

Installation Diagram

Adjust the lamp hanger to the appropriate length and tighten the screw.

Note: Hang one piece of fringe for every two holes.

Assemble the lamp main body

Step1: Fix both ends of the hanging chain to the lamp body and ceiling plate respectively, adjust the length and fasten firmly.

Step2: Thread the power cord through the hanging chain, arrange wires and adjust the length properly.

Step3: Connect the power wires, then hang and fix the ceiling plate onto the ceiling base.

Assemble the lamp base

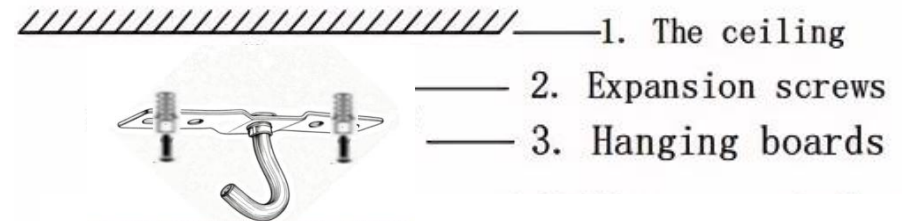

Step 1: Connect the power cord from the lamp base securely to the main ceiling wire. Once the connection is confirmed, feed the main wire through the threaded rod.

Step 2: Use the threaded rod and lock nut to connect and secure the lamp base to the lampshade.

Step 3: Attach the side chain fixing cover to the threaded rod to prepare for the chain installation.

Step 4: Install each side chain onto the chain fixing cover. Adjust the chain tension to ensure even support for the Lampshade.

Step 5: Screw in the light bulbs.
