Ancient Greek Torso

1200-0443

Overall: 15.25"h x 9.5"w x 5.875"d

Finish: Aged Beige/Brown

Materials: Composite

Item Weight: 10.5 lb

Made of composite in an aged beige finish with random spritzes of antiquing, the Ancient Greek Torso masquerades as an artifact. The marble-like sculpture has two artisans to thank for its feeling of authenticity: the mold maker, who is central to the work; and the painter, who hand-paints the piece to create the illusion that it was unearthed after being carved ions ago.
