

INSTALLATION GUIDE

MULTI-FUNCTIONAL SECTIONAL

SIZE: 298.5 x 235 x 95.5cm

BEFORE YOU START

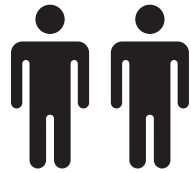

Check Your Boxes: This sofa ships in 4 boxes. They may not arrive at the same time. Please wait until all 4 are received before starting.

Check for Hidden Parts: Important! Some hardware and sofa legs (D-14) are packed inside the zipper compartment under the seat frame.

Check the Size: Verify the sofa frame fits your space BEFORE opening the vacuum-sealed cushions.

Assembly Pro-Tips

- **Hand Tools Priority:** We strongly recommend using Hand Tools for assembly to avoid damaging the frame.
- **Power Tool Caution:** If using a power drill, set it to LOW TORQUE only. High torque can cause screws to strip or parts to crack.
- **The "70% Rule":** To ensure all holes align perfectly, do NOT tighten screws 100% until the entire section is put together. This allows for easier adjustment during assembly.
- **Wait for Expansion:** Vacuum-packed cushions need 48–72 hours to fully expand and for wrinkles to disappear.
- **Protection:** Assemble the sofa on a spacious, clean surface (like a rug or the cardboard box) to prevent scratches.

TWO PERSON ASSEMBLY

ASSEMBLY TIME: APPROX.
30–60 MIN

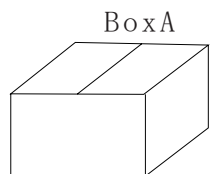

WEIGHT LIMITATION
650LBS

Safety & Care

- **Prohibited Use:** Do NOT stand on the sofa or use any part of it as a step ladder.
- **Choking Hazard:** Keep all small parts, plastic bags, and foam away from children and pets to avoid potential suffocation.
- **Maintenance:** Periodically check and retighten all screws every 3–6 months to ensure structural integrity.
- **Environment:** Keep the sofa away from open flames, direct sunlight, and humid areas to prevent distortion or discoloration.
- **Warranty Warning:** Using the product in a way inconsistent with these instructions may void your warranty.

Seller's Notice:

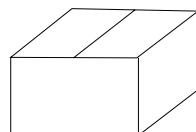

Our product is packed in separate boxes as shown below, and they might be shipped in different batches. Please wait until you received all the boxes then start the assembly. The following is the list of components contained in each box.

Main structure accessories
