ENSAMBLAJE

**Thank you for choosing our product.
Your total satisfaction is our #1 priority.**

Customer service and warranty information

Should you have a problem or need more information concerning the warranty, **do not call to the place of purchase.**
Please call our customer service department for immediate assistance

Please have your assembly instruction manual on hand when you call. Our products are warranted to the original purchaser against defects in material or workmanship in the furniture. Defects as mentioned in this warranty refer to any imperfections which may impair the use of the product. Our warranty is expressly limited to the replacement of furniture parts and components for ten years following the date of purchase. We will replace any part that is defective. This warranty applies under conditions of normal use. Our furniture products are not intended for outdoor use. The warranty does not cover defects caused by improper assembly or disassembly, defects occurring after purchase due to product modifications, intentional damage, accident, misuse, exposure to the elements and labor or assembly costs. We reserve the right to request proof of purchase to document a warranty claim. In no event shall we be liable for incidental or consequent damages resulting from the misuse of the product. This warranty is not transferable and is valid only in Canada and the United States excluding Alaska, Hawaii and Puerto Rico.

**Merci d'avoir choisi les produits.
Vous satisfaire est notre priorité.**

ADJUSTING THE STRUCTURE

AJUSTEMENT DE LA STRUCTURE

AJUSTE DE LA ESTRUCTURA

First loosen the two hex screws that fixed on the transmission rod with spanner S and then put in the lifting legs, finally tighten the hex screws.

Tout d'abord, desserrer les deux vis à tête hexagonale fixées sur la tige de transmission à l'aide de la clé S, puis installer dans les pattes élévatoires, enfin, serrer les vis hexagonales.

En primer lugar, aflojar los dos tornillos hexagonales fijados a la barra de transmisión con una llave S, a continuación, instalar las patas de elevación y, finalmente, apretar los tornillos hexagonales.
