STEP 1

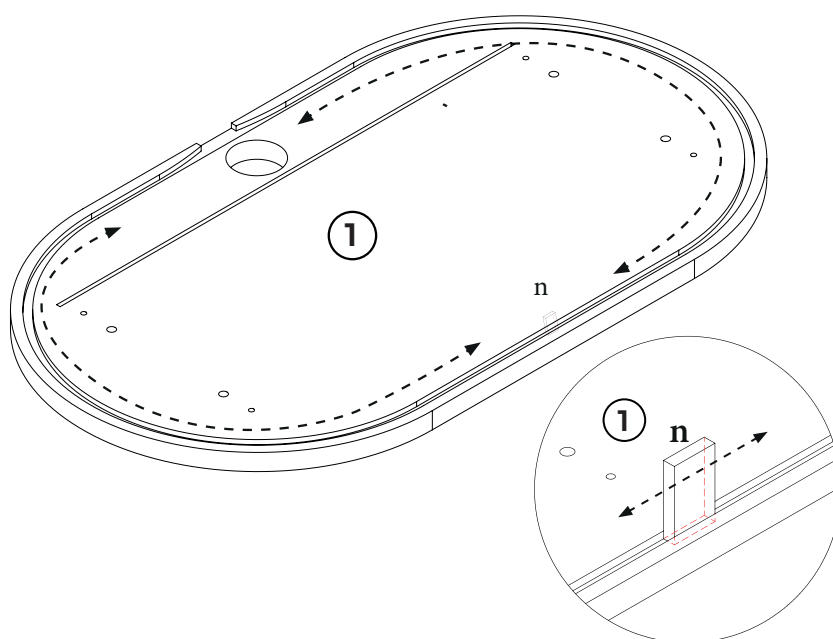

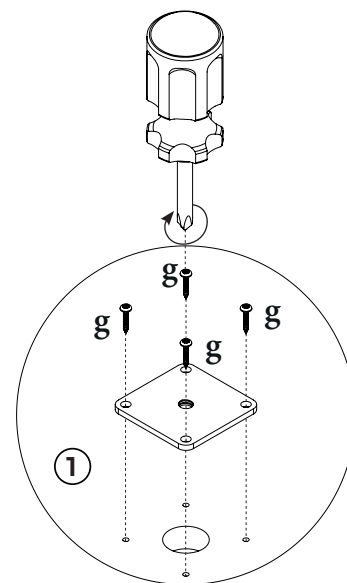

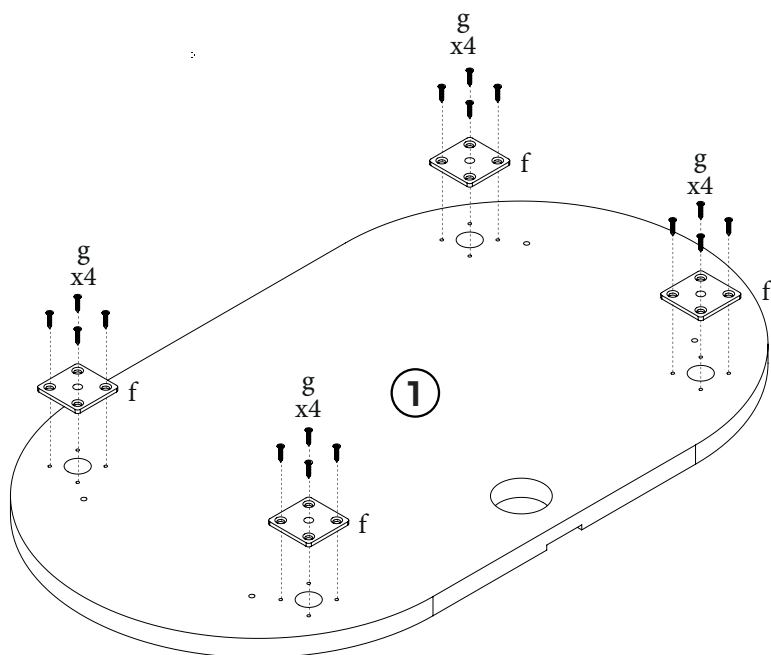

Assemble this product on a flat and soft surface like carpet.

Ensamble este producto sobre una superficie plana y suave como una alfombra.

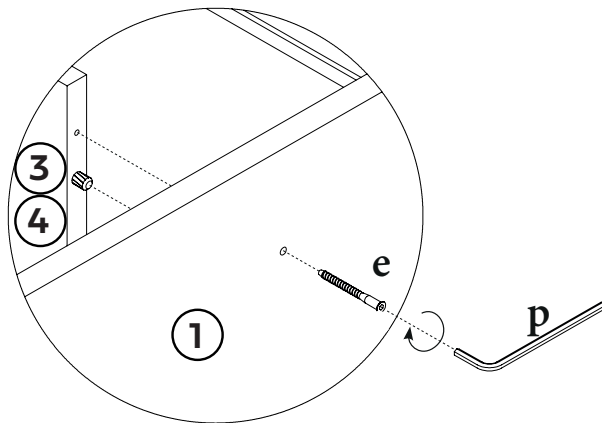

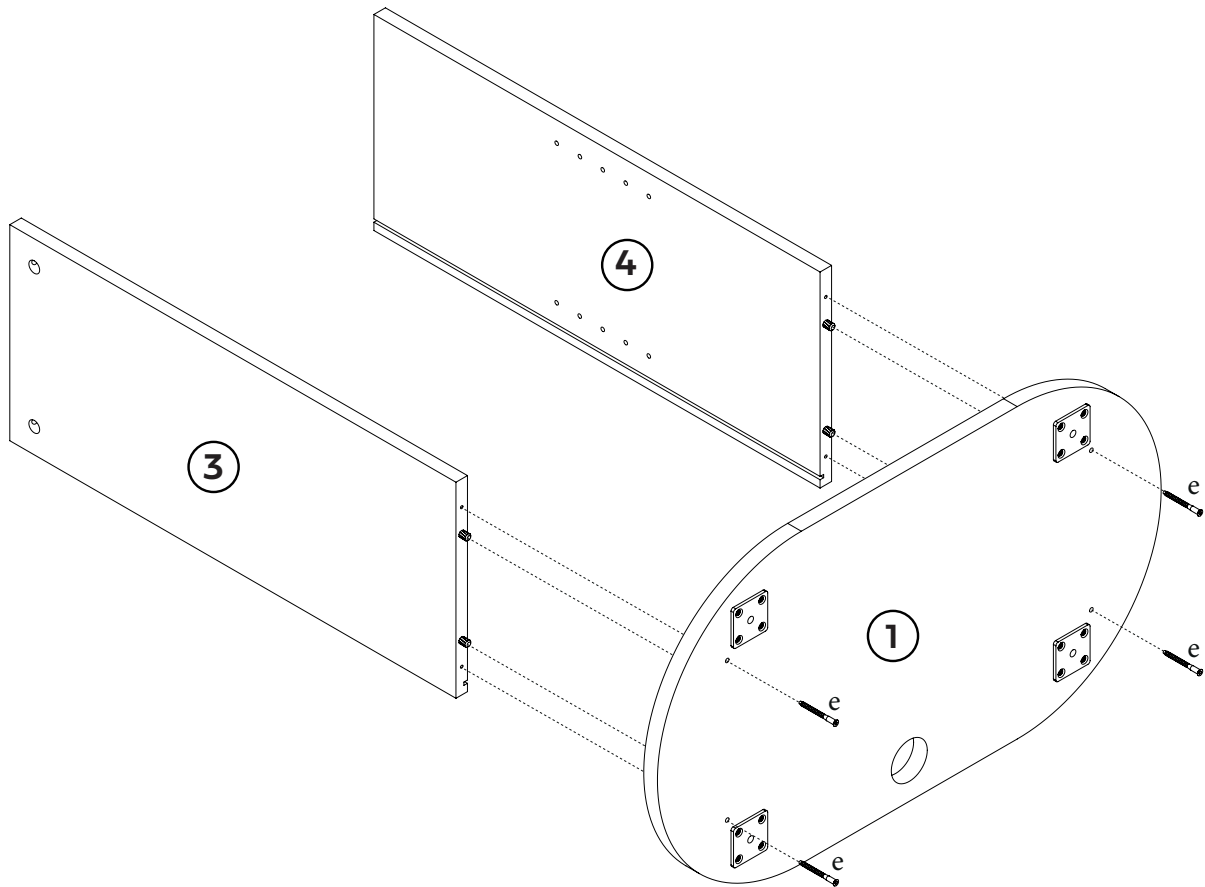

STEP 2

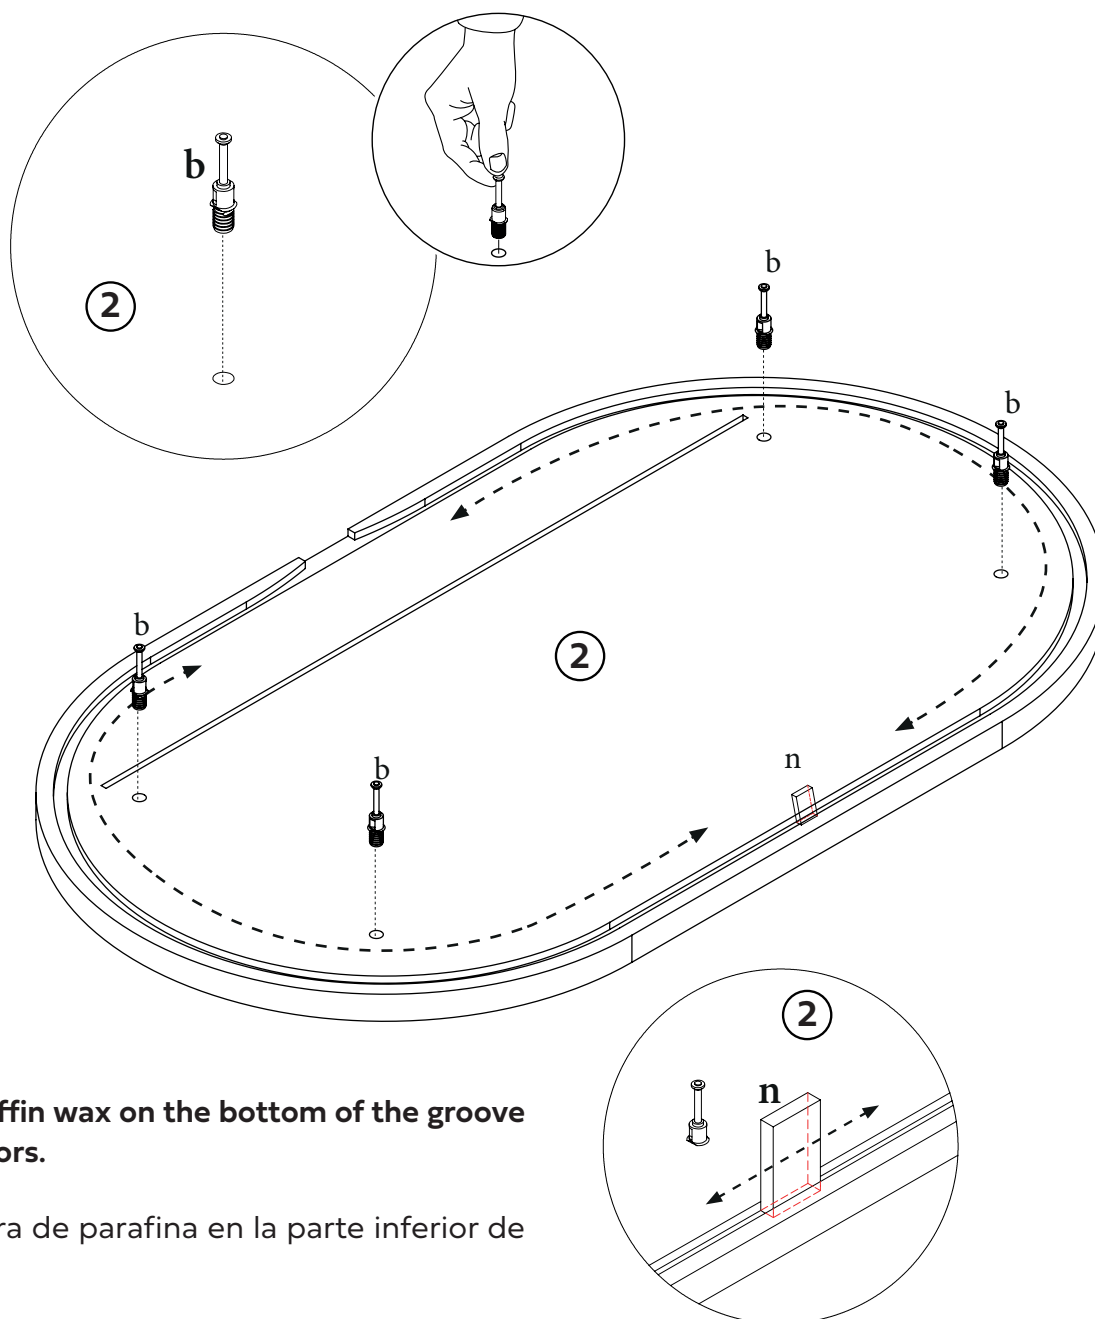

Rub paraffin wax to the grooves at the bottom of the doors. This helps them glide more smoothly.

Frota cera de parafina en las ranuras en la parte inferior de las puertas. Esto ayuda a que se deslicen más suavemente.

STEP 3

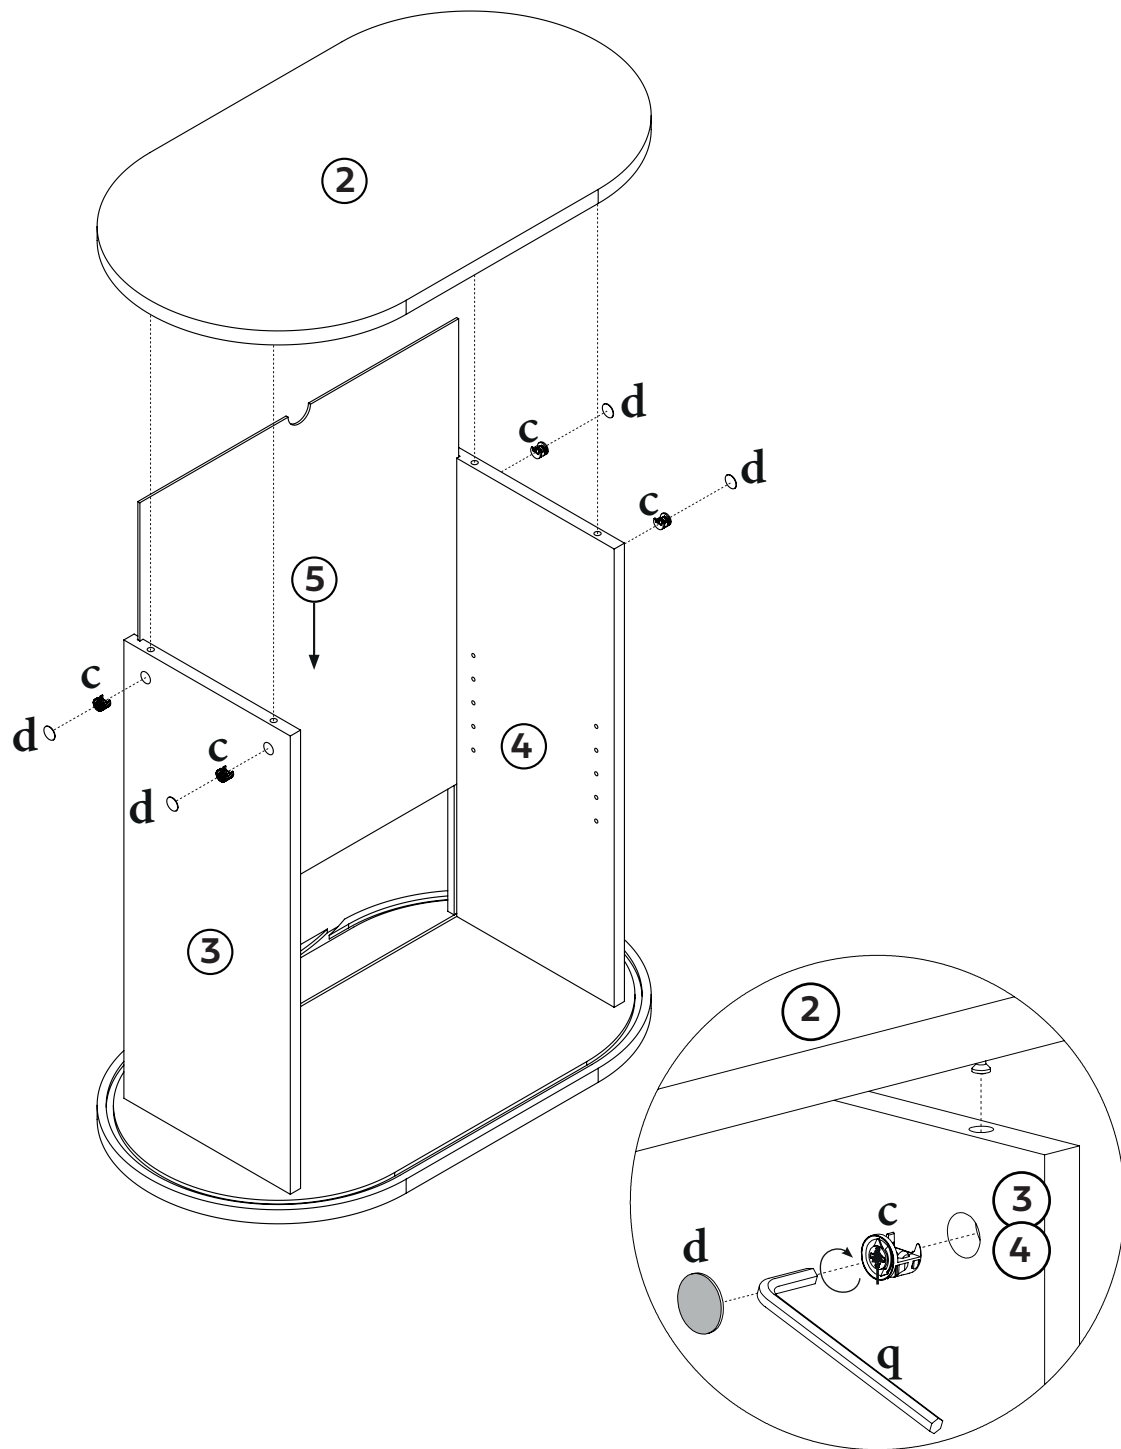

STEP 4

Rub paraffin wax on the bottom of the groove of the doors.

Frotar cera de parafina en la parte inferior de la ranura.

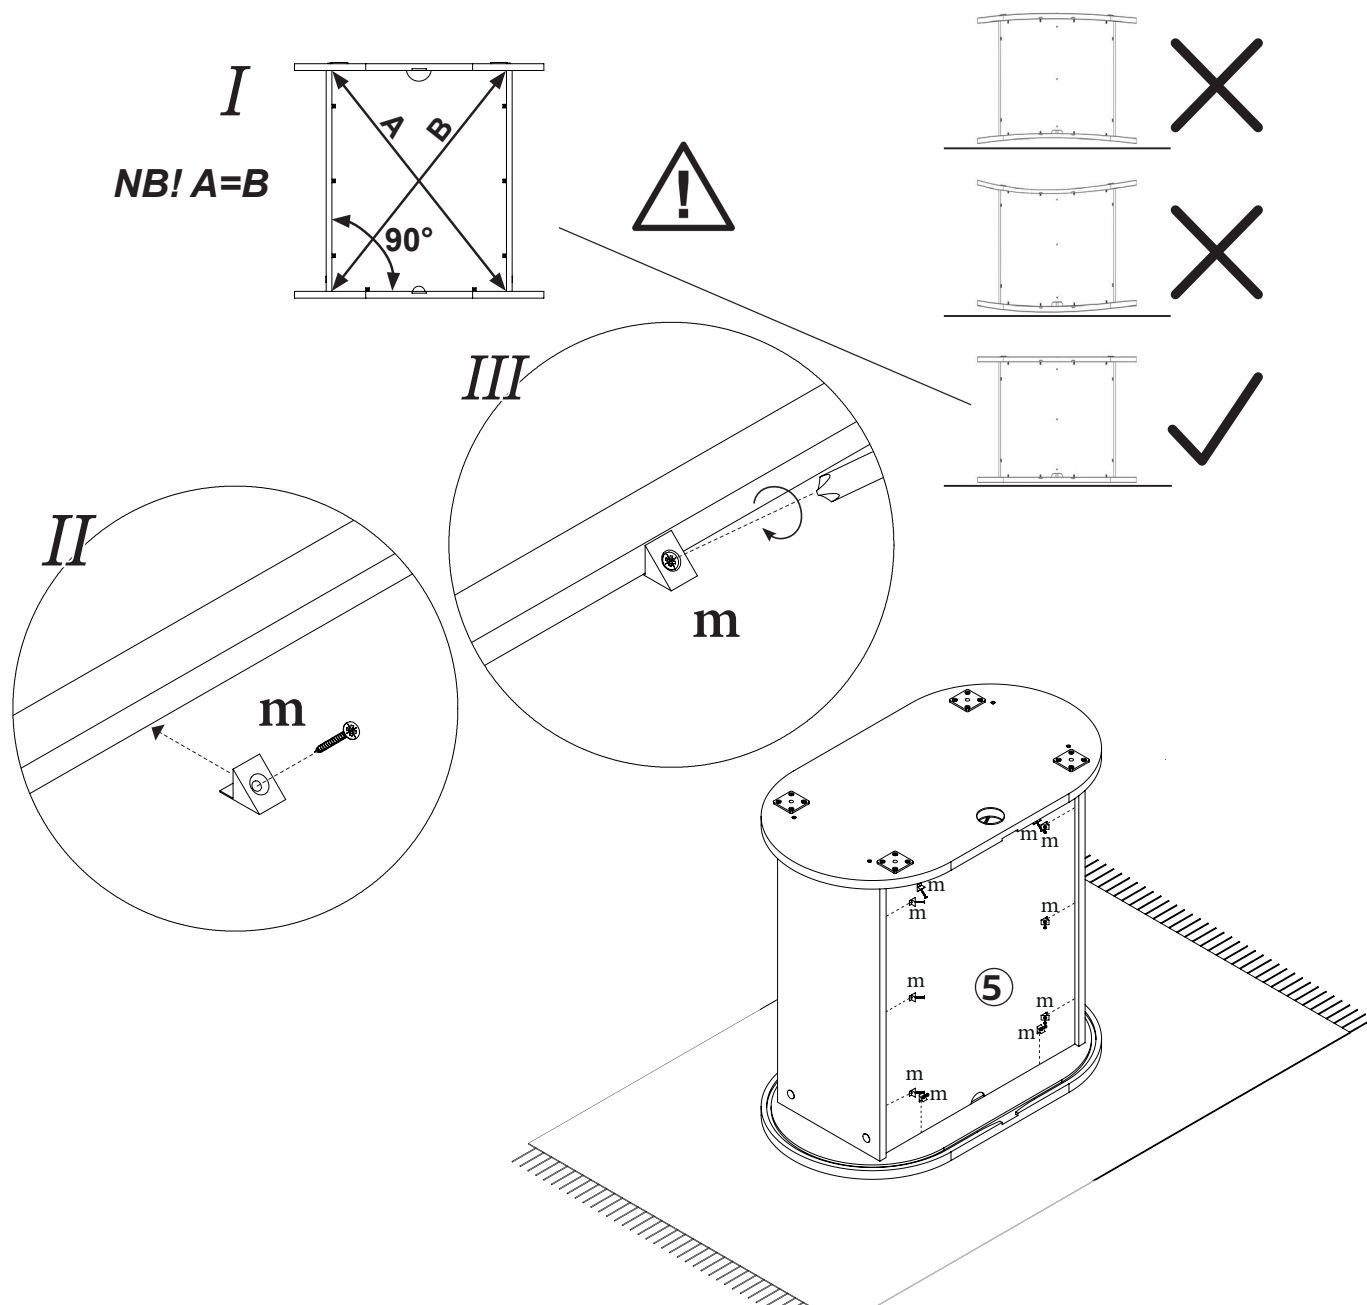

STEP 5

STEP 6

Assemble this product on a flat and soft surface like carpet.

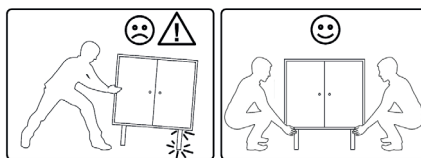

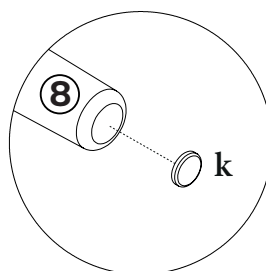

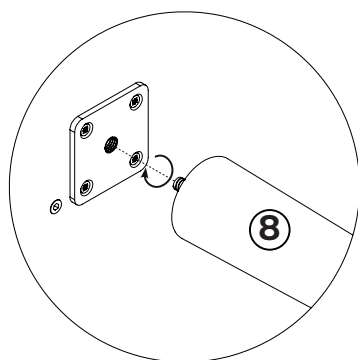

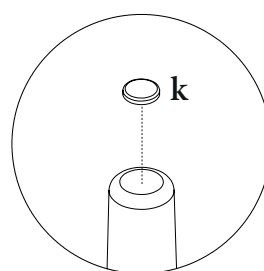

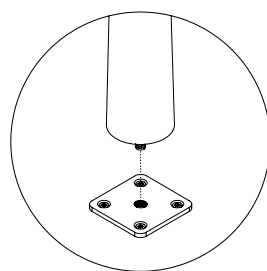

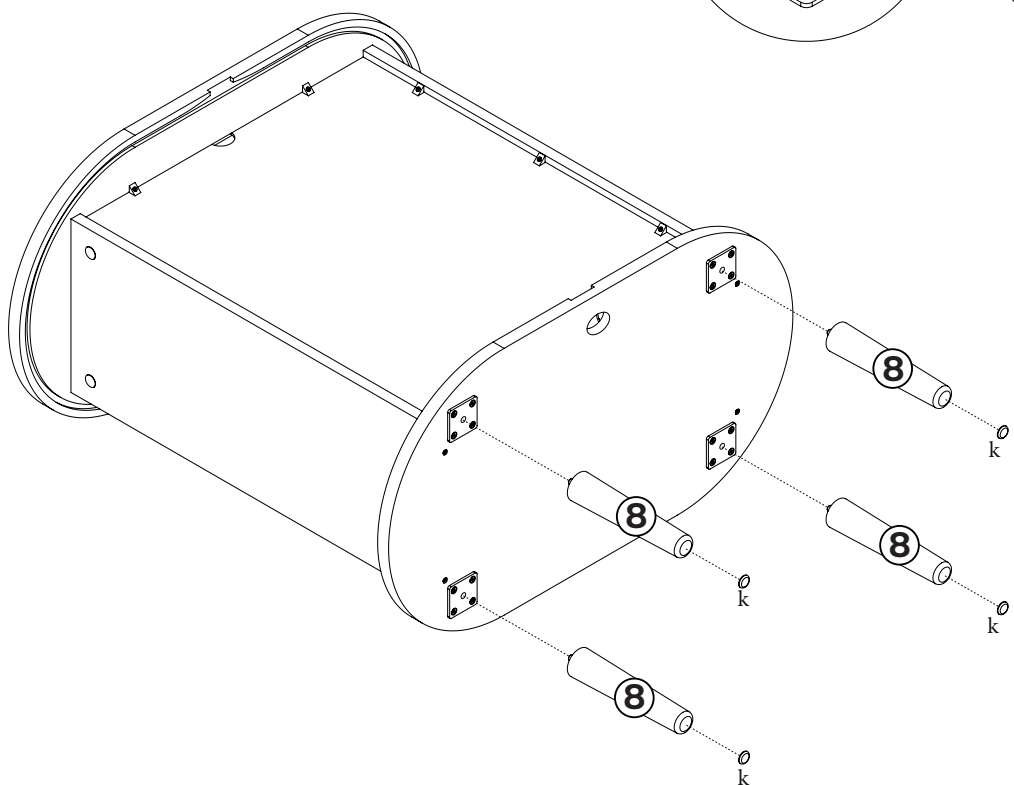

Ensamble este producto sobre una superficie plana y suave como una alfombra.

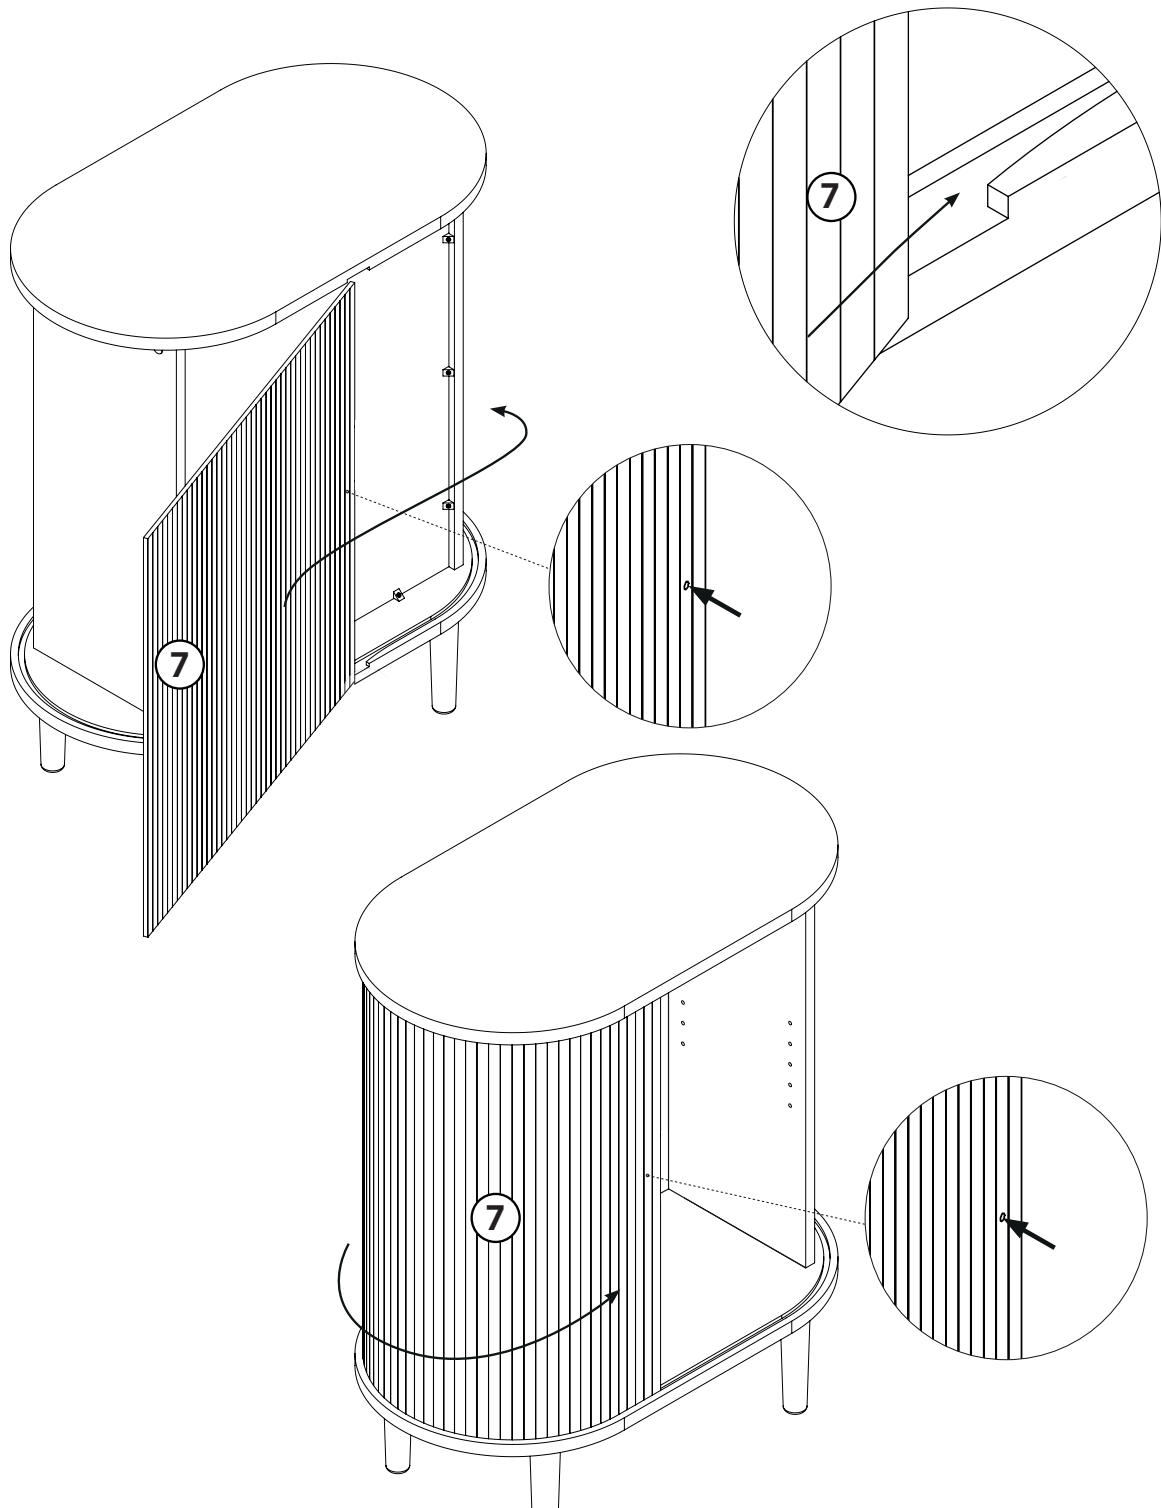

STEP 7

First, mount the legs (8) and then add the furniture pads (k) to protect the floor.

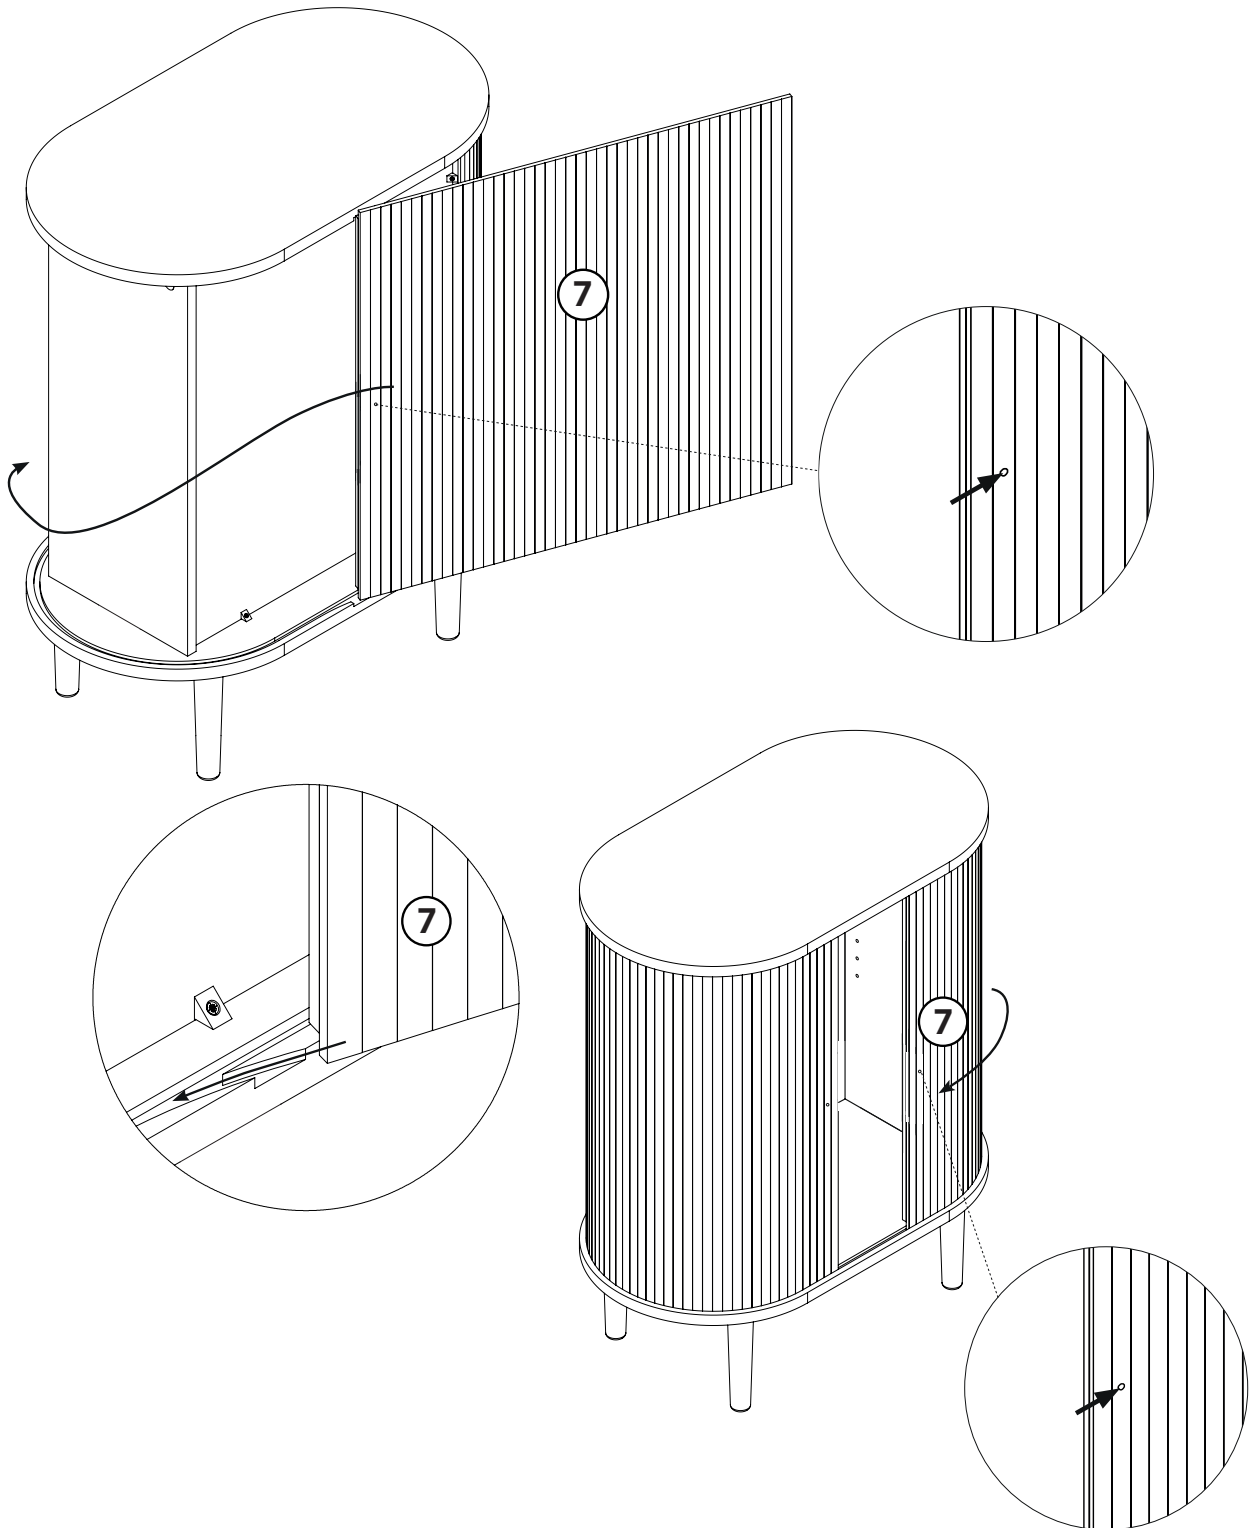

Primero, monte las patas (8) y luego agregue las almohadillas para muebles (k) para proteger el piso.

STEP 8

STEP 9

STEP 10

Please note that doors should be “worked in” before usage and installing the door knobs.

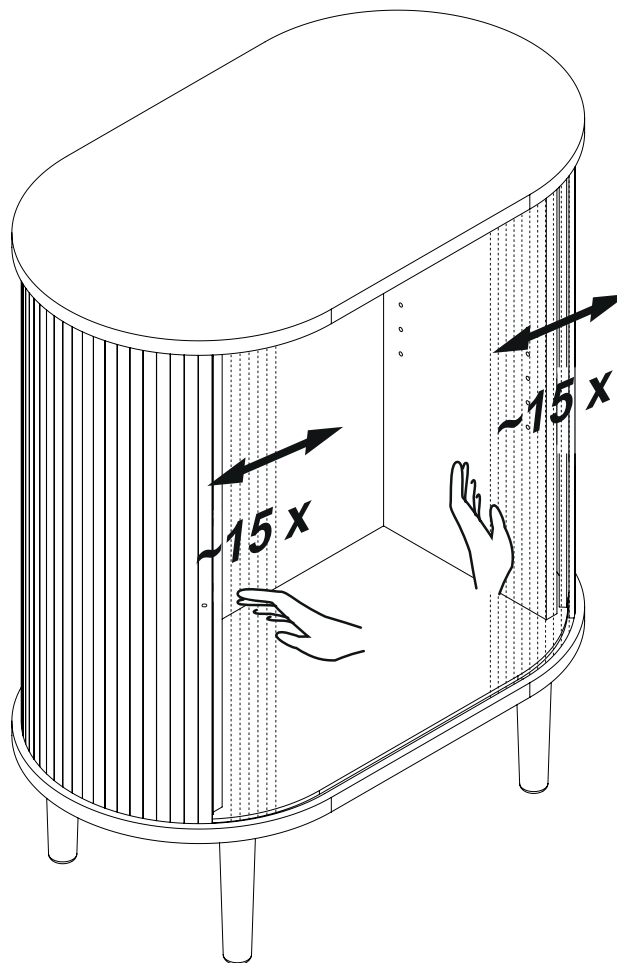

1. Rub paraffin wax or candle wax on the bottom of the groove of the doors.
2. Move doors back and forth at least 15 times until they run smoothly and easily.

Store the wax and repeat rubbing when doors start to move heavily again later.

Las puertas deben trabajarse antes de usar:

1. Frotar cera de vela o cera de parafina en la parte inferior de la ranura
2. Mueva las puertas hacia adelante y hacia atrás 15 veces hasta que se muevan fácilmente.

Guarde la cera y repita el frotamiento cuando las puertas comienzan a moverse fuertemente más tarde nuevamente.

STEP 11

You can choose between 2 knob options according to your style preference:

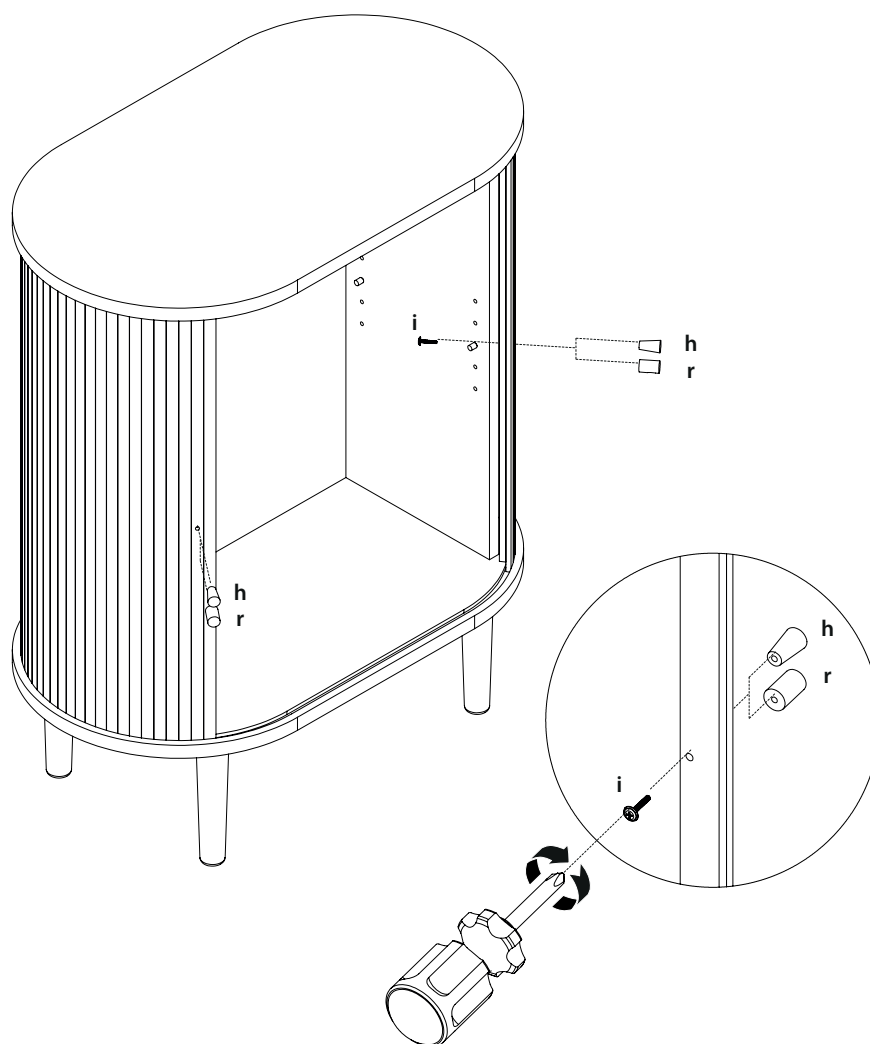

(h) - wooden knob

(r) - messing knob

Puede elegir entre 2 opciones de mando según su preferencia de estilo:

(h) - perilla de madera

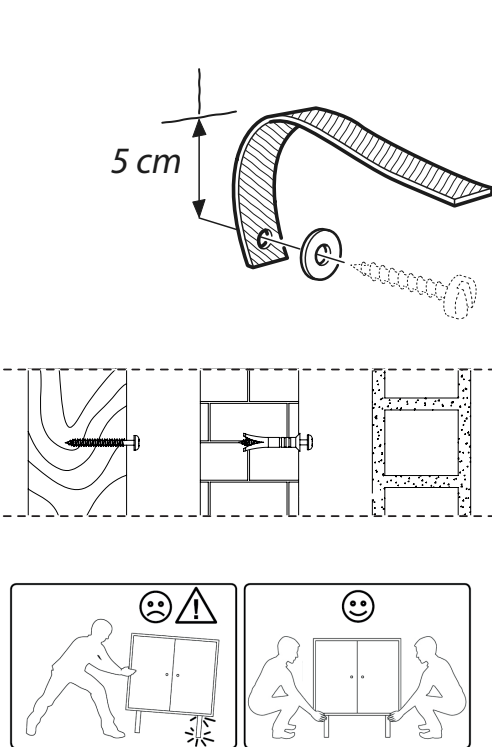

(r) - perilla de ajuste

STEP 12

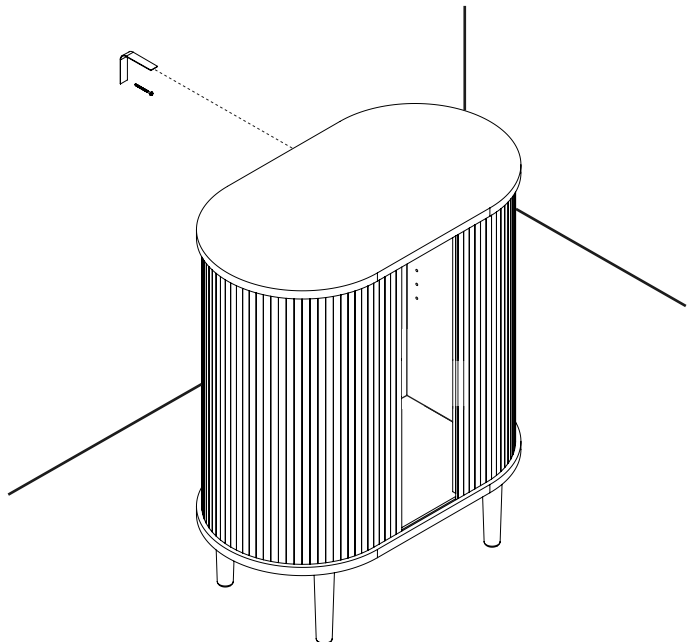

WARNING: Serious or fatal injuries can occur if furniture tips over. To prevent tipping, secure the furniture permanently to the wall. The wall fastening device is included, but the dowel is not, as different wall materials require different types of fasteners. Use appropriate dowel for your wall type. For advice, contact your local hardware store!

Wood: If you are fixing the cabinet to a wood substrate, we advise that chipboard is not used as the screws can easily pull away from the structure.

Brick: Use appropriate wall plugs. Please ensure that your wall is of sound structure. If in doubt, please seek professional advice.

Cavity: Special toggle wall plugs are needed, seek expert advice.

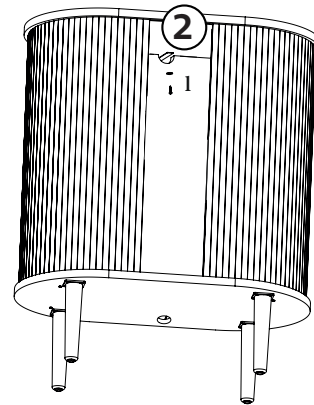

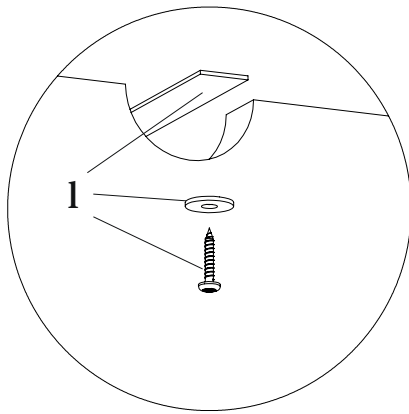

Madera: si está fijando el gabinete a un sustrato de madera, le recomendamos que no use aglomerado ya que los tornillos pueden desprenderse fácilmente de la estructura.

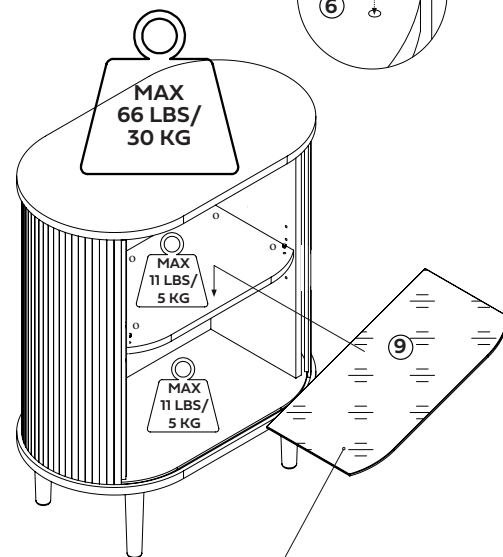

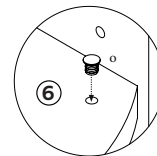

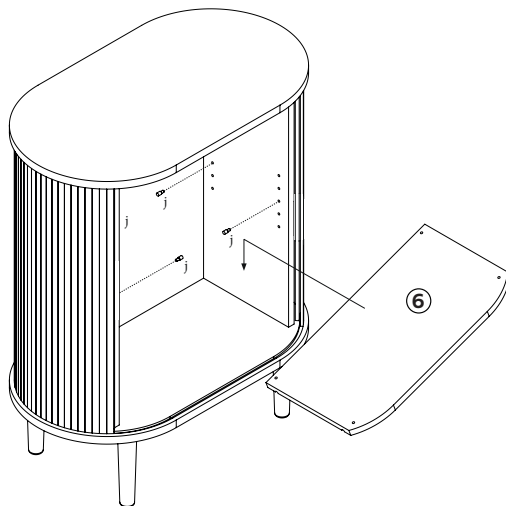

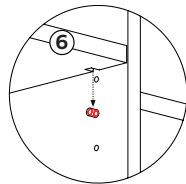

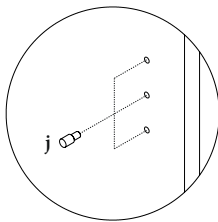

Ladrillo: Utilice tacos de pared adecuados. Asegúrese de que su pared tenga una estructura sólida. En caso de duda, busque asesoramiento profesional.

Cavidad: Se necesitan tacos de pared de palanca especiales, busque el asesoramiento de un experto.

STEP 13

STEP 14

USER GUIDE

1. Always lift the furniture to protect the product and to protect the floors. Never drag the product to move it around at your home.

2. We recommend placing furniture pads under the legs to protect the floors.

3. Heat and direct sunlight influence the characteristics of the wood over time and could cause the change in the tone of the wood, either lighter or darker. Do not place it next to a heating unit or under the direct sunlight.

4. Do not keep or place the furniture to a humid room as humidity causes mold and bending of the wood details.

5. Avoid placing sharp objects on to the furniture as it might damage the surface.

1. Siempre levante los muebles para proteger el producto y los pisos. Nunca arrastre el producto para moverlo por su casa.

2. Recomendamos colocar almohadillas para muebles debajo de las patas para proteger el piso.

3. No lo coloque junto a una unidad de calefacción o bajo la luz solar directa.

4. No guarde ni coloque los muebles en una habitación húmeda, ya que la humedad provoca moho y la flexión de los detalles de madera.

5. Evite colocar objetos afilados sobre los muebles, ya que podría dañar la superficie.

CARE INSTRUCTIONS

1. Keep the furniture clean by dusting it regularly with a dry cotton cloth.

2. In case liquid is spilled to the surface of the furniture, wipe up spilled liquid immediately with a highly absorbent cloth.

3. For stronger stains, use a mild detergent that does not have a caustic or abrasive effect.

4. Avoid using cleaning products that contain chemicals and may damage the finish of the surface.

1. Mantenga los muebles limpios desempolvando regularmente con un paño de algodón seco.

2. En caso de que se derrame líquido sobre la superficie de los muebles, limpie inmediatamente el líquido derramado con un paño muy absorbente.

3. Para manchas más fuertes, use un detergente suave que no tenga un efecto cáustico o abrasivo.

4. Evite el uso de productos de limpieza que contengan químicos y que puedan dañar el acabado de la superficie.

SAFETY INSTRUCTIONS

Please follow these guidelines to ensure your own safety and the safety of others!

1. Respect the weight limits of furniture.

2. Do not pull or lift the furniture.

3. Use furniture for its intended purpose.

4. Do not sit on furniture.

5. Do not stand on furniture.

6. Supervise children and prevent them from climbing on furniture to avoid accidents.

7. Secure furniture to the wall to prevent tipping over, especially in homes with children and pets.

1. Respete los límites de peso del mobiliario.

2. No jale ni levante el mobiliario.

3. Use el mobiliario para el propósito para el que fue diseñado.

4. No se siente en el mobiliario.

5. No se pare sobre el mobiliario.

6. Supervise a los niños y evite que trepen sobre el mobiliario para prevenir accidentes.

7. Fije el mobiliario a la pared para evitar que se vuelque, especialmente en hogares con niños y mascotas.
