2. Retirez les piles bouton après usage et déposez-les dans un point de collecte local ou un centre de déchets dangereux.
3. Ne brûlez pas et ne démontez pas les piles, cela pourrait entraîner une explosion ou libérer des substances toxiques.
4. Si la télécommande n'est plus utilisée, déposez-la dans un centre de recyclage agréé pour appareils électroniques, afin de favoriser la réutilisation des ressources.
5. Gardez hors de portée des enfants pour éviter tout risque d'ingestion accidentelle ou de blessure.

If a battery has been ingested, or there is a possibility one might have been ingested, please seek medical attention and inform the medical authorities that you suspect battery ingestion.

It's not always clear when a child has swallowed a button battery, as there are no specific symptoms. However, they might:

- cough, gag, or drool;
- seem to have a stomach bug or virus;
- vomit;
- complain of pain in their stomach, chest, or throat;
- appear tired or sluggish; and
- lose their appetite.

Since the signs aren't obvious, it's important to keep a close eye on loose, used, or spare button batteries in your home, as well as the products that contain them.

NOTE:The battery in the remote control requires you to purchase and install it yourself.
