

Installation steps:

1. Pass the power cord through the iron pipe, and then fix the iron pipe on the lamp body
2. Buckle the movable buckle into the lifting ring and tighten
3. Fix the hanging plate on the junction box with screws
4. Connect the main wire of the lamp body to the wire reserved on the junction box
- 5-6. Cover the hanging plate with the canopy, then tighten the ball nut
7. Install the light source (light bulbs are not included in the package)
8. Put the glass shade on the lamp head

Notice:

1. Before installation, please check whether the parts are complete and whether the lamps are in good condition.
2. Cut off the power supply before installation, and then perform wiring.
3. Install the lamp body first, and then install the power supply.
4. Installation and maintenance must be carried out by professional and technical personnel.
