

JJFT8F-001200US

How to Use

1. First, put the cake blank in the center of the turntable.
2. Adjust the distance between the horizontal spatula and the vertical spatula.
3. Turn on the power and adjust the rotation speed of the turntable (30-200rpm).
4. Apply cream evenly (side: from bottom to top, top: from inside to outside).
5. Adjust the pressing force of the horizontal spatula (When the cream is angular).
6. Remove the horizontal spatula and vertical spatula, and wipe the cake.

Specifications

Color: Green

Material: Steel, Stainless Steel, Aluminium Alloy

Notes

1. Please check the size carefully before ordering.
2. Please note that this product does not include cream and cake blank.
3. Please read the product label carefully and take note of the safety information contained therein.
4. Please allow the slight color difference caused by the shooting light and the 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
