

Nami Chair

Assembly Guide

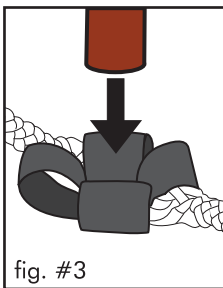

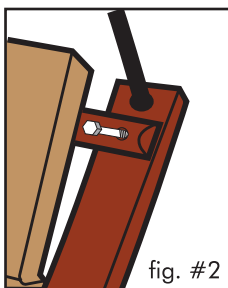

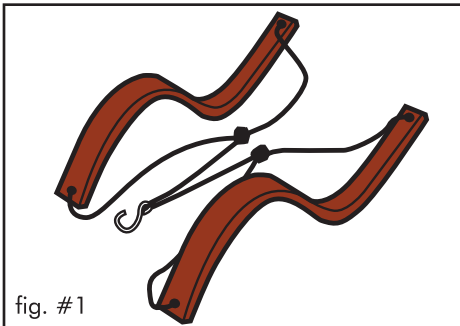

PARTS LIST

- (1) Footrest
- (1) Cupholder
- (2) Bent armrests attached to ropes
- (1) 29" Overhead dowel (rounded with no holes)
- (1) 22" Footrest dowel (rounded with no holes)
- (2) Spreader bars (rounded with holes on each end)
- (1) Hardware package with 4 hex head bolts, 4 washers, 4 nuts, 1 large S-hook, and 1 small S-hook

Make sure all of the above pieces are included prior to hanging your Nami chair. If anything is missing, please contact Hammaka at info@kingspond.com.

Step 1: ASSEMBLING THE NAMI CHAIR (see side 2 for parts reference)

1. Place the two bent arm rests on the ground, side by side and in the same direction. The pre-tied rope knots should be on the underside (facing the ground). Make sure that ropes are not twisted, knotted, or overlapped (see fig.1)
2. Place the cushion piece on the ground between the two arm rests, with the Hammaka Logo on the underside and toward the open end of the armrests (where the ends of the armrests are in the air).
3. Feed the two spreader bars through the top and bottom sleeves on the underside of the cushion. Place the cut-away section of the spreader bars onto the matching section of the curved armrests (on the front side of the armrests).
4. Using the hardware provided, connect the armrests to the spreader bars by placing the hex head bolt through the spreader bar and through the armrest, from front to back (see fig.2). Tighten firmly, using the nut and washer provided, and repeat for all four connection points.

Step 2: HANGING THE NAMI CHAIR

1. Install the overhead dowel (29") by placing each end in one of the two dowel pockets on the bent armrest/ rope assembly. Dowel pocket holders will be snug - please fit dowel in firmly). **CAUTION:** Pulling or putting pressure directly on the dowel under any circumstances could result in injury and/or breaking of the dowels. Please **DO NOT** pull up on any of the dowels.
2. Hang the chair by tying the ropes to the large S-hook. Align the two rope ends and pass through the smaller part of the large S-Hook. Knot the rope as shown in the illustration. Pull knot tightly. Wrap any excess rope around the knot.
3. Install the footrest dowel by placing each end in a dowel pocket on the footrest piece. Adjust the length of the rope to hang just below the front edge of the chair.
4. Hang the cupholder by looping it over the overhead dowel.
5. You can adjust the recline of your chair by using the plastic braking mechanisms on the ropes next to the dowel pockets. To adjust the recline angle, remove the overhead dowel and feed the ropes on each side through the dowel pocket until the desired angle is reached. For your safety, re-adjust the plastic brakes so they fit tightly against the dowel pockets.

Nami Chair

Assembly Guide

CAUTION!

DO NOT JUMP OR BOUNCE IN THE HAMMAKA NAMI CHAIR; DOING SO MAY CAUSE SERIOUS INJURY OR DEATH!

The Hammaka Nami Chair's maximum weight capacity is 350 lbs. Do not exceed maximum weight capacity. Inspect hooks, and hardware before each use for rust or loosening that makes this product unsafe to use. If the functionality of the hardware has been compromised in any way do not use this product as doing so may cause serious injury or death. It may be necessary to tighten the hardware each time before using this product due to hot or cold weather conditions. Inspect the overall condition of this product before each use. Children should not use the Nami Chair without adult supervision. Do not hang your chair more than eighteen inches above the ground. Make sure there are no sharp objects or harmful debris below where you hang your hammock.

WARRANTY AND CARE INSTRUCTIONS

One year warranty

For maximum life of this product Hammaka recommends putting the item indoors when you are located in extreme weather conditions. Check all connections to make sure they are secure each time before and periodically while using the product. Check that the hardware has not rusted. Hammaka recommends using a rust inhibitor available at your local hardware store to prolong the life of the hardware when leaving it outdoors.

Clean with mild soap and warm water, scrubbing when necessary.

Register your warranty online at www.hammaka.com.

Extend the use and life of your Nami Chair by purchasing the All-weather Chair Cover from Hammaka.
