Angular Depth 4

D2478S49550-4037

Angular Depth 4 is part of a series of four geometric abstraction prints that recall the work of the great Isamu Noguchi who was a prominent Japanese-American artist, sculptor, and landscape architect.

Angular Depth 4 emphasizes the relationship between positive and negative space using bold sculptural objects that offer a sense of depth. The interplay between light tones and shades of grey delivers a remarkable visual sensation for observers. Defined by Noguchi's experimentation with simultaneously subtle and bold forms, Angular Depth 4 is an engaging work of art on textured paper. Part of the exclusive ART by TA Collection.
