PRODUCT PARAMETERS:

Item Name: Rechargeable Table Lamp
Light Output: 26 LED – CRI 85
Nominal luminous flux: 200lm
Dimensions: 106mm*106mm*360mm Overall Height
Controls: Touch ON/OFF + Stepless Dimmer With Memory
Color Temperature: 3000K
Power: 5V2A USB – 3.3W Max Power Consumption
Battery: 5200mAh (2x2600mAh)
Battery Life: 9-48 Hours Based on Brightness
Recharging time: About 3 Hours

PACKAGE LIST:

- 1 . Lamp x 1
- 2 . Instruction x 1
- 3 . USB Charging Cable x 1

USE OF THE RECHARGEABLE TABLE LAMP

Turning ON and OFF

The lamp is turned on and off with a quick tap on the touch surface of the lamp shade.

Brightness Adjustment:

When the lamp is turned on, hold your finger on the touch surface of the lamp shade until the desired brightness is reached. When turned on again, the lamp returns to the last brightness setting.

Recharging

To recharge the lamp, lift the protective cover under the lamp shade and connect the provided USB-C cable to a standard USB charger. A red light indicates the charging status of the lamp. Charging is complete when the light turns green. Use the supplied cable or a standard USB-C/USB-A cable. Charging does not work with USB-C/USB-C cable.

TIPS AND MAINTENANCE

Fully charge the lamp before using it, use a 5V-2A power supply for charging. When not using the lamp for an extended period of time, it is recommended to perform a full charge and discharge cycle before use. When the silicone cover of the USB connector is closed, then lamp achieves an IP54 rating and is suitable for outdoor use.

Wipe the lamp with a soft cloth. Avoid direct and prolonged exposure to the sun and heat, particularly for dark and special colors.

DISPOSAL AND RECYCLING INFORMATION

The symbol above indicates that, according to local laws and regulations, the product and its battery should be disposed of separately from household waste. When the product reaches the end of its useful life, take it to a collection point specified by local authorities. Lithium-ion batteries contained in the device should be removed only by qualified professionals and should not be disposed of as municipal waste.

WARNING

This product contains rechargeable lithium-ion batteries that can be replaced by after-sales service or independently. Do not open, destroy, or heat to temperatures above 60 °C. Keep the product away from fire. Lithium-ion batteries and products which contain lithium-ion batteries are subject to strict transportation regulations. We decline any responsibility for damage caused by products which are assembled or used in a manner that does not comply with the instructions.
