Assembly Steps

Overview

This Ottoman has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Ottoman parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Open the Ottoman Storage and you will see legs inside the Ottoman.
Remove the 4 Wooden Legs.

Step 2

Place the Ottoman face down, as shown above.
Install the Leg(B) into the bottom of the Ottoman(A) by placing 1 (ONE) piece of Washer Ring(1) on the threaded stem.
The use of Washer Rings improves tightness and security of legs after assembly.
Tighten by turning the leg clockwise.
Repeat the same step to install the three remaining legs.
Note: The use of Washer Rings are OPTIONAL and is especially useful to help alleviate slight wobbleness. Some Legs may need more than one whilst some legs do not need any.

Step 3

Place the Ottoman right side up and it is ready to be used.
Caution: This Ottoman only be used on a flat, level surface.
