

Self-Watering Elevated Planter with Trellis Frame and Greenhouse Cover

Congratulations on purchasing your new Raised Garden Bed.

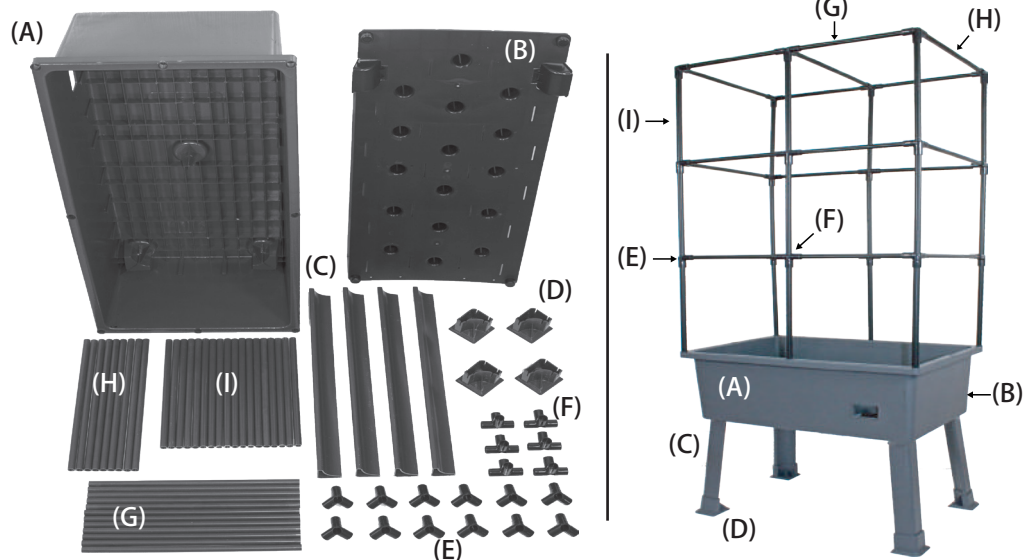

Now you can grow delicious vegetables and beautiful flowers no matter the area you' re working. You no longer need a large back yard or planting plot to grow veggies, flowers and other climbing plants! The Raised Garden Bed is suitable for use in even the most limited space.

The Raised Garden Bed is simple to assemble and self watering, so it couldn' t be easier to grow your own today. Once you have assembled you product, add your soil, plants and fertilizer, before topping up with water.

Happy growing!
