CAUTION:

1. The installation requests a professional electrician to operate. Please make sure the installation environment ventilating and dry.
2. Wearing gloves during installation to prevent yourself from scratching by the fixtures. or electric wire. Be sure the power has been turned off before operation.
3. Make sure the fixture is away from corrosive chemicals and air such as acid and alkali. Clean the fixture by wiping it with a dry rag.
4. Do not touch the bulb when the fixture is turned on or look directly at the lit bulb. Keep flammable materials away from the lit bulb.
5. To reduce the risk of fire, electrical shock, and personal injury, always turn off and unplug the fixture and allow it to cool before replacing the light bulb.

STEP-BY-STEP INSTALLATION (Reference assembly drawing)

1. Shut off the power at the circuit breaker and remove the existing fixture, including the crossbar.
2. Carefully unpack your new fixture and lay out all the parts in a clear area, Be careful not to lose any small parts necessary for installation.
3. Secure bracket to the junction box using junction box screw.
4. Connect the wire (N) from the light fixture to the supply wire (N)
Connect the wire (L) from the light fixture to the supply wire (L)
5. After wires are connected, tuck them carefully inside the junction box.
6. Install the chains to the lamp body, and the canopy. (refer to fig 1) Connect the hanging chain to reach the height you want.(refer to Fig 2)
7. Connect the assembly lamp head to the lower end of the lamp body lamp and tighten the nut knob to connect the wire (N) to the assembly lamp head wire (N) and connect the wire (L) from the lamp body lamp to the assembly lamp head wire (L)(Reference assembly drawing)
8. To finish the structure of the lamp body, it need to fix the metal tube on the metal ring with screws.
(refer to Fig 3)
9. Add the **E12** bulbs, and turn on the power, check whether the light fixture works normally or not.
10. Ensure the light fixture work normally, then install the crystal. There are two sizes of the crystals: A/B, we suggest hanging them by using butterfly clips, in the order of AB AB AB to achieve the best visual effect.
(refer to Fig 4)
