

Installation steps (for ease of installation, please observe the product installation video on Amazon)

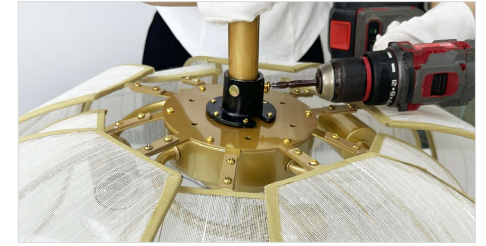

Please check all mounting accessories and contact us if there is any damage. ①

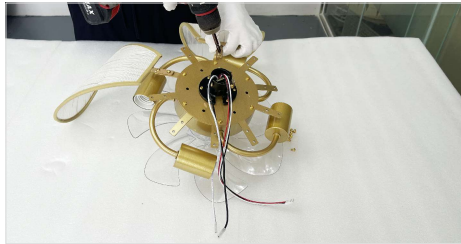

② Remove the screws on the small branch of the main body motor.

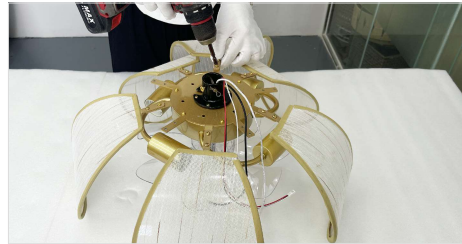

Insert the connecting rod into the black fixture and insert the pin. ⑨

⑩ Tighten the screws on the black fixing.

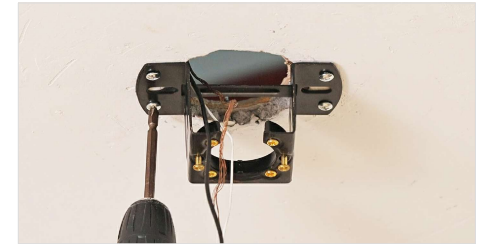

Attach smaller scalloped decorative piece to branches with sloping angles. ③

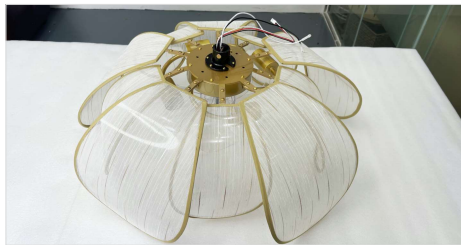

④ Attach larger fan-shaped decorative leaves to straight branches.

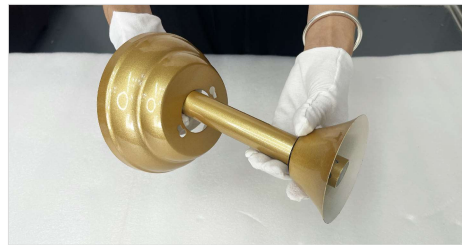

Connect the controller on and the lamp body. ⑪

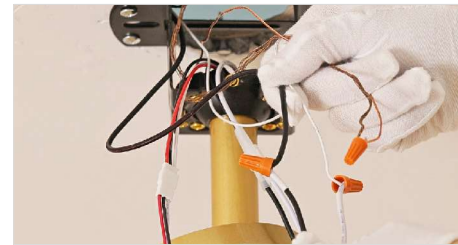

⑫ Fixing ceiling mounted panels to the ceiling.

Assembled into a flower-shaped body. ⑤

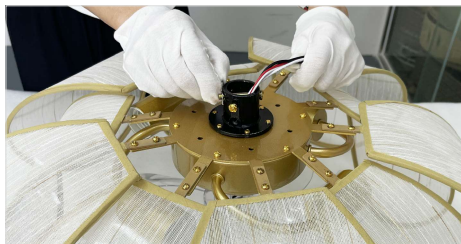

⑥ Thread the large ceiling disk and the trumpet cover into the connecting rods in sequence.

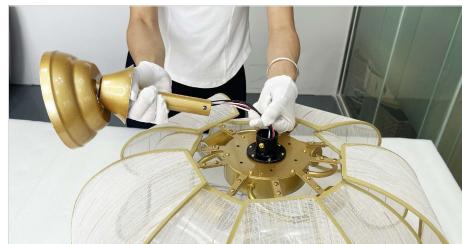

Hang the ceiling fan into the pegboard and connect the wires. ⑬

⑭ Tuck the controller into the pegboard and cover the ceiling plate.

Remove the pins from the black fixture on the main body. ⑦

⑧ Thread the wires through the connecting rod.

Locking Ceiling Plate. ⑮

⑯ Put the bulb on.
