

LED Mirror User Manual

IMPORTANT SAFETY INSTRUCTIONS

1. Please carefully read these instructions before installation and retain for your future reference.
2. Professional electrician is needed for installation.

DANGER: To reduce the risk of electrical shock

1. For safety reasons, please turn off the power before installation.
2. Always disconnect this furnishing from supply main before cleaning or servicing.

WARNING - To reduce the risk of burns, fire, electrical shock or injury to persons

1. We recommend that the surface fuse is withdrawn to prevent accidental switching on while work is in progress.
2. Close supervision is necessary when the mirror light is used by or near children, invalids or disabled.
3. Use mirror light only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
4. Never operate the mirror light if it is wire damaged. If it is not working properly, or if it has been dropped or damaged or dropped into water.
Return the furnishing to a service center for examination or repair.
5. Keep the wire away from heated surfaces.
6. Never drop or insert any object into any opening.
7. This product contains glass parts. Care must be taken when fitting or handling these parts to prevent personal injury or damage to the products.
8. Ensure the mounting surface is dry and strong enough to allow for the safe fitting of this fixture.
9. Ensure that current building regulations are adhered to at all times should an additional electrical supply be required.
10. Care must be taken before drilling fixing holes to avoid any existing wiring or paperwork that may be concealed;
11. For household/residential use only. Do not use outdoors.
12. This luminaire must be mounted or supported independently of an outlet box. Suitable for damp locations.
13. Mounting furnishings at the correct height. (1.5m Max. from the ground)

INSTALLATION WARNING:

- 1) Risk of Electric Shock—Connect this furnishing to a properly grounded outlet only.
- 2) Grounding Instructions: This product must be connected to a grounded metal, permanent wiring system, or an equipment-grounding conductor must be run with the circuit conductors and connected to the equipment-grounding terminal or lead on the product.
- 3) Risk of fire: This product must be installed in accordance with the applicable installation code by a person familiar with construction and operation of the product and the hazards involved.
