

Lakeside Mantel Clock 635223

The epitome of sophistication, this striking wooden mantel clock is destined to be an enduring favorite. Boasting a clean, flawless appearance, it evokes a sense of time-honored style. The versatile timepiece fits beautifully into both modern and transitional spaces, while its neutral tone lends it a warm, inviting quality. Perched on the mantel, it commands attention in the most subtle way.

Perfect Form: This mantel clock features an ash-veneered tambour-style piece whose Seaside Gray hue makes a sensible substitute for customary blacks and browns. A crisp white dial is accented by black bar-style hour markers, along with Roman numerals positioned at the 3, 6, 9, and 12 marks. The design is completed with the black minute and hour hands, along with a bezel finished in complementary charcoal gray. A convex glass crystal safeguards the dial.

Practical Details: This clock automatically shuts off between 10:01 pm and 5:59 am for your convenience. During the day, it plays the Westminster chime and counts every hour.

Quartz Movement: Quartz/Westminster, battery-operated movement requires three AA batteries (not included).
