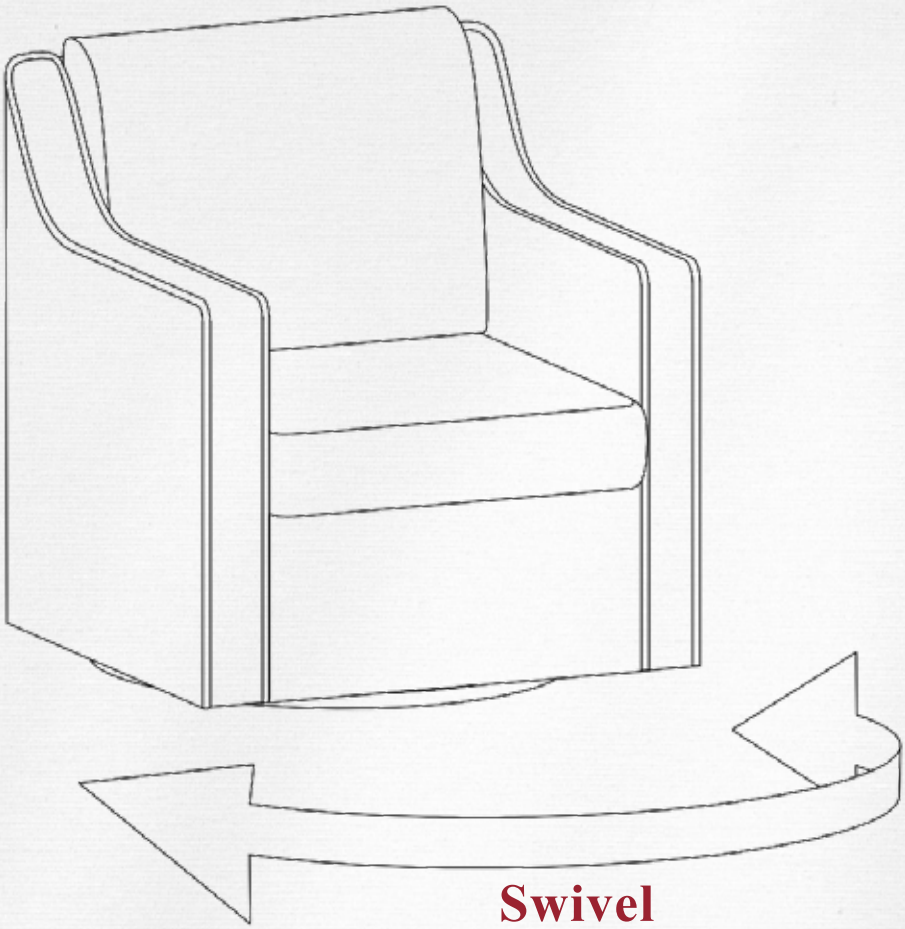

STEP14

Please the Seat cushion(Il) on it.
Please the Back cushion(G) on it.
Note: Only the leather version has Velcro straps on the back cushion.

STEP15

This chair can swivel 360 degrees.
