Owner Manual

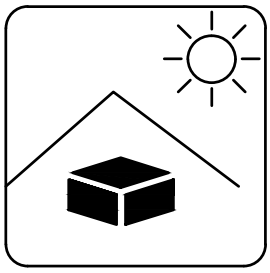

Should be assembled on flat ground
to keep balance.
It needs at least two people to install

Package Contents

Plates and iron components | Assembly tool kit | Instruction manual

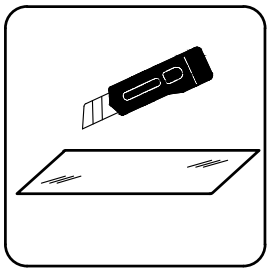

Precautions

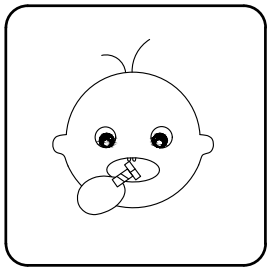

1.Avoid long-term direct sunlight exposure

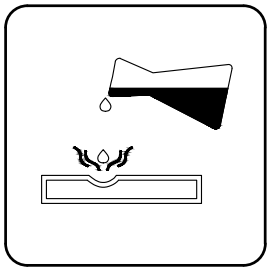

2.Stay away from fire

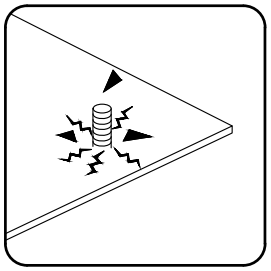

3.Keep away from sharp objects

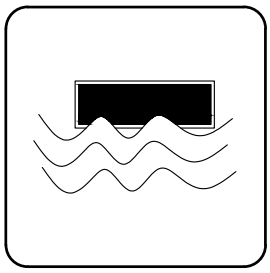

4.Keep infants/children away from assembly parts to avoid choking and suffocation.

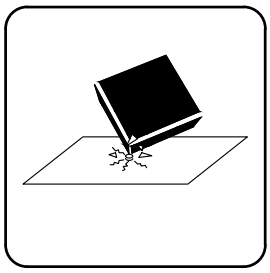

5.Keep away from corrosive substances

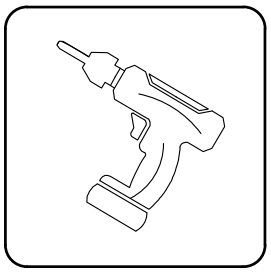

6.Please use the correct screws, otherwise the plate will be damaged.

7.Prevent objects from being damaged by immersion in water

8.Prevent object collision and damage

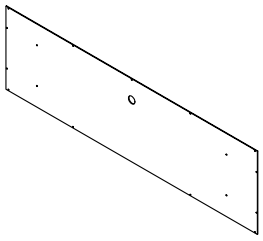

9.It is recommended to use an electric screwdriver for installation. Please be careful not to set the speed too high.

Problems You May Encounter

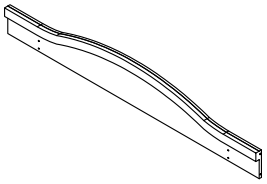

PART	PROBLEM	SOLUTION
Whole Product	Parts are missing, defective or having wrong parts in package.	You can contact us and we will get back to you within 24 hours
	Having issue(s) while reading the instruction or completing the assembly.	Feel free to contact us and we will get back to you within 24 hours.
	Encountering non-human caused damage during usage.	If the product is damaged due to non-human causes, please keep the product and send us photos of it. We will ascertain the cause of the product damage within 48 hours and provide you with a satisfactory solution.
Product Surface	Board Surface is broken, scratched or lack of some screw holes.	Feel free to contact us and we will get back to you within 24 hours.
	The screw holes on the wooden board and other wooden boards are not aligned.	1. Please tighten the screws on the board by 70 %, do not tighten completely. 2. Adjust the wooden board and board. Until the holes are arranged neatly, then tighten all screws
	table top misalignment and unevenness	1. Please tighten the screws connecting two table boards by 70%, do not tighten them completely, so that to facilitate subsequent installation and adjustment. 2. It will be easier to adjust the gaps between the two tabletop panels after the overall installation is completed. So we advice to tighten the screws, after whole installation. 3. If your problem still can ' t be solved , please feel free to contact us .
Metal acce-- ssories	Metal accessories are damaged, rusted, bent, and broken.	Feel free to contact us and we will get back to you within 24 hours.
	unstable after being assembled.	1. Check if the screws are tightened. 2. Read throughout the manual, check if there are any parts installed incorrectly or some parts are missed to be installed. 3. If the problem still can't be solved, please feel free to contact us.
	Encountering non-human caused damage during usage.	If the product is damaged due to non-human causes, please keep the product and send us photos of it. We will ascertain the cause of the product damage within 48 hours and provide you with a satisfactory solution.
