**Product Description:** The chunky pedestal base, combined with the flat-cut rustic white oak veneer that is cracked before the finished is applied to appear seasoned over time, imparts an authentic American character in the Mason End Table. Finish is a timeworn saddle brown color, accented with an aged black.

**Collection Features:** Inspired by the most beautiful examples of American countryside, Hooker Furniture's Hill Country Collection imparts an authentic American character. Hill Country is a collection of bedroom, dining, home office and accent furniture crafted of flat-cut rustic white oak veneer that is cracked before the finish is applied to appear seasoned over time.

**Status:** Active

**Finish:** MULTI: A timeworn saddle brown (BRN) that is paired with an anthracite black with light dusty-wax hang up (BLK) to create a two-tone finish that is as authentic as the countryside from which it emanated. Distressing includes rasping, hand planing, gouging, chopping and worm holes.

**Features:** Timeworn saddle brown finish  
Pedestal base

**Material:** White Oak Veneers and Resin

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-

craftsmanship such as rubbing and padding, our finishes feel as good as

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
