100139-7 • RAIN 56.25"W Linear Pendant

19.25H x 56.25W

This LED pendant captures the beauty of motion suspended in time—artisan-blown glass “rain” drops infused with swirling mist and illuminated from within. Offered in Silver, Gold, or Copper drops, each paired with clear and black droplets and complemented by a hand-applied ombré finish that enhances its luminous depth.
