

JUICE EXTRACTOR

CJE1000

OVERVIEW

It's never been easier to juice at home with the die-cast and stainless steel Cuisinart® Juice Extractor. The 3" feed tube easily handles your favorite whole fruits and vegetables and the adjustable flow spout eliminates drips and spills for clean countertops. The 5-speed control dial is easy to operate, letting you juice the softest berries, leafiest kale, or crunchiest apple into the 1-liter pitcher. The unique filter basket reduces foam, and the unit is so quiet, you won't wake the family while you're making fresh, nutritious juice for breakfast!
