

DOUBLE WARDROBE

Thank you for purchasing this product. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Pre-assembly preparation

Please ensure instructions are read in full before attempting to assemble this product.

Necessary Tools : Pozi screwdriver and Phillips screwdriver

Pz 2 or Pz 3

Ph 2

(Included)

Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product takes approximately **50 MINUTES** to assemble with **2 PEOPLE**.

All assembly should be performed on a flat, stable, clean and soft surface.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product

The fitting pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

IMPORTANT: Retain these instructions for future reference.

Parts checklist

tem	Description	Qty.	Item	Description	Qty.
1	Side frame left	x 1	11	Vertical back rail	x 1
2	Side frame right	x 1	12	Back panel	x 2
3	Top frame	x 1	13	Drawer front	x 1
4	Fixed shelf frame	x 1	14	Drawer side left	x 1
5	Left door	x 1	15	Drawer side right	x 1
6	Right door	x 1	16	Drawer back	x 1
7	Top front rail	x 1	17	Drawer bottom	x 1
8	Top back rail	x 1	18	Support drawer	x 1
9	Bottom front frame	x 1			
10	Bottom back rail	x 1			

Fittings checklist

Item	Description	Qty.	Item	Description	Qty.
A	Cam lock 	x 8	Q	Left runner 	x 1
B	Cam screw Ø7 x 44.5mm 	x 8	R	Right runner 	x 1
C	Grub screw 	x 8	S	Small steel dowel Ø5.5 x 45mm 	x 2
D	Steel dowel Ø7 x 49.5mm 	x 8	T	Small grub screw 	x 2
E	Allen key M4 x 30 x 107mm 	x 1	U	Round head screw Ø4 x 40mm 	x 4
F	Hex head bolt M6 x 25mm 	x 8	V	Wooden dowel Ø6 x 30mm 	x 4
G	Wooden dowel Ø8 x 30mm 	x 20	W	Round head screw Ø4 x 25mm 	x 1
H	Hanger rail support 	x 2	X	Round head screw Ø4 x 18mm 	x 1
J	Varianta screw Ø4.2 x 10.5mm 	x 4	aa	Mounting plate 	x 2
K	Varianta screw Ø6 x 13.5mm 	x 4	bb	Nylon strap 	x 1
L	Flat head screw Ø4 x 15mm 	x 2	cc	Flat head screw Ø4 x 17mm 	x 2
M	Hex head bolt Ø7 x 50mm 	x 6			
N	Round head screw Ø3.5 x 15mm 	x 52			
P	Hanger rail 	x 1			

Step By Step Assembly Instructions

Step

1

1.1 : Lay all parts onto a flat, stable, clean and soft surface.

1.2 : Attach 8x cam screws (B) into the pre-drilled holes on side frames (1) & (2) as shown. Use a pozi screwdriver to turn fittings (B) clockwise to fix.

1.3 : Attach 4x steel dowels (D) into side frames (1) & (2) by screwing fittings (D) into the inset fittings that are located on parts (1) & (2) as shown. Use a pozi screwdriver to turn fittings (D) clockwise to fix. Ensure the direction of the holes on fittings (D) are facing correctly as per diagram.

1.4 : Attach 2x hanger rails support (H) onto the pre-drilled holes on side frames (1) and (2) using 4x varianta screws (J) as shown. Use a screwdriver to turn fittings (J) clockwise to fix.

1.5 : Attach left runner (Q) and right runner (R) onto the pre-drilled holes on side frames (1) & (2) using 4x varianta screws (K) and 2x flat head screws (L) as shown. Use a screwdriver to turn fittings (K) & (L) clockwise to fix as shown.

Fitting

B x 8

D x 4

H x 2

J x 4

Q x 1

R x 1

K x 4

L x 2

Step By Step Assembly Instructions

Step 2 : Attach 4x steel dowels (D) into top frame (3) by screwing fittings (D) into the inset fittings that are located on part (3) as shown. Use a pozi screwdriver to turn fittings (D) clockwise to fix. Ensure the direction of the holes on fittings (D) are facing correctly as per diagram.

Step 3 : Insert 20x wooden dowels (G) into the pre-drilled holes on fixed shelf frame (4), bottom front frame (9) and rails (7), (8), (10), (11) as shown.

Step By Step Assembly Instructions

Step 4 : Attach both back rails (8) & (10) onto vertical back rail (11) as shown. Ensure wooden dowels are aligned correctly with the holes of mating parts before attaching.

Step 5 5.1 : Attach top front rail (7), bottom front frame (9), fixed shelf frame (4) and the structure assembled in **step 4** on side frame left (1) as shown. Ensure cam screws (B) and steel dowels (D) and wooden dowels (G) are aligned correctly with the holes of mating parts before attaching.

Fitting

A x 4

C x 2

5.2 : Secure all parts (7), (8) & (4) to part (1) using 4x cam locks (A) as shown. Use a pozi screwdriver to turn fittings (A) clockwise to fix.

5.3 : Secure parts (9), (10) to part (1) using 2x grub screws (C) as shown. Use a pozi screwdriver to turn fittings (C) clockwise to fix.

Step By Step Assembly Instructions

Step 6 6.1 : Attach right side frame (2) to the structure assembled in **step 5** as shown. Ensure cam screws (B) and steel dowels (D) and wooden dowels (G) are aligned correctly with the holes of mating parts before attaching.

Fitting

A x 4

C x 2

6.2 : Secure part (2) to all parts (7), (8) & (4) using 4x cam locks (A) as shown. Use a pozi screwdriver to turn fittings (A) clockwise to fix.

6.3 : Secure part (2) to parts (9), (10) using 2x grub screws (C) as shown. Use a pozi screwdriver to turn fittings (C) clockwise to fix.

Step By Step Assembly Instructions

Step 7 7.1 : Attach top frame (3) onto side frames (1), (2) and top rails (7), (8) as shown. Ensure steel dowels (D) and wooden dowels (G) are aligned correctly with the holes of mating parts before attaching.

Fitting

C x 4

M x 6

E x 1

7.2 : Secure part (3) to parts (1) & (2) using 4x grub screws (C) as shown. Use a pozi screwdriver to turn fittings (C) clockwise to fix.

7.3 : Secure part (3) to parts (7), (8) using 6x hex head bolts (M) as shown. Use allen key (E) to turn fittings (M) clockwise to fix.

Step By Step Assembly Instructions

- Step 8** Attach back panels (12) onto back side of the unit using 52x round head screws (N) as shown. Use a screwdriver to turn fittings (N) clockwise to fix.

Fitting

N x 52

Step By Step Assembly Instructions

- Step 9** With help of assistant, carefully turn the unit upright. Attach doors (5) & (6) to side panels (1) & (2) by screwing 8x hex head bolts (F) into inset fittings that are located on parts (1) & (2) as shown. Ensure the holes on doors are aligned correctly with the mating spring pins on side panels before attaching. Use allen key (E) to turn fittings (F) clockwise to fix.

Fitting

F x 8

E x 1

Spring pin

Hinge adjustment instructions

LATERAL ADJUSTMENT

by screw adjustment.

FRONT-TO-BACK

by slackening and retightening the hinge-arm mounting screw.

VERTICAL ADJUSTMENT

via slots on mounting plate by slackening and retightening the screws on mounting plate

Step By Step Assembly Instructions

Step 10 Place hanger rail (P) onto hanger rail supports (H) on side frame left & right of unit as shown.

Fitting

P x 1

Step by step assembly instructions

- Step 11** 11.1 : Attach 2x small steel dowels (S) into drawer front (13) by screwing fittings (S) into the inset fittings that are located on part (13) as shown. Ensure the direction of the holes on fittings (S) are facing correctly as per diagram.
- 11.2 : Insert 4x wooden dowels (V) into the pre-drilled holes on drawer sides (14), (15) as shown.

Fitting

S x 2

V x 4

- Step 12** Attach drawer sides (14) & (15) onto drawer front (13) using 2x small grub screws (T) as shown. Ensure small steel dowels (S) and wooden dowels (V) are aligned correctly with the holes of mating parts before attaching. Use a pozi screwdriver to turn fittings (T) clockwise to fix.

Fitting

T x 2

Step by step assembly instructions

Step 13

Fitting

U x 4

W x 1

X x 1

13.1 : Slide drawer bottom (17) into the slots inside drawer sides (14) & (15) as shown. Ensure the drawer bottom (17) is placed completely in the slot of drawer front (13).

13.2 : Attach support drawer (18) onto drawer front (13) as shown.

13.3 : Place drawer back (16) onto the top of constructed drawer box. Ensure the slot under drawer back (16) is aligned correctly with drawer bottom (17) before attaching.

13.4 : Secure drawer back (16) to the drawer box using 4x round head screws (U) as shown. Use a screwdriver to turn fittings (U) clockwise to fix.

13.5 : Secure support drawer (18) to drawer back (16) using 1x round head screw (X) and to drawer front (13) using 1x round head screw (W) as shown. Use a screwdriver to turn fittings (W), (X) clockwise to fix.

Step By Step Assembly Instructions

Step 14 : Insert the assembled drawer into the unit as shown.

Assembly is complete.

TANDEM RUNNER ADJUSTMENT INSTRUCTION

ASSEMBLE

Back hook

Extend the runner all the way out. Put the drawer onto them then hold both the runners with your hands, lift the drawer up with your thumbs and push to hook the drawer at the end of the runner.

Hole / Front metal pin

Hole / plastic peg

Once the back hook is connected gently lower the drawer onto the front metal pin.

Black plastic peg

Lock it by pushing the black plastic peg on the runner in.

TANDEM RUNNER ADJUSTMENT INSTRUCTION

REMOVE

Extend the runner all the way out.
Unlock by pulling the black plastic peg on the runner out.

Hole both runners with both of your hands.
Carefully lift the drawer front up from the front metal pin, then slide forward to remove from back hooks.

VERTICAL ADJUSTMENT (± 2.5 mm)

TIP KIT INSTRUCTIONS

Notice:

Notice: To prevent injury and property damage from unexpected tipping of furniture, we highly recommend installation of the anti-tip kit included with this product.

Attaching furniture to wall with anti-tip kits

1. Determine where the piece is to be placed and mark location on the wall for the mounting bracket screw holes. They should be placed approximately 1" below the top on the back of the piece of furniture.
2. Drill the hole and use the appropriate wall plug that is suitable for your walls composition.

Warning: Before drilling check wall for hidden pipes and cables.

3. Attach the mounting bracket vertically to the wall using appropriate fastener, through the holes in the bracket and 2 wall plugs that are suitable to your wall and then tighten securely.
4. Next using the short screws attach the 2nd bracket to the back of the piece of furniture's top.
5. Lace the nylon strap down through the brackets. Slide the thin end of the strap through the receiving end on the nylon strap. Pull to tighten the piece of furniture snug against wall.

CARE INSTRUCTIONS:

1. Hardware may loosen overtime. Periodically check that all connections are tight and re-tighten as necessary.
2. Wipe with a soft, dry cloth. To protect finish, avoid the use of chemicals and household cleaners.

Care and Maintenance

Wood Furniture

Wood displays different grain patterns depending on which way they are cut - for example, the 'medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood.

Some furniture is also deliberately aged and rustic.

Wood veneers also allow distinctive patterns to be created on some surfaces, such as table tops and drawer fronts by the way slivers are arranged.

All timber and veneer surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your wood furniture

Dust with a clean, damp, lint free cloth. Frequent dusting will remove abrasive build up, which can damage the finish over time.

Do not use a very wet cloth or allow any liquid to contact with the veneers for a long period of time as this can permanently damage the surface. Wipe up spills immediately.

Do not use any abrasive cleaner or harsh detergent as this can damage the surface of the furniture.

Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface when building up over time.

Make sure all surfaces are protected from heat and liquids by mats and coasters.

Ensure that a mat or pad is placed under paper when you are writing on the furniture surface.

Do not place rubber, cork, vinyl or plastic materials on the wood finish as chemicals within may react with the finish if left in contact for an extended period of time.

Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by home heating can cause damage such as warping, cracking or splitting.

Excessive exposure to sunlight can cause fading of your furniture.

Avoid exposing your furniture to any liquids. All liquids should be wiped up immediately with a soft, slightly damp cloth in the direction of the wood grain. If sticky liquid residues do occur, they may be removed with a dilute solution of warm soapy water followed by a clean, damp sponge. The area should then be wiped immediately in the direction of the wood grain with a clean, soft white cloth until completely dry.

Nail polish remover, hairspray, perfume, potpourri & any other products that contains solvents can damage wood upholstery finishes.

Safety Instructions:

Never drag furniture when moving it. Always lift it.

Periodically check all fixings to ensure none have come loose. Re-tighten when necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly assembled. Assembly should be carried out by a competent person.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

Heavy item warning:

It is recommended to seek assistance when moving a heavy object. Take care when lifting to avoid personal injury and (or) damage to the product.

It is recommended that before moving a heavy object to a new location it is completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fitting when doing this.
