

Installation steps:

1. Secure the mounting bracket to the ceiling with screws.
2. Connect home wires with matching light fixture wires using wire connectors.
3. Cover the canopy on the installation bracket
4. Attach the light fixture onto the mounting bracket with screws.
5. The bottom frame can be adjusted left and right by 350 degrees

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
